

**2000-2001 Direct Loan Technical Reference
559 H
Tracking Log**

Page(s) Removed	Pages Inserted	Description
Custom Layouts 1-3	Custom Layouts 1-3	Added Message Classes ED09##OP, ED11##OP, ED12##OP, ED13##OP, ED14##OP, and DQBD##OP.
1-6	1-6	Deleted "07 = SAM Batch contains a SAM indicator in header:" from the Valid Field Content column for Field #7.
1-36	1-36	Added "PLUS only" to the Valid Field Content column for Field #114.
1-45	1-45	Added "X = Pending Master Promissory Note at the LOC" to the Valid Field Content column for Field #6.
1-95	1-95	Deleted "Disbursement Activity Q = Blank" from the Valid Field Content column for Field # 16, Disbursement Activity Taken Status. Disbursement Activity "Q" can be accepted or rejected.
1-97	1-97	Added "Used only for disbursement activity = Q" to bottom half of the Valid Field Content column for Field #25.
1-116	1-116	Added "Kentucky" to State Codes.
Custom Edits 2-7 through 2-9	Custom Edits 2-7 through 2-9	Modified Error Message Text for error codes 84, 94, and 98 to "Not in Use" for Loan Origination Reject Codes and modified Error Message Text for error code 13 to "Not in Use" for change record error codes.
2-15	2-15	Modified edit description for error code 95 to "PLUS loans cannot have greater than 4 disbursements." Modified Error Text for error code 98 to "Not in Use."
2-19	2-19	Replaced previous year error code 16 description, "Disbursement sequence number must be sequential and follow in order." Back to the Disbursement Reject Codes. Error Message and Edit Description are the same as 1999/2000 Tech Ref.
2-22	2-22	Modified Error Message Text to "Not in Use" for error code 32.
Custom System Requirements 3-11	Custom System Requirements 3-11	Updated narrative with regard to change processing. Deleted the first sentence in the "Important" note.
3-32	3-32	Added the following text: "SSN, DOB and First Name on LOR and MPN must Match"
3-36	3-36	Updated the second paragraph regarding "Processing PLUS Loan Applications and Promissory Notes."
3-60 to 3-63	3-60 to 3-63	Updated "Step 3" of the Gross Disbursement Calculations and Examples 1, 2, and 3.
Implementation Guide 4-2-2	Implementation Guide 4-2-2	Updated year from 1999 - 2000 to 2000 - 2001 in headers.
4-4-1 to 4-4-3	4-4-1 to 4-4-3	Added information regarding the Plain English Disclosure Stuffer.
4-5-6	4-5-6	Updated entire page regarding the anticipated disbursements coming out of order on change records.
4-6-2	4-6-2	Added the following text: "SSN, DOB and First Name on LOR and MPN must Match".
4-6-3	4-6-3	Deleted reference to re-opening a closed MPN.

Page(s) Removed	Replacement Page(s)	Description
4-6-4	4-6-4	Updated Business Rules for MPN Status to include X= Pending MPN at LOC and changed "N" to "P" for MPN not on file at the LOC.
4-7-1	4-7-1	Updated Message Class reference for ED09##OP to ED14##OP.
4-8-1	4-8-1	Updated third paragraph regarding refunds received at Servicing.
4-9-1 to 4-9-7	4-9-0	Removed entire section on Web Access for Schools. Add page 4-9-0. The Web Access is still under development. Contents and functionality will be included in the 2001 – 2002 Technical Reference.
Combination Layouts 5-5 to 5-8	Combination Layouts 5-5 to 5-8	In the External Import Loan Origination Add File, updated the field descriptions to designate "Stafford only" or "PLUS only" when appropriate. Updated the Valid Field Content column for Field #27, MPN Exists. Updated required field for Field #30, Loan Amount Requested and Field #49, Dependency status to be required for Stafford and PLUS. Page 5-5 and 5-6. Field #51, Created Time and Field #52, User Identifier Create are no longer required fields and these fields can be blank. Page 5-8.
5-11	5-11	In the External Import Change Record, Field #23, Created Time and Field #24, User Identifier Create are no longer required fields and these fields can be blank.
5-17 and 5-18, 5-20 to 5-23, 5-25 to 5-27 5-31	5-17and 5-18, 5-20 to 5-23, 5-25 to 5-27 5-31	Updated the field descriptions of the Loan Origination Import Change Field Numbers to designate "Stafford only" or "PLUS only" when appropriate. Added Change Field Numbers for Loan Period Start Date (S032) and Loan Period End Date (S033) to be used with the External Import Change Record. Page 5-18. Removed "P = PLUS" as a valid loan type for the Change Field Number for Promissory Note Accepted Loan ID/MPN ID (S194). Page 5-31.
5-34 to 5-47	5-34 to 5-47	In the External Export record layout, record type A – Demographic Table fields, removed the "Document Add Date" field. Page 5-34. In the External Export record layout for record type D – Loan Table fields, updated the Valid Field Content column for Field #9, Credit Decision, to include "D = Credit denied, endorser not OK" and "E = Credit overridden, endorser OK. Page 5-38. In the External Export record layout for record type D – Loan Table fields, updated the field length for Field #22, Origination Fee Percentage from 5 to 6 bytes. Page 5-39. In the External Export record layout for record type D – Loan Table fields, added the MPN Status of "X = Pending MPN at the LOC" to the Valid Field Content column for Field # 77, MPN Status. Page 5-45.

Page(s) Removed	Replacement Page(s)	Description
5-34 to 5-47 (continued)	5-34 to 5-47 (continued)	In the External Export record layout for record type M – Actual Disbursement Table fields the following updates occurred. Updated the field length for Field #10, Actual Disbursement Net Adjustment Amount from 5 to 6 bytes. Page 5-46. Updated the field length for Field #11, Actual Disbursement Net Amount from 6 to 5 bytes. Page 5-46. Updated the field length for Field #12, Actual Disbursement Sequence Number from 2 to 4 bytes. Page 5-46. Renamed Field #17 from Loan Detail Batch ID to Booking Batch ID. Page 5-47. Added Field #20, Actual Disbursement Booked Status. Page 5-47.
5-49	5-49	Added Kentucky to State/Country/Jurisdiction Codes.
Combination Edits 6-7	Custom Edits 6-7	Updated the message for edit 1100.
Combination System Requirements 7-3 to 7-6	Combination System Requirements 7-3 to 7-6	Updated “Step 3” of the Gross Disbursement Calculations and Examples 1, 2 and 3.
Appendix A i	Appendix A i	Updated the Appendix A Table of Contents.
A-7 to A-25	A-7 to A-18	Updated the record layout of the Delinquent Borrower Report. This updated cause the rest of the section to shift page number. Therefore, remove pages A-7 to A-25 and replace with change pages A-7 to A-18.
A-26	A-19	Updated the message class for the “Disbursement Activity Not Yet Booked At Servicing” report from ED0901OP to ED1401OP.
Appendix B B-4	Appendix B B-4	Updated the format of the Current SSN to include hyphens with the Social Security Number.
Appendix D D-2	Appendix D D-2	Updated the Sample Master Promissory Note Manifest.

Technical Reference for

Direct Loan

2000-2001

U.S. Department of Education

188 H

Overview

Preface

This technical reference is provided to postsecondary institutions participating in the William D. Ford Federal Direct Loan Program. It contains technical system information that allows you to either:

- Build your own system,
- Use a system provided by another organization (for example, a vendor or third-party servicer), or
- Use EDEExpress (the software package provided by the U.S. Department of Education) in combination with your own system or vendor provided software.

Note: For the use of this technical reference, “Stafford” refers to Subsidized and Unsubsidized loans.

The Direct Loan Technical Reference for 2000-2001 is organized into the following four sections:

Overview

- Preface
- Sources of Assistance
- Overview of Changes from 1999-2000 to 2000-2001
- Loan Origination Options
- System Options
- Items to Consider in Choosing a System Option
- PC Requirements

Custom

- Custom Layouts
- Custom Edits
- Custom System Requirements
- Implementation Guide

Combination

- Combination Layouts
- Combination Edits
- Combination System Requirements

Appendix

- Direct Loan Reports
- Measurement Tools Reports
- Miscellaneous
- Direct Loan Forms

All schools should read the Overview section. It contains important phone numbers to call for assistance as well as information to help you choose how you want to participate electronically in the program.

The Custom/Combination/Appendix sections contain their own respective Table of Contents and a joint Index is provided at the back of the reference.

If you choose to use a custom system, read Custom sections 1, 2, 3, 4, and the Appendix thoroughly. It provides you with essential record layouts, system edits, and system requirements pertinent to building your own system. An Implementation Guide for 2000-2001 is provided in Section 4.

If you choose to use a combination of systems, read the Combination sections 5, 6, 7, and the Appendix thoroughly, as this section provides you with essential record layouts, system edits, and system requirements pertinent to using a combination of systems.

The U.S. Department of Education Direct Loan Operations Staff is available to answer Direct Loan operations and procedure questions from 8:00 a.m. — 5:00 p.m. (ET), Monday through Friday. They can be reached at:

202/708-9951

Questions regarding this technical reference should be directed to CPS Customer Service at:

800/330-5947

Questions regarding the Loan Origination Center (LOC) Implementation Guide should be directed to the LOC at:

800/848-0978

See the following section, Sources of Assistance, for additional help lines.

Sources of Assistance

If you have concerns or questions, listed below are sources of assistance:

Accounting and Financial Management Service (AFMS)
Direct Loan Program Operations **202/205-6466**

Working hours are 7:00 a.m. - 4:30 p.m. (ET)

- Direct Loan Procedures and Operations
- Reconciliation and Cash Management Issues
- Drawdown Issues

CPS Customer Service **800/330-5947**

Telecommunications Device for the Deaf (TDD/TTY) **800/511-5806**

E-mail: cps@ncs.com

SFA Technical Support: <http://www.ed.gov/offices/OSFAP/sfatech/listserv.html>

Fax: 319/358-4260

Working hours are 7:00 a.m. - 7:00 p.m. (CT)

- Custom/Combo/Mainframe Support for Direct Loans
- CPS Batch Status
- Direct Loan Record Layouts
- Direct Loan Technical Reference
- EDE Technical Reference
- FISAP Technical Reference
- Packaging Technical Reference
- EDExpress Software — Application Processing, Packaging, Direct Loan, and Pell Payment
- FISAP Software
- QAP Software
- SSCR-32 Software
- Renewal Application Processing
- Rejected EDE records and batches

Direct Loan Client Account Managers

Region I (CT, MA, ME, NH, RI, VT)	617/565-6911
Region II (NJ, NY, PR, VI)	212/264-8012
Region III (DC, DE, MD, PA, VA, WV)	215/656-5929
Region IV (AL, FL, GA, KY, MS, NC, SC, TN)	404/562-6259
Region V (IL, IN, MI, OH, WI)	312/886-8766
Region VI (AR, LA, NM, OK, TX)	214/880-2405
Region VII (IA, KS, MO, NE)	816/880-4090
Region VIII (CO, MN, MT, ND, SD, UT, WY)	303/844-3677 EXT 121
Region IX (AZ, CA, HI, NV)	415/556-4201
Region X (AK, ID, OR, WA)	206/287-9840

Direct Loan Consolidation

800/557-7392

Web site address: <http://www.ed.gov/Direct Loan/consolid.html>

E-mail: loan_consolidation@mail.ed.gov

Working hours are 7:00 a.m. - 7:00 p.m. (CT)

Direct Loan Origination Center

800/848-0978

E-mail: loan_origination@mail.ed.gov

Fax: 800/557-7396

Working hours are 8:00 a.m. - 8:00 p.m. (ET)

- Direct Loan Batch Status
- Rejected Direct Loan Batches
- Batch Integrity Errors
- Promissory Notes
- Acknowledgements
- Check Sum Errors
- Implementation Guide Questions
- Interface Issues

Direct Loan Policy**202/708-8242**

Working hours are 7:00 a.m. - 4:00 p.m. (ET)

- Policies
- Regulations

Direct Loan Servicing Center**800/848-0979**

(Borrower Referral Only)

Telecommunications Device for the Deaf (TDD/TTY)**800/848-0983**

Working hours are 8:00 a.m. - 8:30 p.m. (ET)

Web site address: <http://www.dlServicer.ed.gov>

Fax: 800/848-0984

School Services**888/877-7658**

Working hours are 8:00 a.m. - 8:30 p.m. (ET)

- Delinquency Issues
- Interface Issues

Direct Loan Operations Staff**202/708-9951**

E-mail: direct_loans@ed.gov

Web site address: <http://www.ed.gov/DirectLoan>

Working hours are 8:00 a.m. - 5:00 p.m. (ET)

- Direct Loan Procedures and Operations

**FAFSA on the Web and FAFSA Express
Customer Service**

800/801-0576

E-mail: FAFSAWeb@ncs.com

FAFSA on the Web site address: <http://www.fafsa.ed.gov>

FAFSA Express Web site address: <http://www.ed.gov/offices/OPE/express.html>

Electronic Access Code Web site address: <http://www.eac.ed.gov>

Working hours are 7:00 a.m. - 10:00 p.m. (CT)

- FAFSA Express Software Assistance
- Application Status
- General Questions on Electronic Filing
- Help Accessing the Web Page

Federal Pell Grant Program

**800/4-P-GRANT or
800/474-7268**

Web site address: <http://www.pellgrantsonline.ed.gov>

Working hours are 8:00 a.m. - 8:00 p.m., Monday through Friday (ET)

ED/Pell Grant Origination Team Fax: 202/708-9700

Customer Service

- Batch Processing Status and Rejected Batches
- Current Authorization Level
- General Inquiries Concerning RFMS
- Information and Data Requests Regarding Award Years Prior to 1999-2000
- Pell Grant Web Page Questions

Web Page

- Authorization Level for 1999-2000, 2000-2001
- Batch Status for 1999-2000, 2000-2001
- Links to Pell Grant Resources

Federal Student Aid Information Center **800/4FED-AID or
800/433-3243**
Telecommunications Device for the Deaf (TDD/TTY) **800/730-8913**

Working hours are 8:00 a.m. - 8:00 p.m. (ET)

- Student Financial Aid Program Questions
- Distribution of Selected Publications
- NSLDS Borrower Tracking Questions
- Application Status
- Duplicate SARs or Address and School Changes

(Student Only)

Fax: 301/565-0613

- FISAP Edit File
- Replacement Year-to-Date File

Note: Telephone numbers are subject to change.

Overview of Changes from 1999-2000 to 2000-2001

Removed:

- EDEExpress Edits:
 - Anticipated Completion Date
 - Altered Note Flag
- Anticipated Completion Date (ACD) from EDEExpress Direct Loan Module and loan origination record.

LOC calculates the ACD. The National Student Loan Data System (NSLDS) picks up this information for a borrower's first booked loan at a specific school. A school must change this date using the Student Status Confirmation Reporting (SSCR) process with NSLDS.
- Promissory Note Print Sequence Number from EDEExpress, loan origination record, and promissory note acknowledgement.
- Altered Note Flag from EDEExpress Direct Loan Module.
- Booked Status and Booking Reject Codes from the Promissory Note Acknowledgement and the Disbursement Acknowledgement.
- Origination Center's Total Net Loan Amount on the Promissory Note Acknowledgement. The Total Net Loan Amount is moved to the new booking disbursement transaction.
- Permanent Address Change Date change field transmit number. Permanent address can continue to be updated but it is not necessary to send the change date to the LOC. EDEExpress continues to capture the permanent address change date.

Added:

- MPN Multi-Year Functionality.
- Option for EDEExpress to print Disclosure Statements for subsidized and unsubsidized loans with 12 or less anticipated disbursements. The LOC always prints disclosures for Stafford loans with anticipated disbursements over 12.
- Disclosure Statement Print Indicator to EDEExpress and the loan origination record. Also, added a new change field transmit number for the Disclosure Statement Print Indicator.
- Preprinted Plain English Disclosure Insert to be mailed with the Disclosure Statement.
- Origination Fee Percentage to the loan origination record. Added new change field transmit number for Origination Fee Percentage.
- Credit Decision Status and Credit Decision Date to EDEExpress. This allows a school to record a credit decision for a PLUS loan that is obtained through the LOC WEB site. This data is not sent to the LOC.

- Functionality to accommodate up to 20 anticipated and actual disbursements for Stafford loans. Includes new change field transmit numbers for anticipated disbursement date and gross amount for disbursement number five through 20.
- Booking Notification Process (new Disbursement Activity types “L” and “M”; new batch type #B) to provide disbursement and adjustment booked date and the LOC’s Total Net Booked Loan Amount. A field on the disbursement acknowledgement will provide disbursement and adjustment booked date.
- Servicing Refund Process (new Disbursement Activity type “P”; new batch type SP) to notify schools that servicing received a refund from a borrower on a current year loan.
- New field to identify loan origination records for schools participating in Access America.
- New report “Disbursement Activity not yet Booked at Servicing” to identify disbursements booked by the LOC but not yet booked by Servicing.

Modified:

- Master Promissory Note Status on the loan origination acknowledgement.
- Loan Amount Requested on the Promissory Note Acknowledgement to be blank for Stafford loans and populated for PLUS loans.
- Reports to display up to 20 anticipated and actual disbursements for Stafford loans.
- Newly generated Master Promissory Note IDs to contain an “M” instead of an “S” or “U.”
- Record length of the loan origination record to accommodate 20 anticipated disbursements.
- Actual Disbursement Number 1 must be processed first and must include the earliest disbursement date. Subsequent actual disbursements can be processed out of disbursement number order and out of date order. For more information, see Section 4.
- Disbursement Percentage fields on the loan origination record to include blank as valid field content.

Renamed:

- Experimental school field in EDExpress to “Special School.” Indicates both types of schools (experimental or school with low cohort default rate) are allowed to create a loan with only one disbursement.

Loan Origination Options

The following loan origination options are available to your institution under the Direct Loan Program:

- Option 1 (Level 2): Option 1 schools are responsible for all the functions associated with the Direct Loan Program except for requesting drawdowns. The Loan Origination Center performs the drawdown requests. Specific borrowers are identified for each drawdown request on the Anticipated Disbursement Listing. The Actual Disbursement Roster displays the amounts a school credits to a borrower's account.
- Option 2 (Level 1): Option 2 schools are responsible for performing all functions associated with the Direct Loan Program.
- Standard Origination: Standard Origination schools are responsible for performing all functions associated with the Direct Loan Program except for requesting drawdowns (see Option 1) and printing the Stafford promissory notes. The LOC prints promissory notes and forwards the notes to the borrowers. The borrowers return promissory notes directly to the LOC.

System Options

The U.S. Department of Education gives you maximum flexibility in fashioning a system solution that best meets your institution's needs and loan origination option. There are three system options:

1. Custom System

You have the option of developing a system to support all the necessary tasks required to participate in the William D. Ford Federal Direct Loan program, purchasing a software package from a third-party servicer, or contracting a third-party servicer.

2. Combination EDEExpress/Custom System

You can choose to use a portion of the functions provided by EDEExpress in conjunction with external systems or software from another vendor. EDEExpress allows you to import data captured in other on-campus systems (for example, a financial aid packaging system). Also, it enables you to export data from the EDEExpress database needed by other on-campus systems (such as the institution's business office).

3. EDEExpress

EDEExpress is a comprehensive financial aid management system provided at no cost by the U.S. Department of Education. It is a student-based system that allows you to perform functions, such as processing Federal application data, including loading and printing Institutional Student Information Records (ISIRs) received electronically from the Central Processing System (CPS). It also computes student award packages; maintains funds; tracks file documents; generates reports; establishes loan origination records; prints promissory notes; manages disbursement data; reconciles funds; and reports Pell Grant payment data. EDEExpress supports all the necessary tasks required to participate in the William D. Ford Federal Direct Loan Program.

The following section addresses questions that may help you decide which system design option is best for your institution.

A video, entitled *Implementing a Custom Direct Loan Processing System*, is also available. This video discusses the implementation of the Direct Loan program in a custom or combination system environment. You may request a copy of this video by calling 800/4-FED-AID (800/433-3243).

Items to Consider in Choosing a System Option

Loan Level Volume	How large is the loan volume at your institution?
Available Resources	How much of the following resources are available for the Direct Loan system: staff, data processing resources, equipment, and money?
Existing Systems	What existing systems are in place and how easy is it to integrate the Direct Loan system?
Time Constraints	Is there enough time available for a Direct Loan system to be developed?
Campus Communications	Are there existing means of communication between offices involved in the Direct Loan system? These offices could include financial aid, registrar, and bursars.
Video	<i>Implementing a Custom Direct Loan Processing System.</i> This video examines the options available for implementing the Direct Loan Program. This video is available by calling the Direct Loan Operations Staff or 800/4-FED-AID (800/433-3243).

If you participate in the Electronic Access of Information with EDEExpress, the Department of Education provides personal computer (PC) software designed to manage financial aid processing, including the Direct Loan Program. Modules in EDEExpress include Application Processing, Packaging, Direct Loan, and Pell Payments. The remainder of this section describes the hardware and interface requirements of the Combination EDEExpress Custom System option.

PC Requirements

For the highest efficiency and processing speeds, the recommended configuration should be followed. If you are planning an equipment purchase to participate in the Direct Loan Program, the following list describes the minimum required configuration:

Processor	IBM-compatible PC with a Pentium 200 MHz or comparable 64MB RAM 4.0 GB SCSI Hard Drive 56K Analog Modem 3.5"/1.44MB Diskette Drive SVGA Monitor Windows 95 Keyboard Laser printer capable of printing on standard paper (8 ½" x 11") 12x CD-ROM Drive with sound board* *Required if institutions want to use the EDEExpress tutorial.
Microsoft Windows	Windows95 or Windows NT 4.0 or above
Available hard disk space	4.0 GB SCSI
RAM	64 MB
Printer	Laser printer capable of printing on standard paper (8.5 x 11)
Modem	56K Analog
Mouse Driver	Microsoft-compatible
Tape Back-up Unit	Capacity should equal the size of the stored data.
CD-ROM	12x Drive with Sound Board
Floppy Disk Drive	3.5" high-density/1.44 MB
Monitor and Video Card	800 X 600 Super VGA

Note: A backup of EDEExpress should be performed on a regular basis. Make sure your backup can be restored.

If you are running EDEExpress on a local area network (LAN), refer to the EDEExpress Installation Guide for LAN Hardware and Software recommendations.

Interface Requirements

EDEExpress interfaces with other ED-provided software modules and systems resident on the same PC, with other systems at the institution, and via the Student Aid Internet Gateway (SAIG).

Interface with other ED-provided Software Systems on PC

EDEExpress includes modules for Application Processing, Packaging, Direct Loan, and Pell. You can import ISIRs from the Application Processing module to create loan origination records. However, each record requires manual entry (or import change) of the loan amount approved and other components required to originate the loan BEFORE the record can be originated. Alternatively, you can import packaged student records from the Packaging module of EDEExpress to create loan origination records. EDEExpress uses the award amounts calculated in the Packaging module to establish the loan records in the Direct Loan module.

The Student Aid Internet Gateway (SAIG) communications software, EDconnect, can coexist on the same PC with EDEExpress. EDconnect is a windows software package that Direct Loan participants use to transmit data across the network to the Direct Loan systems. EDconnect is compatible with the LAN; however, care should be taken when using EDconnect in a LAN environment because of its lack of file and record locking capabilities.

Interface with other Software Systems on Campus

Your other institutional computer systems, used for registration or accounting, are potential providers of data to the EDEExpress Direct Loan Software. EDEExpress is designed to import data captured in these other systems that has been reformatted according to specifications provided in this technical reference.

Likewise, data in EDEExpress is of potential use to other on-campus systems. Therefore, the system provides you with the ability to export data. File formats for the export files are provided so your institutional systems can be modified.

Custom Schools

Table of Contents

Custom Layouts	1-1
Summary of Direct Loan Message Classes	1-2
Tracking Batches	1-4
Record Layouts.....	1-5
Header	1-5
Trailer.....	1-8
Loan Origination	1-10
Full Loan (Stafford/PLUS) Origination (Export to Loan Origination Center), (DESF01IN/DEPF01IN) Batch Type #D or PF.....	1-10
Full Loan (Stafford/PLUS) Origination Acknowledgment (Import from Loan Origination Center), (DISF01OP/DIPF01OP) Batch Type #D or PF	1-44
PLUS Credit Decision Acknowledgment (Import from Loan Origination Center), (DIPC01OP) Batch Type #C.....	1-47
Loan Origination Change	1-48
Loan Origination Change (Export to Loan Origination Center), (DESC01IN) , Loan Origination Change Acknowledgment (Import from Loan Origination Center), (DIOC01OP) Batch Type #E	1-48

 Schools4-9-7

Custom Layouts

The following section covers the custom record layouts used for sending and receiving direct loan data to and from the Loan Origination Center (LOC). The layouts have been designed to help the user know what is required in each file.

Please note the increased file lengths for the following files:

- Full Loan (Stafford/PLUS) Origination Record
- Stafford/PLUS Promissory Note Acknowledgment

Also, in the Full Loan Origination record layout the term “**Special Schools**” is used to indicate Experimental Schools and schools with a low cohort default rate.

Summary of Direct Loan Message Classes

Batch Type	Message Class	Data Description	Data Sent or Received by User	00/01 Record Length	User ID for LOC
PF	DEPF##IN	Export PLUS Full Origination Records	Sent	897	TG50005
#L	DERC##IN	Export Loan Detail	Sent	220	TG50005
#E	DESC##IN	Export LOC Changes	Sent	394	TG50005
#H	DESD##IN	Export LOC Disbursement	Sent	152	TG50005
#D	DESF##IN	Export Stafford Full	Sent	897	TG50005
#R	DIAA##OP	Import Anticipated Disbursement Listing	Received	80	TG50005
#Q	DIAO##OP	Import Actual Disbursement Roster	Received	80	TG50005
#E	DIOC##OP	Import Origination Change	Received	394	TG50005
#H	DIOD##OP	Import Disbursement Acknowledgement	Received	152	TG50005
#A	DIPA##OP	Import PN Acknowledgment	Received	189	TG50005
#D or PF	DIPA##OP	Import PN Acknowledgment Standard Origination (Level 3)	Received	189	TG50005
#C	DIPC##OP	Import PLUS Credit Decision	Received	80	TG50005
PF	DIPF##OP	Import PLUS Full Origination	Received	95	TG50005

SP	DIOD##OP	Import Servicer Refund	Received	152	TG50005

Notes: All message classes are referenced from the user perspective.
= Year Indicator; 01 is used for 2000–2001 data; for example, DESF for 2000–2001. In the table above look for DESF##IN.

IN = Input to the SAIG (Student Aid Internet Gateway).
OP = Output from the SAIG.

Summary of Direct Loan Message Classes (Continued)

Batch Type	Message Class	Data Description	Data Sent or Received by User	00/01 Record Length	User ID for LOC
	ED01##OP	Loan Detail Exception Report for Booked Loans (Optional)	Received		TG50005
	ED02##OP	Loan Detail Exception Report for Unbooked Loans (Optional)	Received		TG50005
	ED03##OP	Duplicate Student Borrower Report	Received		TG50005
	ED04##OP	Delinquent Borrower Report	Received		TG58647 Servicing
	ED06##OP	Inactive Loans Report (Optional)	Received		TG50005
	ED07##OP	Name, SSN, and/or Birth date Changes report	Received		TG50005
	ED08##OP	Pending SSN changes over 45 Days report	Received		TG50005
	ED09##OP	732 Detail Report	Received		TG50005
	ED11##OP	732 Summary Report	Received		TG50005
	ED12##OP	732 Monthly Detail Report	Received		TG50005
	ED13##OP	732 Monthly Summary Report	Received		TG50005
	ED0914##OP	Disbursement Activity not yet Booked at Servicing	Received		TG50005
	DQBD##OP	Direct Loan Delinquency File	Received		TG58647 Servicing

Notes: All message classes are referenced from the user perspective.
 ## = Year Indicator; 01 is used for 2000–2001 data; for example, DESF##IN. In the table above look for DESF##IN.

IN = Input to the SAIG.
 OP = Output from the SAIG.

Tracking Batches

Schools should track Batch IDs on their systems. It is helpful to store the Batch ID at a record level and at a batch level for each submission.

All Batch IDs through the Direct Loan System have the same format and are 23-characters long. The first two characters are the batch identifier, which represents the type of batch. The next character is a 1-digit cycle year. The next six characters are the school code. The next eight characters are the date the batch was created, followed by a 6-digit batch creation time. Listed below are all the batch identifiers.

Batch Identifier	Type of Batch
#D	Export: Origination LOC Full Stafford
#E	Export: Origination LOC Change
#H	Export: Origination LOC Disbursement
#L	Export: Optional Loan Detail Exception
PF	Export: Origination LOC Full PLUS
#A	Import: Acknowledgments - Promissory Note Confirmation
#B	Import: Booking Notification
#C	Import: PLUS Credit Decision
#D	Import: Acknowledgments - Full Summary Stafford Origination
#E	Import: Acknowledgments - Change Origination
#H	Import: Acknowledgments - Disbursement Origination
#Q	Import: Actual Disbursement Roster
#R	Import: Anticipated Disbursement Listing
#W	Import: 30-Day Warning Report
AS	Import: Direct Loan School Account Statement
PF	Import: Full Summary PLUS Origination
SP	Import: Servicing Refund
SV	Import: Loan Servicer

Record Layouts

Header

Field #	Start Position	End Position	Field Length	Field Name and Description	Valid Field Content	Justify
1	1	10	10	Header Record Identifier Identifies record as a header record.	Must be "DL HEADER." Uppercase and left justified with one blank position after DL, and one blank position after HEADER Uppercase.	Left
2	11	14	4	Data Record Length Indicates length of the data record.	0000-9999	Right
3	15	22	8	Message Class File name recognized by the LOC.	See Message Class Table.	Left
4	23	45	23	Batch Identifier The batch ID associated with the detail records. (See each message class for Batch ID format.)	Batch Type: #A-Z Cycle Indicator = 1 (for 00-01) School Code: X00000-X99999 Where X = G or E Date Batch Created = CCYYMMDD Time Batch Created = HHMMSS	Left
5	46	53	8	Created Date The date when the record was created.	Format is CCYYMMDD. CCYY = 2000-2001	Date
6	54	59	6	Created Time The time when the record was created.	000000 – 235959 Format is HHMMSS. HH = 00 – 23 MM = 00 – 59 SS = 00 – 59	Right

Export Change Table Values for Field Transmit Numbers (Alphabetically)

Note: Export Origination Field numbers are the values used in Change Field Numbers 01–10 DESC01IN. The table below is sorted alphabetically and is the same table that appears at the end of this section (which is sorted by DL change number).

This table provides the change number fields to use for the External Import Change Record for loan origination.

DL Change Number	Field Length	Field Name and Description	Valid Field Content
S038	8	1 st Disbursement Anticipated Date The anticipated disbursement date of the 1 st disbursement.	Format is CCYYMMDD. 19990623 – 20020630
S039	5	1 st Disbursement Anticipated Gross Amount The anticipated gross amount of the 1 st disbursement.	Numeric > = 0
S048	8	2 nd Disbursement Anticipated Date The anticipated disbursement date of the 2 nd disbursement.	Format is CCYYMMDD. 19990623 – 20020630
S049	5	2 nd Disbursement Anticipated Gross Amount The anticipated gross amount of the 2 nd disbursement.	Numeric > = 0
S058	8	3 rd Disbursement Anticipated Date The anticipated disbursement date of the 3 rd disbursement.	Format is CCYYMMDD. 19990623 – 20020630
S059	5	3 rd Disbursement Anticipated Gross Amount The anticipated gross amount of the 3 rd disbursement.	Numeric > = 0

Export Change Table Values for Field Transmit Numbers (Alphabetically) (Continued)

DL Change Number	Field Length	Field Name and Description	Valid Field Content
S068	8	4 th Disbursement Anticipated Date The anticipated disbursement date of the 4 th disbursement.	Format is CCYYMMDD. 19990623 - 20020630
S069	5	4 th Disbursement Anticipated Gross Amount The anticipated gross amount of the 4 th disbursement.	Numeric > = 0
S130	8	5 th Disbursement Anticipated Date The anticipated disbursement date of the 5 th disbursement.	Format is CCYYMMDD. 19990623 – 20020630

Disbursement Activity Q, L, M = Blank For Disbursement Activity "P," a negative amount indicates a refund. A positive amount indicates a reversal of the refund (i.e., bounced check).	Right

School Reconciliation

Direct Loan School Account Statement (Import from Loan Origination Center)

This file contains a detail record containing the information that is to be received from the LOC. The data is presented in three sections: Cash Summary, Cash Detail, and Loan Detail.

For Cash Receipts (drawdowns) and Excess Cash, the Grant Administration and Payment System (GAPS) is accepting pennies. However, these amounts are truncated on the DLSAS.

Part I – Cash Summary Section (Record Type “T”)

Custom Edits

The following section gives the detailed description of the reject codes received from the Loan Origination Center (LOC). Questions pertaining to reject codes should be directed to the LOC at **800/848-0978**.

Loan Origination Reject Codes

These codes will appear in field 5 in the DISF01OP/DIPF01OP file.

Note: All questions regarding the definition of the reject codes or LOC edits should be directed to the Loan Origination Center at 800/848-0978.

Code	Error Message	Edit Description
01	Invalid School Code.	School code type not equal to "E" or "G," or school code not numeric.
02	Borrower's address is incomplete.	Borrower's ZIP Code blank, or city blank, or state blank or invalid.
03	Invalid Borrower Birth Date.	Borrower's birth date zero, blank, or invalid format. Borrower's age must be > 12 or < 100.
04	Invalid Borrower Default on Education Loans Code.	Code indicates Borrower's default is not "N" or "Z" (default override code).
05	Invalid Borrower's Citizenship Code.	Borrower's citizenship is not "1" for U.S. or "2" for alien, eligible non-citizen.
06	Must Provide Borrower's First or Last Name.	Borrower's first and last name blank.
07	Must Provide Borrower's Alien Registration Number.	Borrower's citizenship is "2," eligible non-citizen, and Alien registration number is 0 or blank.
08	Anticipated Disbursement Date Prior to the Loan Period Start Date (-10 Days).	Anticipated Disbursement date more than 10 days before the loan period start date.
09	Anticipated Disbursement Date after the Loan Period End Date (+90 Days).	Anticipated Disbursement date more than 90 days after the loan period end date.
10	Minimum of Two Disbursements is Required.	School not "Special School" and anticipated disbursement date 1 or 2 equal to zero or blank.
11	Anticipated Disbursement Date is Blank.	Anticipated disbursement date zero or blank, and loan gross amount not equal zero.
12	Total Amount Disbursed must Be Less Than or Equal to the Loan Amount Approved.	Anticipated gross total disbursement > approved loan limit.
13	Disbursement Dates Are Not in Order	Anticipated disbursement date is less than a previous disbursement date.
14	Not in use.	Not in use.
15	Invalid Loan year.	Invalid loan year.
16	This Loan ID Is Already On File (Duplicate).	Loan ID must be unique.
17	This Borrower Has The Same Social Security Number As Another DLSS Borrower.	Same Social Security Number cannot belong to another borrower.

Loan Origination Reject Codes (Continued)

Code	Error Message	Edit Description
18	Loan Fee Amount Does Not Reflect The Current Loan Fee Percentage.	Calculated loan fee amount not equal to anticipated disbursement fee.
19	Not in use. Change rejects only.	Not in use. Change rejects only.

X	**	Duplicate promissory note manifest
Y	**	Signed date on promissory note is missing
Z	**	Citizenship is marked as an ineligible non-citizen

*Indicates an electronic edit

**Indicates a manual edit

Promissory Note Reject codes are mainly handled through a manual process. However, there are two electronic error codes that are received, error code "01" and "S". Once the Promissory Notes are received in the mailroom, they are manually inspected for missing or incorrect information. A generic checklist is used. If it is determined that there are errors or that information is missing, then the checklist will be marked in the appropriate blank for the error and returned to the school or borrower (Standard Option schools). A copy of the Promissory Note Manual Reject Checklist is included in the appendix.

Cash Allocation Reject Codes

K	No Disbursement Record Found for this adjustment.	Disbursement record missing.
L	Unsatisfactory Eligibility Conditions.	School ineligible to participate at this time. OR school is non-participating.
M	Duplicate Disbursement. Disbursement Number already on file.	Disbursement number exists on file.
N	Not in use.	Not in use.
O	Not in use.	Not in use.
P	Duplicate adjustment transaction.	Matching gross, fee, and net found.
Q	Disbursement date outside of allowable window.	Disbursement date more than 10 days prior to loan period start date, or more than 90 days after loan period end date.
R	Disbursement date cannot be in the future	Disbursement date greater than the current date.
S	Not in use.	Not in use.
T	Must have valid Promissory Note to disburse for an Option 1 or Standard Origination. (Levels 2 and 3)	Promissory note date, loan ID, or status null or invalid.
U	Loan ID not in origination table.	Loan ID missing from file.

Disbursement Reject Codes (Continued)

Code	Error Message	Edit Description
V	Action date not a valid date.	Action date contains zeros or other invalid date value.
W	Not in use.	Not in use.
X	School code not found in school table or school code invalid.	School code missing from school table or school code invalid.
Y	Action rejected because school physically closed or ownership changed.	School is closed or has changed ownership.
Z	School code does not match school code in origination record.	School code for disbursement does not match school code in origination record.

Custom System Requirements

Processing Direct Loan Data—Direct Loan Processing Cycles

Direct Loan processing relies on electronic access of information. Schools exchange loan information with the Loan Origination Center (LOC) routinely. Schools should develop data production and transmission schedules around the various Direct Loan processing cycles. Batch processing of Direct Loan data occurs by data type. The major processing cycles are:

- Full Origination Records
- Change Records
- Promissory Notes
- Request and Receipt of Cash
- Disbursement Records

The Direct Loan program affords schools maximum flexibility in the timing and content of their transmissions. However, certain rules apply. The LOC processes school data via the Student Aid Internet Gateway (SAIG, formerly Title IV WAN) daily, in the following order:

1. Full Origination Records
2. Change Records
3. Disbursement Records

Please note that schools no longer transmit electronic promissory note manifests to the LOC. However, they continue to send batches of promissory notes with paper shipping manifests.

Generally, the LOC retrieves data from SAIG at approximately 8 p.m. (ET). Depending on required turnaround, the LOC will return processed data to SAIG at approximately 8 a.m. (ET).

1. Schools are not required to submit all batch types to the LOC at once. However, proper processing order must be considered when developing a transmission schedule. On acceptance of full origination records, the LOC establishes the loan ID and student loan information for individual records on its database. At this time, the LOC will send acknowledgment records accepting or rejecting your submission. If an origination record is rejected by the LOC, no student loan origination record will be stored on the LOC's database.
2. With the exception of promissory notes, if a school sends any record for a loan ID, such as change, disbursement, or loan detail records without first transmitting acceptable full origination records, the LOC will not process or retain the submitted records.

3. However, the LOC will retrieve and maintain a promissory note and return the promissory note acknowledgment with a pending note status. When the loan origination record has been accepted, the LOC will return an acknowledgment for the pending promissory note.
4. Schools should not submit \$0 Adjustments to Loan Amount Approved unless the actual disbursements have also been adjusted to \$0. For 2000-2001 all of these records can be submitted in the same cycle.

What Is a Booked Loan?

The goal of all Direct Loan processing is to book loans with the LOC. A “booked” loan implies there is a binding obligation between the borrower and the U.S. Department of Education (the Department) to repay. A loan is considered “booked” when the LOC has accepted the full loan origination record, the promissory note, and the first actual disbursement record for a particular Loan ID. Subsequent disbursement records are additionally booked as they are accepted by the LOC.

At the time the LOC books a disbursement or a disbursement amount adjustment, a separate booking notification will be generated to the schools for each disbursement transaction. The new booking notification will simplify the reconciliation process between the schools and the LOC.

- The booking notification will contain the disbursement booking date for each disbursement and disbursement amount adjustment. This booking date is the date the LOC passes the booked disbursement or disbursement amount adjustment to Servicing.
- The Disbursement Acknowledgement Message Class (DIOD-Batch Type #B) will be used to transmit the Booking Notification to the schools.
- Disbursement Activity Types for the booking notification are:

L - Booking Disbursement

M - Booking Adjustment

Full Loan Origination Records

The Direct Loan Program requires schools to store loan data and submit loan records to the LOC. Participating Direct Loan schools can establish a Direct Subsidized Loan and a Direct Unsubsidized Loan based on the student's eligibility. Participating Schools may include a Direct PLUS Promissory Note/Application for signature in award packages for the parents or guardians of eligible students. Once the PLUS loan origination records are transmitted to the LOC, a credit check is performed on the parent or guardian borrower.

Schools will create one loan record and loan ID for each new loan. For example, if a borrower has one Direct Subsidized Loan and one Direct Unsubsidized Loan, then the school will maintain two loan IDs. The full origination record (DESF01IN/DEPF01IN) is created from borrower demographic data and anticipated disbursement data.

Submitting Full Loan Origination Records

The school transmits a full origination record to the LOC for every loan it originates whether the School chooses to print the loan's promissory note or have the LOC print it. If the school requests that the LOC print promissory notes, the request is transmitted in the full origination record. If the school prints the promissory note, the loan origination record can be transmitted before or after the student signs the note. For standard option schools, the LOC will print all promissory notes.

Subsidized and unsubsidized full origination records are transmitted under the message class name DESF01IN. PLUS full origination records are transmitted under the message class name DEPF01IN. There are two message classes because of the difference in turnaround time. Subsidized and unsubsidized acknowledgments are returned within three days of the LOC receiving the records. PLUS acknowledgments are returned within five days of the LOC receiving the records because of the credit check process.

Receiving Full Loan Origination Acknowledgments

The LOC edits the Loan Origination Record to ensure it passes the editing requirements. The LOC then returns either a rejection or acceptance for each record. The acknowledgment file (DISF01OP/DIPF01OP) is transmitted to the School indicating the status of each record (Field A) and up to five reject reasons (Field #5) for each record.

When an origination record is accepted by the LOC, a Disclosure Statement must be generated by the LOC or the school and sent to the borrower. The LOC will generate Disclosure Statements unless the school indicates in the LOR they are printing their own. The Disclosure Statement is printed 10 days prior to the first anticipated disbursement date. The specifications for the Disclosure Statement and information regarding the disclosure process are in the Direct Loan Technical Reference later in this section and also in Section 4 (Implementation Guide).

After the Full Loan Origination Record has been accepted by the LOC, it should not be sent to the LOC again. If changes need to be sent to update information on the record, a change record must be sent to the LOC. When a Full Loan Origination Record is rejected by the LOC, it is not kept on file. The record errors need to be corrected and the Full Loan Origination Record re-transmitted to the LOC with the message class DESF01IN.

Receiving Loan Origination Acknowledgments from the LOC

The LOC returns one acknowledgment record for each Full Loan Origination Record it receives. Batch integrity is maintained; the school receives acknowledgment records for all transmitted records in the batch.

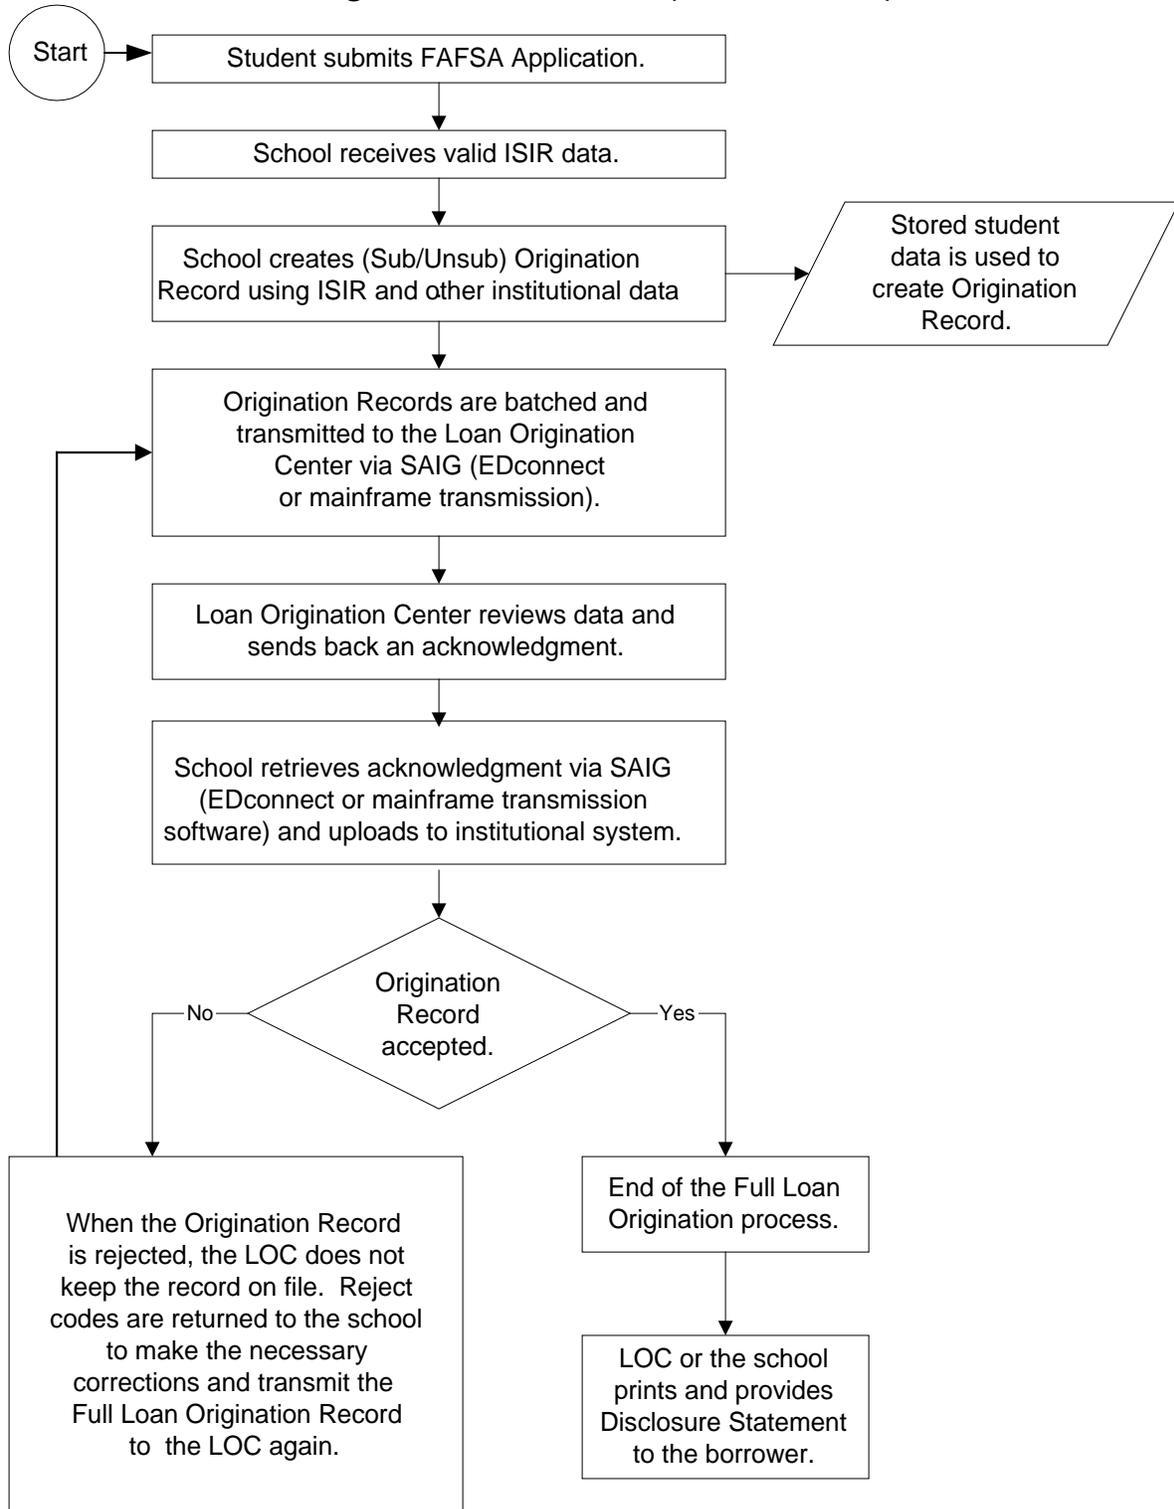

These records are received in message class DISF01OP for subsidized and unsubsidized loan records and DIPF01OP for PLUS records. These records indicate whether the record has been rejected or accepted. For PLUS records, the Full Loan Origination Acknowledgment Record also indicates whether the credit check has been accepted or denied. For PLUS records where the credit decision has been overridden (modified), a separate record is created and transmitted to the school indicating the reason for the credit decision. The PLUS Credit Decision Record is received in message class DIPC01OP. The PLUS Credit Decision records can be transmitted to the School at any time after the initial decision has been received.

A new process for 2000/2001 allows schools to perform PLUS credit checks at their School using the WEB. Schools now have the option to submit PLUS LOR's to the LOC to perform the credit check or to perform their own credit check from the web. Schools are given the capability to evaluate credit histories through an interactive web-based application. The web page accesses an approved credit bureau and returns a credit acknowledgement to the school. The web page will display the credit decision of approved (accepted) or denied (failed). The reason for failed credit decisions will not be displayed on the web page. The LOC will continue to provide the failed credit decision letter to the borrower.

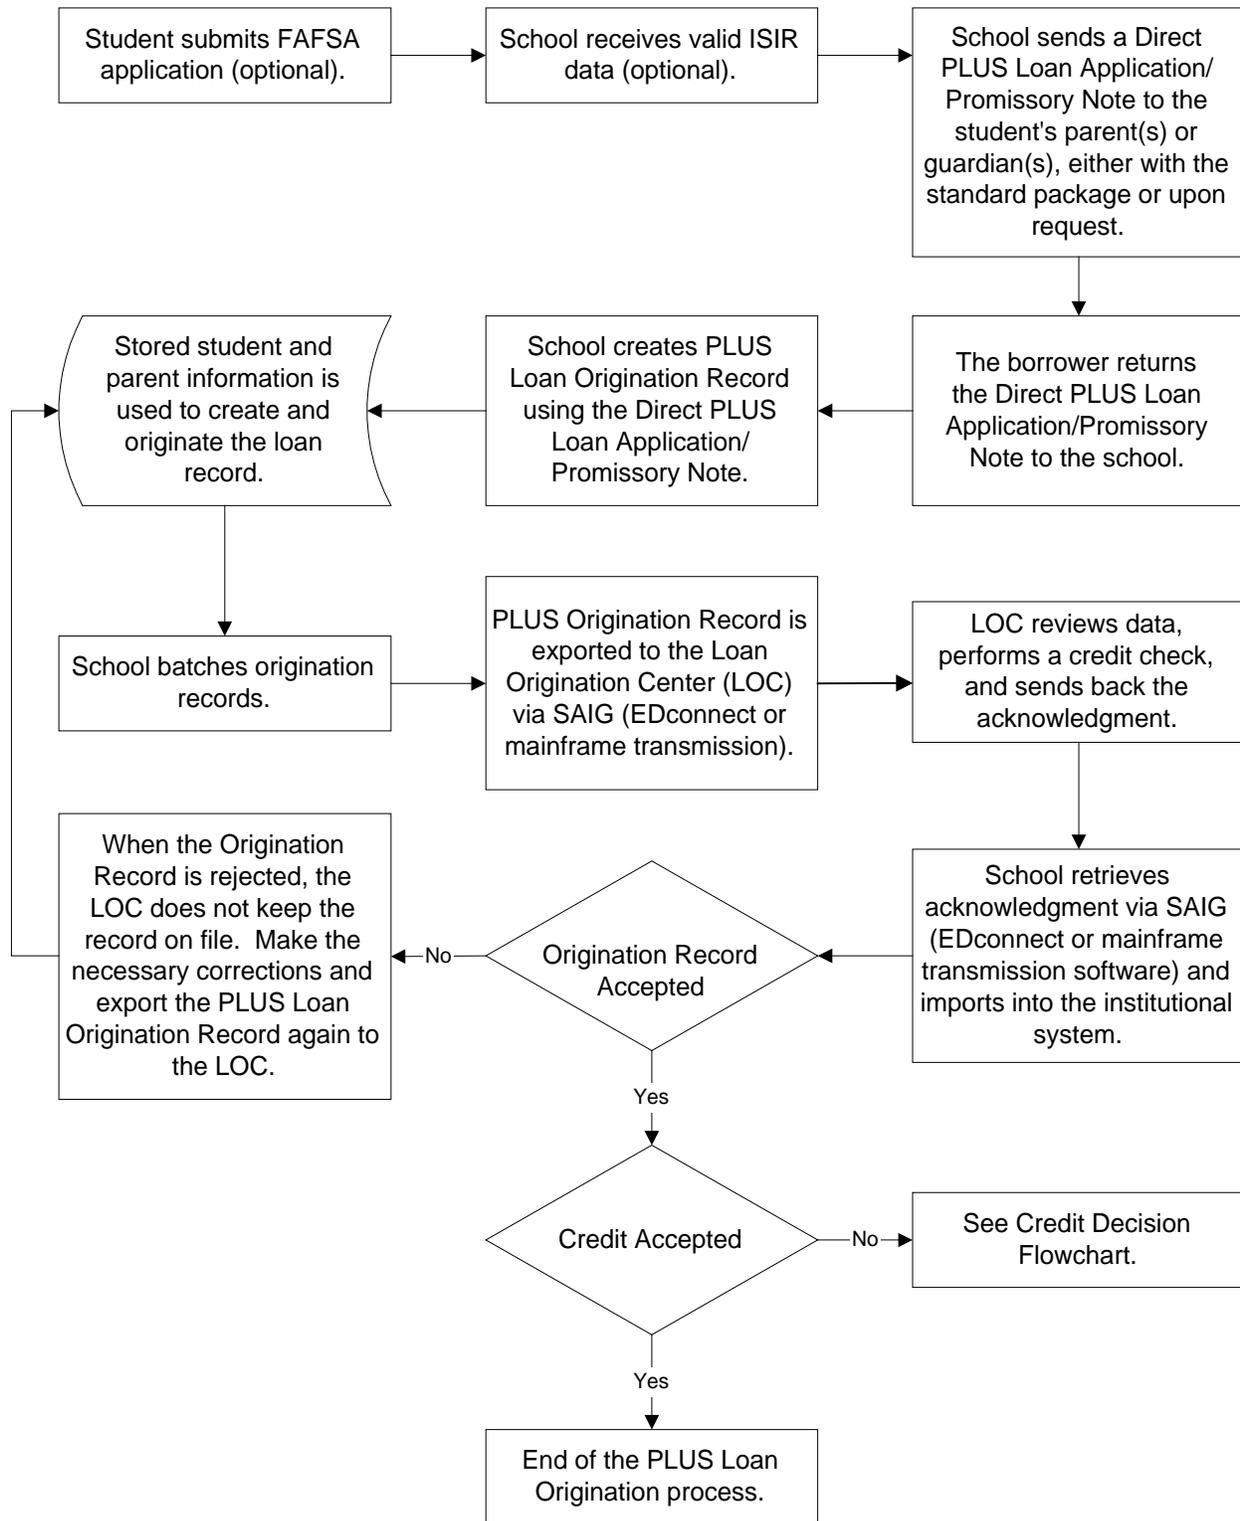

When the school has obtained a failed credit decision, schools have the option to either submit PLUS LOR's to the LOC, so that the LOC can send an endorser form to the borrower or to originate the additional unsubsidized loan for the student. The LOR must be sent to the LOC if the borrower requests an endorser.

The credit decision received from the web does not have to be forwarded to the LOC. The LOC will receive a simultaneous response from the credit bureau at the time the school performs the credit check. The LOC will store the credit decision and send necessary letters to the borrowers. Certification must be kept at the school indicating the borrower has authorized the school to perform the credit check and also indicating whether or not the borrower wants an endorser in the case of a failed credit decision.

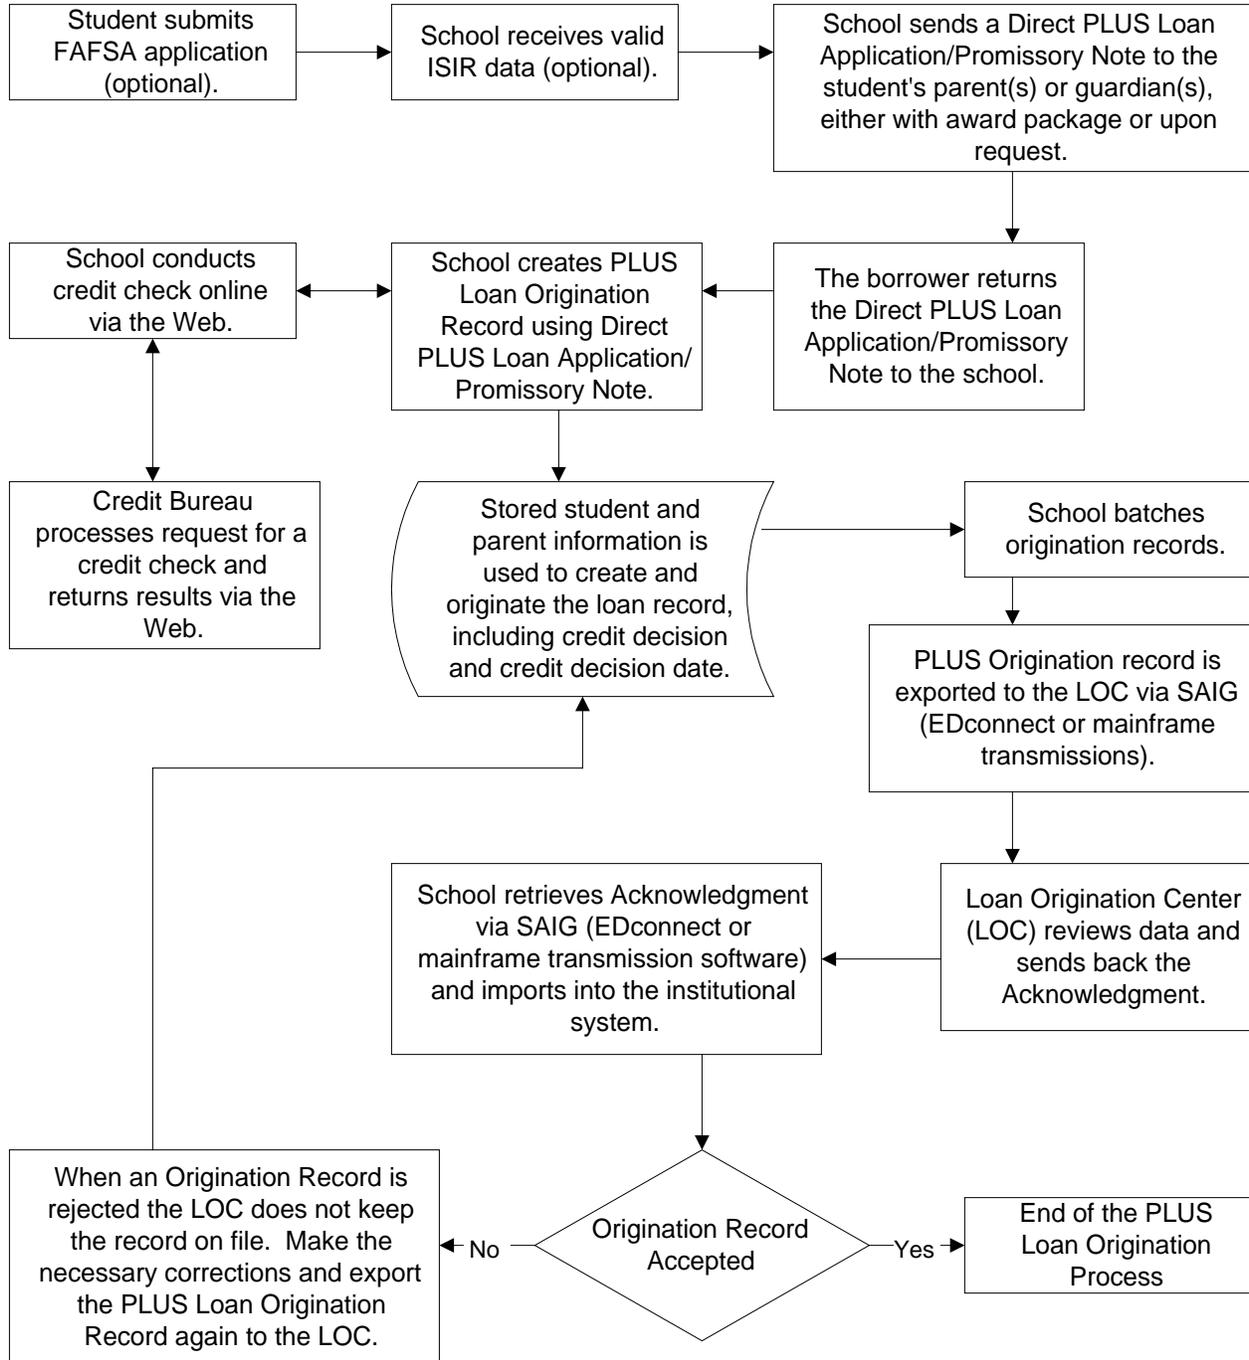

Loan Origination Process (Sub/Unsub)

Loan Origination Process (PLUS) LOC Executes Credit Check

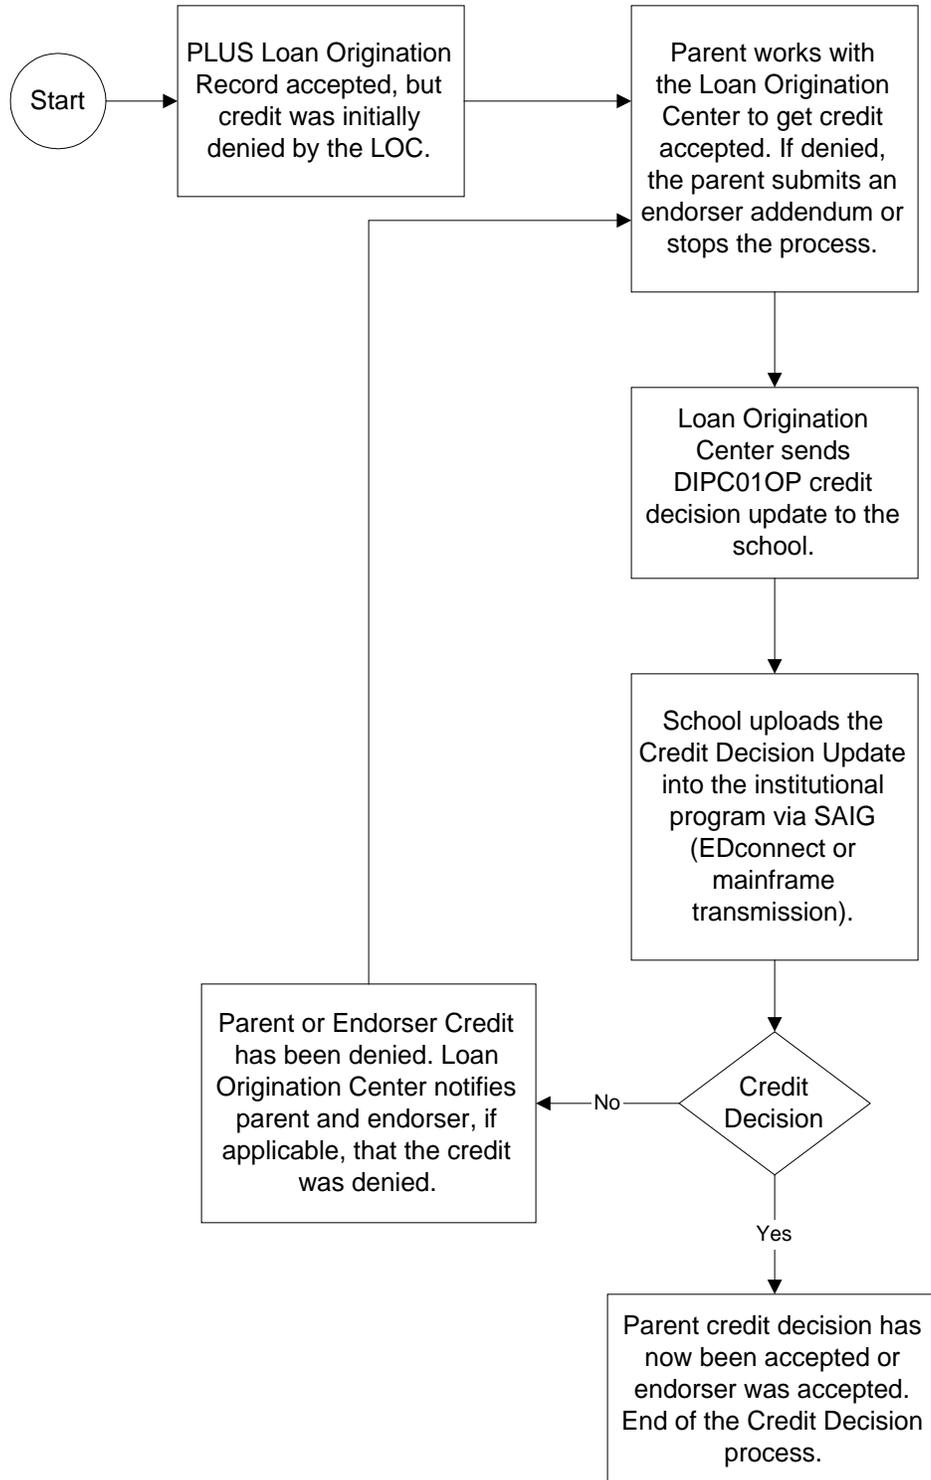

Loan Origination Process (PLUS) School Executes Credit Check

Processing PLUS Credit Decisions Update (Override)

If the credit is originally denied on a PLUS Loan Origination Record and the borrower requests a subsequent credit check, an override, or submits an endorser addendum, the Loan Origination Center returns a DIPC01OP, credit decision update to the school. The Credit Decision indicates the results of PLUS loan credit checks on the parent borrower or endorser. For approved applicants, the School can proceed in disbursing funds to the student's account. The LOC sends further information and instructions directly to those applicants not approved for a PLUS loan on the basis of credit checks. The LOC has the option to override the credit decision after an initial denial. The PLUS credit checks can be updated at any time on the basis of the borrower submitting supporting documentation to the LOC or credit reporting agency. Therefore, schools processing PLUS loans should expect to receive updated credit decisions in this acknowledgment file at any time from the LOC.

PLUS Credit Decision Update (Override) Process

Loan Origination Change Record

Submitting Change Records

After the Full Loan Origination Record has been accepted by the LOC, modifications to the loan record are transmitted to the LOC via a change record (DESC01IN). Loan Origination Change records only apply to origination data. Loan Origination Change records are not used to change actual disbursement data (see Disbursement Records). A list of the fields that can be changed and change field numbers are provided in the Record Layouts section of this guide (Export Change Table Values for Field Transmit Numbers). Loan Origination Change Records are submitted to the LOC by Loan ID. Each record must contain the Loan ID, a sequence number, the change field number, and the new value the field is to contain.

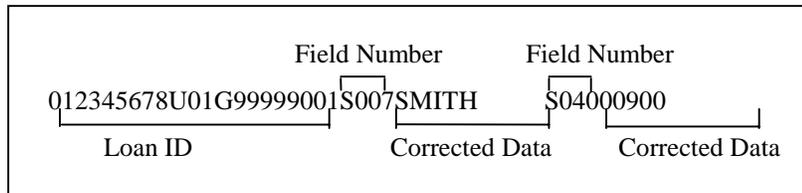

The change field number consists of three positions for the field number and a prefix to indicate whether the field is on the Loan Origination Database (prefix is S), or the PLUS Loan Database (prefix is P). For example, “P004” indicates a change to the student’s last name on the PLUS Loan Database; “S007” indicates a change to the borrower’s last name on the Loan Origination Database.

Corrected values must be left justified within the 28-byte change value field. Numeric fields are left justified and blank filled up to the maximum number of positions for that field.

Example:

Two changes are submitted to a loan record whose ID is 012345678U01G99999001: a change in the borrower’s last name to SMITH, and a change in the 1st disbursement anticipated gross amount to \$900. The following would be the contents of the change record excluding the create time, batch number, and User ID fields at the end of the record:

Each change record is limited to 10 data element changes. For records with more than 10 changes, you should submit another change record for the Loan ID and increment the sequence number. For example, to submit 13 change fields for one Loan ID:

Loan ID: 999999999S01G99999001 Sequence Number: 1 Contains first 10 changes.

Loan ID: 999999999S01G99999001 Sequence Number: 2 Contains next 3 changes.

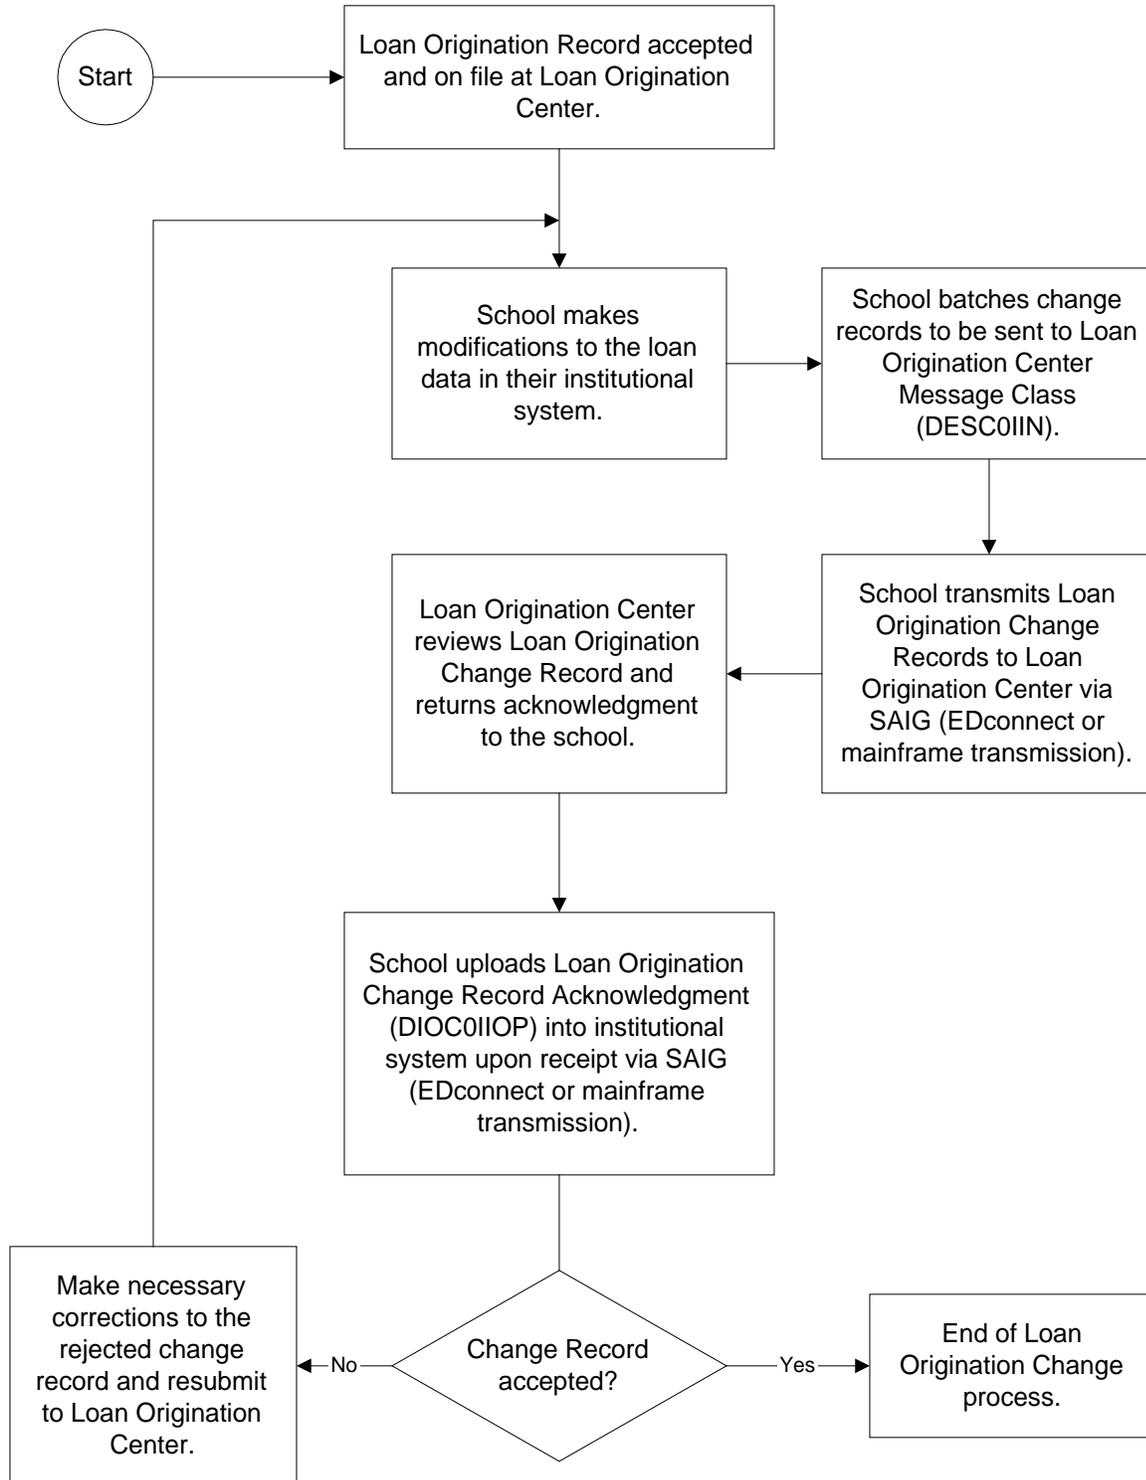

Important: All changes should be submitted in *field number order*, i.e., the order the change fields appear on the Change Field Number Table in this guide. Multiple change records for one Loan ID must appear in the export file together in sequence number order.

Receiving Loan Origination Change Acknowledgments

The LOC edits the change records with the same requirements as full origination data elements. The LOC returns an acknowledgment file (DIOC01OP) containing codes accepting or rejecting the change (Error Values 1–10). The school should resolve rejected fields and resubmit another change record batch to the LOC. Refer to the Record Layouts section for a list of the reject codes.

If the change was accepted, no reject codes are returned (blank). Only the fields that are in error need to be corrected and resubmitted to the LOC. The fields in error will be returned in error fields 01–10 in the DIOC01OP file.

Loan Origination Change Record Process Flowchart

Printing the Direct Subsidized and Unsubsidized Disclosure Statement

The LOC prints a Disclosure Statement for each accepted subsidized and unsubsidized LOR accepted by the LOC, unless the school request to print their own Disclosure Statement. The Disclosure Statement is printed 10 calendar days prior to the first anticipated disbursement date of the loan. Once the first Disclosure Statement has been printed, the Disclosure Statement will be reprinted if a change record is received, where there is an increase or decrease in loan amount approved and the loan has not booked, and when there is a change to anticipated disbursement date or anticipated disbursement amount.

Options for Printing Disclosure Statements

For 2000–2001, Direct Loans allow up to 20 anticipated disbursements to print on the Disclosure Statement. We recommend the use of Courier, 10 point, 12 pitch.

Direct Loan Disclosure Statement Print Specifications

The following are the specifications for printing the variable data on the disclosure:

Note: Fields listed below correspond to numbered data elements on the preprinted Disclosure Statement.

Borrower Information		
Form Label/Position	Field	Print Instructions
BORROWER INFORMATION--- Line 1	Section Heading	From left to right, print label "BORROWER INFORMATION" succeeded by dashes across page.
1. Name (last, first, middle initial) and Address (street, city, state, zip code) Line 2, column 1	Data element label	From left to right in column 1, print data element label, "1. Name (last, first, middle initial) and Address (street, city, state, zip code)"
1. Name (last, first, middle initial) and Address (street, city, state, zip code) Line 3, column 1	Student Borrower's Last Name, First Name, Middle Initial	From left to right, print the Student Borrower's Last Name, First Name, and Middle Initial. Print a comma and space following Last Name, and a space after the First Name. Left justify within the print field.
1. Name (last, first, middle initial) and Address (street, city, state, zip code) Line 4, column 1	Student Borrower's Permanent Address OR Student Borrower's Local Address	From left to right, print the Student Borrower's Street Address.

Direct Loan Disclosure Statement Print Specifications (Continued)

Borrower Information		
Form Label/Position	Field	Print Instructions
1. Name (last, first, middle initial) and Address (street, city, state, zip code) Line 5, column 1	Student Borrower's Permanent City, State, and Zip Code OR Student Borrower's Local City, State, and Zip Code	From left to right, print the Student Borrower's City, Mailing State, and ZIP Code. Separate each field with a space and follow city with a comma. Left justify within the print field.
2. Identification Number(s) Line 2	Data element label	From left to right in column 2, print label "2. Identification Number (s)".
2. Identification Number(s) Line 3 and 4	Loan ID	Print Loan ID of S and/or U type Loan record in 999999999-X-00-X99999-9-99 format.
3. Area Code/Telephone Number Line 6	Data element label	From left to right in column 2, print label "3. Area Code/Telephone Number"
3. Area Code/Telephone Number Line 7	Student Borrower's Permanent Telephone Number	Print in the student/Borrowers permanent telephone (999) 999-9999 format.

Direct Loan Disclosure Statement Print Specifications (Continued)

School Information		
Form Label/Position	Field	Print Instructions
SCHOOL INFORMATION--- Line 8	Section Heading	From left to right, print section heading "SCHOOL INFORMATION" succeeded by dashes across the page.
4. School Name and Address (street, city, state, zip code) Line 9, Column 1	Data element label	From left to right in column 1, print data element label 4. School Name and Address (street, city, state, zip code)"
4. School Name and Address (street, city, state, zip code) Line 10, Column 1	School Name	Print the School Name associated with the DL School Code on the LOR. Left Justify.
4. School Name and Address (street, city, state, zip code) Line 11, Column 1	School Address	From left to right, print the School's Street Address, City, State, and ZIP Code associated with the DL School Code above. Separate each field with a space and follow address and city with a comma. Left justify within each field.
5. School Code/Branch Line 9, Column 2	Data element label	From left to right in column 2, print data element label "5. School code/Branch"
5. School Code/Branch Line 11, Column 2	Direct Loan School Code	Print the DL School Code on LOR

Loan Information		
Form Label/Position	Field	Print Instructions
LOAN INFORMATION-- Line 12	Section Heading	From left to right, print section heading "LOAN INFORMATION" succeeded by dashes across the page.
6. Loan Period Line 13, Column 1	Data element label	From left to right in column 1, print data element label "6. Loan Period."

If there are more than 12 anticipated disbursements, the LOC is required to print the Disclosure Statement for schools.

Master Promissory Note with Multi-Year Functionality

The Master Promissory Note (MPN) is the only approved promissory note to process Direct Subsidized and Unsubsidized Loans for all schools. No changes are being made to MPN data elements. At this time, the MPN concept will not be adopted for use in the PLUS program.

The MPN ID prints on the MPN. This identification number is used by the LOC to link loans to the MPN. For newly printed MPNs for 2000-2001, the format of the MPN ID has changed to use “M” as the MPN indicator instead of “S” or “U” in the loan type code field .

As in the past, the school prints a MPN based on the completed loan origination record. However, no dollar amount is printed on the MPN by the school or the LOC and only one note is used for both subsidized and unsubsidized loans.

A MPN must be printed by the school or the LOC and signed by the student borrower before disbursing a Federal Direct Subsidized Loan or Federal Direct Unsubsidized Loan. The MPN is a legal document requiring the borrower to repay the funds borrowed under the Direct Loan Program.

For 2000-2001 the Multi-Year Note (MYN) functionality will be implemented for the MPN for some schools per Direct Loan Regulations. Eligible schools include all four-year undergraduate schools and graduate schools. Any schools with questions regarding eligibility may contact Direct Loan Operations.

With this change, if a borrower is attending a school eligible for multi-year functionality, the borrower is required to have only one open MPN on file at the LOC, for all subsidized and unsubsidized loans disbursed for academic year 2000-2001 forward. For example, the open MPN at the LOC can be an MPN processed for year 1999-2000. The 2000-2001 loans and forward ~~may be~~ **will be** linked to this open MPN. Since multiple loans are linked to an MPN, the promissory note print sequence number is no longer necessary.

An open MPN on file at the LOC is assigned to the borrower and is not limited for use at a specific school. Therefore, any MPN accepted by the LOC can be used by a school eligible for MYN functionality. Thus, all loans for a student are linked to the same MPN across schools and academic years. ***The Social Security Number (SSN), date of birth, and first name on the Loan Origination record must match the SSN, date of birth, and first name on the MPN. If there are any differences, the LOC is not able to link the MPN to the Loan Origination Record.***

If a school is NOT eligible for MYN functionality (single-year schools), a new MPN must be generated each academic year for each borrower. A single-year school must use an MPN generated at or for that School only. A single-year school can link all subsidized and unsubsidized loans for the same academic year, for the same student to the same MPN.

An open MPN is valid for up to 10 years from the date of the first anticipated disbursement if an actual disbursement has been made. By calling an LOC Customer Service Representative, a student may close an MPN. Once an MPN has been closed, no new loans can be linked to the closed MPN. A new MPN must be generated. However, all disbursements and booking activity for the loans already attached to the closed MPN will be processed.

Options for Processing Master Promissory Notes

Schools (Option 1 and Option 2 schools) have 2 options, preprint available borrower and school information on the Master Promissory Note, and provide the document to the borrower for review, completion, and signature, or the school may request the LOC print the Master Promissory Note.

The Department provides copies of a standard, approved Master Promissory Note to participating schools. A copy of the Master Promissory Note can be found in the Appendix. However, the school may create their own form as long as it is identical in format and wording to the one provided by the Department. The form must be approved by the LOC. A packet for format and wording is available by contacting the LOC at 800/848-0978.

A minimum of two copies must be printed: one as the borrower copy and one as the LOC copy. Additional copies can be printed, if desired, as school copies.

When mailing the MPN, we recommend the use of a “number 10” business window envelope.

When printing the MPN, we recommend the use of Courier, 10 point, 12 pitch. Other settings may cause delays in the processing of the school’s MPNs. Use the following specifications to develop your own printing system. They are similar to those used to develop the EDExpress Direct Loan Software.

Master Promissory Note Print Specifications

The Master Promissory Note (MPN) will have a unique MPN Identification Number (MPN ID). The loan type code field will be replaced with an “M” instead of “S” or “U.” No dollar amount is printed on the MPN and one note can be used for subsidized and unsubsidized loans.

The following are the specifications for printing the variable data on the MPN.

Note: Fields listed below correspond to numbered data elements on the preprinted paper MPN.

Section A: To Be Completed By The Borrower (Print this label on line 1 in italics.)			
Form Label/Position	Label Line #	Field Name	Print Instructions
1. Driver's License State and Number	2	Student Borrower's Driver's License State and Number	From left to right, print Student Borrower's Driver's License State and Number separating them by a dash on line 3.
2. Social Security No.	2	Student Borrower's SSN	Print the Student Borrower's SSN in 999-99-9999 format on line 4.
3. E-mail address	4	Student Borrower's Current E-mail Address	From left to right, print the Student Borrower's E-mail address on line 5.
4. Name and Address (street, city, state, zip code)	6	Student Borrower's Last Name, First Name, Middle Initial	From left to right, print the Student Borrower's Last Name, First Name, and Middle Initial. Print a comma and space following the Last Name and a space after the First Name. Following the Middle Initial, print the label: <- Last, First, M.I.
4. Name and Address (continued)		Student Borrower's Permanent Address OR Student's Local Address	From left to right, print the Student Borrower's Street Address on line 9.
4. Name and Address (continued)		Student Borrower's Permanent City, State, and Zip Code OR Student Borrower's Local City, State, and Zip Code	From left to right, print the Student Borrower's City, Mailing State, and ZIP Code on line 10. Separate each field with a space and follow city with a comma.

Master Promissory Note Print Specifications (Continued)

Section A, continued			
Form Label/Position	Label Line #	Field Name	Print Instructions
5. Date of Birth	7	Borrower's Date of Birth	Print in MM/DD/YYYY format on line 7.
6. Area Code/Telephone No.	8	Student Borrower's Permanent Telephone Number	Print in (999) 999-9999 format on line 9.

Section B: To Be Completed By The School (Print this label on line 26 in italics.)			
Form Label/Position	Label Line #	Field Name	Print Instructions
9. School Name and Address	27	School Name	From left to right, print the School Name associated with the DL school code on the record on line 28.
9. School Name and Address (continued)		School Address	From left to right, print the School's Street Address associated with the DL school code on line 29.
9. School Name and Address (continued)		School's City, State, and Zip code	From left to right, print the School's City, State, and Zip Code on line 30. Separate each field with a space and follow city with a comma.
10. School Code/Branch	27 28	Direct Loan School Code	Print the Direct Loan School Code on the Loan Record on line 29.
11. Identification No.	27	Master Promissory Note identification number, use 21 character Loan ID of one of the loans associated with this Master Promissory Note with loan type code field of the Loan ID replaced with "M" instead of "S" or "U."	Print in 999999999-M-99-99999-9-99 format on line 30.

Printing the PLUS Loan Application and Promissory Note

The Federal Direct PLUS Loan Application and Promissory Note requests demographic information from the parent borrower, as well as references for the collection cycle. It also includes a request for information from the student and school.

Once a loan origination record is established, a school may either print a Federal Direct PLUS Application and Promissory Note with the pre-supplied information or provide the borrower or student with a blank form. The parent borrower and the student review, complete, and sign the application.

Processing PLUS Loan Applications and Promissory Notes

As you receive completed Direct PLUS Loan Application and Promissory Notes from your students or parents, enter the application data into the Direct Loan System and continue with the process explained above.

The Department provides copies of a standard, approved Federal Direct PLUS Loan Application and Promissory Note to participating schools. A copy can be found in the Appendix. However, the school may create their own form as long as it is identical in format and wording to the one provided by the Department. The form must be approved by the ~~Department's Direct Loan Operations~~ **LOC. A packet for format and wording is available by contacting the LOC at 800/848-0978.**

When printing the Direct PLUS Loan Application and Promissory Note, we recommend the use of Courier, 10 point, 12 pitch. Other settings may cause delays in the processing of the school's notes.

A minimum of two copies must be printed, one as the borrower copy and one as the LOC copy. Additional copies can be printed, if desired, as school copies.

When mailing the PLUS Loan Application and Promissory Note, we recommend the use of a #10 business window envelope.

Use the following specifications to develop your own printing system. The specifications are similar to those used to develop the EDEXpress Direct Loan Software.

Direct PLUS Loan Application and Promissory Note Print Specifications

The following are the specifications for printing the variable data on the PLUS Application/Promissory Note. If specific data is not present, then leave field blank.

Note: Fields listed below correspond to numbered data elements on the paper PLUS Promissory Note.

Section A: To Be Completed By Borrower (Print this label on line 1 in italics.)			
Form Label/Position	Line #	Field Name	Print Instructions
1. Identification No.	2	Loan ID	Print Loan ID of P type Loan record in 999999999-X-99-X99999-9-99 format on line 4.
1. Identification No. (continued)	2	Promissory Note Print Sequence #	Print Promissory Note Sequence # of P type Loan record in 99 format on line 4.
2. Social Security No.	2	Borrower's Current SSN	Print the Borrower's SSN in 999-99-9999 format on line 4.
3. Loan Amt. Requested	2	Loan Amount Requested	Print in \$99999 format on line 4.
4. Date of Birth	6	Borrower's Date of Birth	Print in MM/DD/YYYY format on line 6.
5. U.S. Citizenship Status (Check One) 1 <input type="checkbox"/> U.S. Citizen or national 2 <input type="checkbox"/> Permanent resident / other eligible alien If 2, Alien Registration No.	6 7 8 9	Citizenship Status and Alien Registration Number	If 1, print X on line 7 in the left []. If 2, print X in on line 8 in the [], and print Alien Registration Number on line 9 following the label A999999999 format. If 3, print X on line 7 in the right []. However, in this case a Promissory Note should not be printed.

**Direct PLUS Loan Application and
Promissory Note Print Specifications (Continued)**

Section A, continued			
Form Label/Position	Line #	Field Name	Print Instructions
6. Name and Address (last, first, middle initial) (street), (city, state, zip code)	7 8 9	Borrower's Last Name, First Name, Middle Initial	From left to right, print the Borrower's Last Name, First Name, and Middle Initial on line 10 . Print a comma and space following Last Name, and a space after First Name.
6. Name and Address (continued)		Borrower's Permanent Address OR Student's Local Address	From left to right, print the Borrower's Street Address on line 11 .
6. Name and Address (continued)		Borrower's Permanent City, State, and Zip Code Or Borrower's Local City, State, and Zip Code	From left to right, print the Borrower's City, Mailing State, and ZIP Code on line 12 . Separate each field with a space and follow city with a comma. Left justify within each field.
7. Driver's License (State-No.)	10	Borrower's Driver's License State and Number	Print Borrower's Driver's License State and Number separating them by a dash on line 11 .
8. Area Code/Telephone No.	12	Borrower's Permanent Telephone Number	Print in (999) 999-9999 format on line 13 .
9. Loan Period (MMDDYYYY to MMDDYYYY)	14	Loan Period Start Date and Loan Period End Date	Print Loan Period Start and End Dates separated by two spaces in MM/DD/YYYY format on line 15 .

**Direct PLUS Loan Application and
Promissory Note Print Specifications (Continued)**

Section B: To Be Completed By School (Print this label on line 16 in italics.)			
Form Label/Position	Line#	Field Name	Print Instructions
10. School Name and Address	17	School Name	Print the School Name associated with the DL school code on the record on line 18.
10. School Name and Address (continued)		School's Street Address	From left to right, print the School's Street Address associated with the DL school code on line 19.
10. School Name and Address (continued)		School's City, State, and Zip Code	From left to right, print the School's City, State, and Zip Code on line 20. Separate each field with a space and follow city with a comma.
11. Loan Period	17	Loan Period Start Date and Loan Period End Date	Print Loan Period Start and End Dates separated by two spaces in MM/DD/YYYY format on line 18.
12. School Code/Branch	19	Direct Loan School Code	Print the DL school code on line 19.
13. Certified Loan Amount	20	Loan Amount Approved	Print in \$99999 format on line 20.

However, in this case a Promissory Note should not be printed.
18. Date of Birth	28	Student's Date of Birth	Print in MM/DD/YYYY format on line 29 .

Promissory Note Paper Manifests

Creating Promissory Note Paper Manifests

All promissory notes must be mailed to the LOC and accepted before the loan is “booked.” The hard copy promissory notes must be accompanied by a paper manifest that lists the borrower’s name and Identification number for each promissory note in the shipment. Also the paper manifest provides a certification to be signed by an official at the school.

Master Promissory Notes and PLUS Promissory Notes must be batched separately and a separate paper manifest created for each. Additionally, separate batches (manifests) must be created for each DL school code. The format for the Master Promissory Note paper manifest and the PLUS paper manifest are provided in the Appendix.

Software developers must adhere to these formats. Additionally, the following guidelines must be followed:

- The Report Date (in MM/DD/YYYY format) and the Report Time (in HH:MM:SS format) indicate when the manifest was produced.
- A page number starting with 1, incremented by 1, for each subsequent page printed

Records are printed in last name, alphabetical order, or in ID numerical order. The borrower’s name is printed in last name, first name, and middle initial order. The ID number associated with the borrower’s name is printed.

The Number of Notes for shipping indicates the number of promissory notes covered by the paper manifest. It is only printed on the final page of the paper manifest.

The certification statement, DL school code, school name, signature block, and FAA name (Financial Aid Administrator) are only printed on the last page.

Receiving Promissory Note Acknowledgments

The electronic manifest has been eliminated. However, the LOC will continue to return an electronic file (DIPA01OP) containing the acknowledgment of all promissory notes. All notes, the Master Promissory Note and the PLUS, are returned with the DIPA01OP message class. Unlike other batch types, batch integrity is not maintained by the LOC for promissory notes. Acknowledgments will not match one to one with paper manifests sent by the school. If the LOC rejects a promissory note, a pending status is returned in the acknowledgment. Notes that are subsequently accepted are returned on a subsequent promissory note acknowledgment.

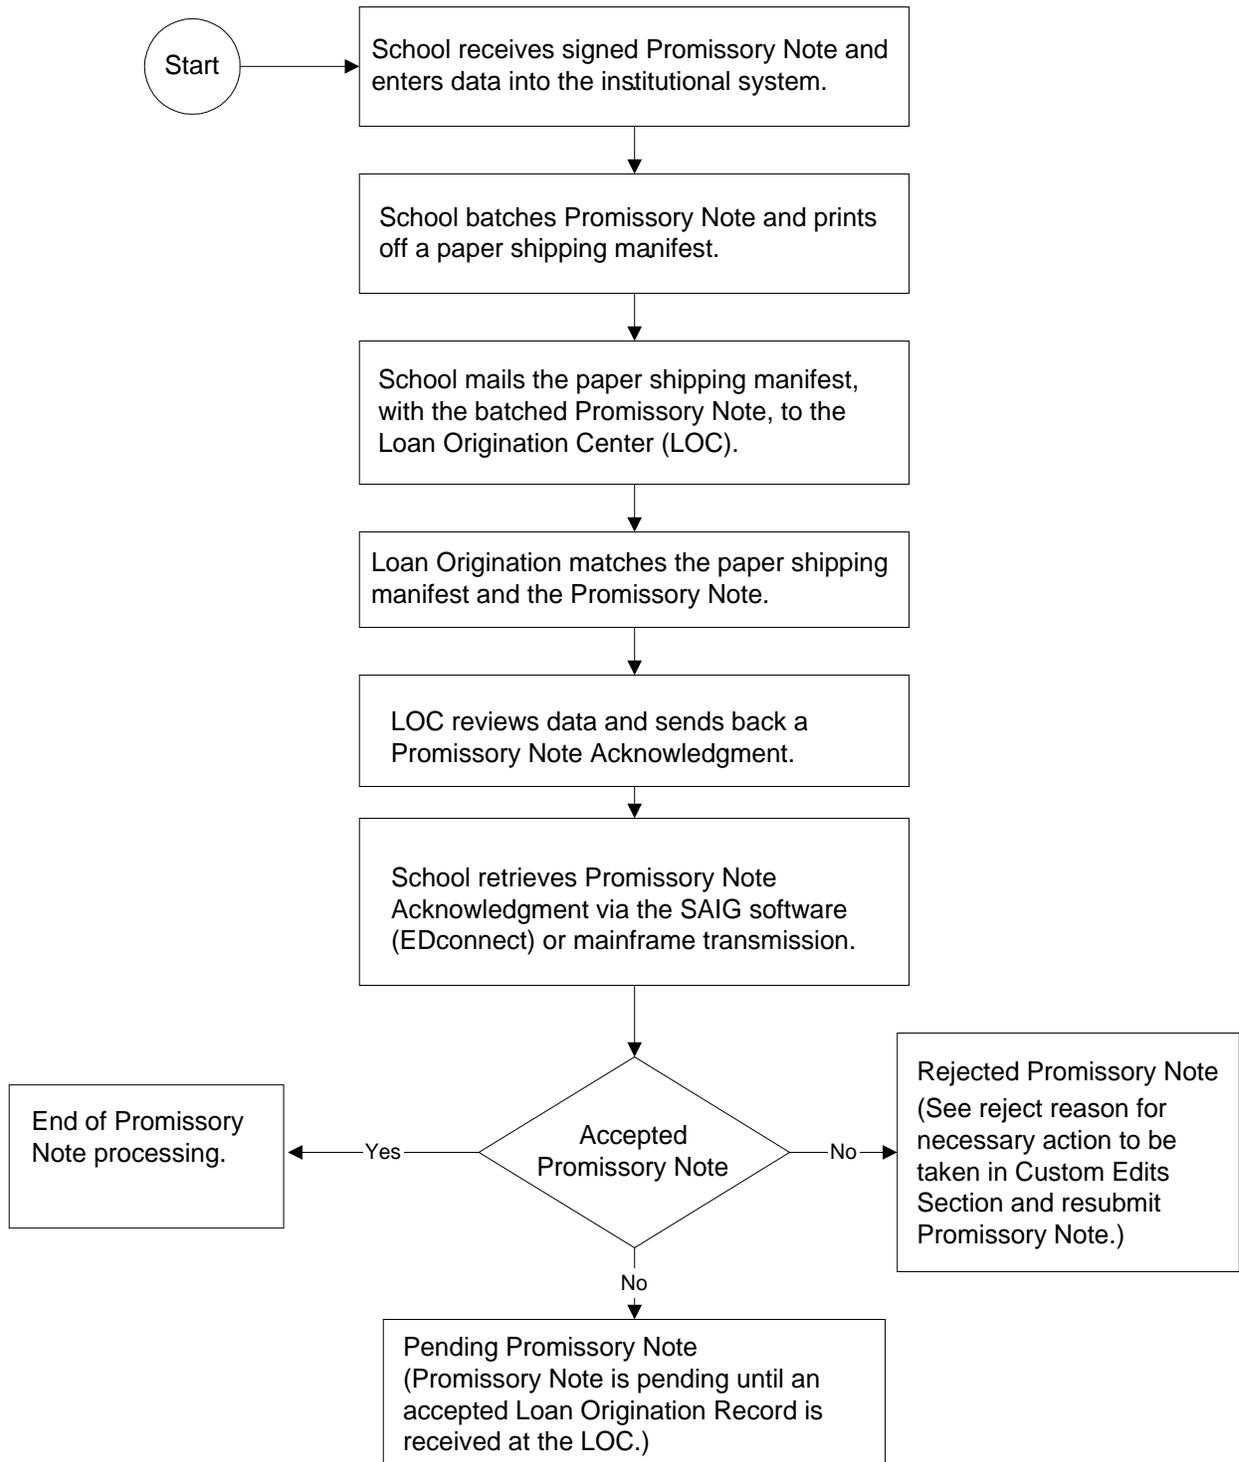

The DIPA01OP file contains a code in field 4 (Promissory Note Status) that returns one of three values: A (Accepted), R (Rejected), or X (Pending). The three categories of reason codes are associated with the actions the school is required to take to resolve the rejected notes.

Promissory Note Rejects

These codes indicate why the promissory note was rejected. A new promissory note must be printed with corrected data. The note must be resubmitted to the LOC and included in a subsequent batch.

Promissory Note Reject codes are mainly handled through a manual process. However, there are two electronic error codes that are received, error code "01" and "S". Once the Promissory Notes are received in the mailroom, they are manually inspected for missing or incorrect information. A generic checklist is used. If it is determined that there are errors or that information is missing, then the checklist will be marked in the appropriate blank for the error and returned to the school or borrower (Standard Option schools). A copy of the Checklist is included in the appendix.

Promissory Note Process

Promissory Note Anticipated Disbursement Values

Promissory note anticipated disbursement values (DIPA01OP, Fields 6–25) are returned to **all** schools. When a borrower adjusts the Loan Amount Requested on the paper promissory note (PLUS) and returns the note to the LOC, the LOC will recalculate the anticipated disbursements. If amounts are unchanged, these fields are returned with the amounts indicated in the Loan Origination Record.

Option 2 and Option 1 schools **may** recalculate and store amounts changed on the promissory note before submitting the note to the LOC.

Funds Drawdown

Tracking Cash and Receipt of Cash

Note: See Custom Overview Section for definitions of school Options 1, 2, and Standard.

Tracking Cash

Schools must maintain an accurate cash balance record by tracking fund drawdowns and return of excess cash transactions. A Receipt of Cash transaction is a result of Direct Loan funds being transferred to the schools' account from the Grants Administration Payment System (GAPS). An Excess Cash transaction is a result of funds being returned to the LOC as directed by cash management regulations. Each transaction should be stored as a unique record. Multiple transactions should not be considered in the aggregate.

Receipt of Cash

As the funds are received, the school needs to track the receipts of cash. The school must create one cash receipt record for each drawdown received from the GAPS and must assign a year indicator. Cash receipts (drawdown) cannot be combined even if received on the same day.

Return of Excess Cash (Return of Undisbursed Drawdown Funds)

A school must return undisbursed drawdown funds to the Department. The school can either return undisbursed funds by check to the LOC or transmit funds by wire through the Federal Reserve Bank. The school must also assign a year indicator. The school must create one return of excess cash record for each check or wire transfer returned. Return of excess cash transactions can be combined if returned on the same day.

Note: For more details on Tracking Cash, Receipt of Cash, and Return of Excess Cash see the Direct Loan School Guide and the appropriate Direct Loan Bulletins.

Disbursement

For Option 2, Level 1 schools, once the school has acknowledgment that a completed and signed promissory note is on file, and the borrower meets eligibility requirements, the school can make a loan disbursement to the student or parent (either by check or by crediting the student's account). However, for Option 1, Level 2 and Standard Options schools there must be an accepted promissory note on file at the LOC.

Schools will submit a file (DESD01IN) containing disbursement activity by Loan ID. Each actual disbursement transaction is considered by the LOC to be a unique transaction and is treated as such for reconciliation purposes. For example, once a disbursement has been submitted to the LOC, any modification to the disbursement amount would require another disbursement record. Schools should store each transaction submitted to the LOC on their databases.

The LOC edits the information against the loan origination record data stored on its system. See the Disbursement Reject Codes table in this guide for a list of LOC edits.

The LOC returns an acknowledgment (DIOD01OP) to the school indicating whether or not each disbursement record has been accepted. This acknowledgment is the same record layout as the disbursement export file. The school may receive a record from the LOC indicating the disbursement record has been rejected. The school needs to resolve the reject and retransmit it to the LOC.

The cancellation process has been replaced by a process of adjusting individual disbursements and/or Loan Amount Approved to zero. This provides the schools more flexibility by simply recording and sending the LOC an upward adjustment if the loan or disbursement is to be re-activated. There is no longer the record type C = Canceled Disbursement (Actual). Instead disbursements will be adjusted to \$0.

In addition, disbursement type “Q”, Adjusted Disbursement Date, is available for making adjustments to the actual disbursement date. The “Q” transaction can only be used after the school has sent an actual disbursement and received the disbursement acknowledgment from the LOC.

Disbursement record types L and M have been added to assist you in determining when a disbursement activity has booked at the LOC. This record type is returned to you in the #B batch.

In addition, record type “P” has been added to indicate refunds (payments received up to 120 days from disbursement) received from the borrower at Servicing. If the borrower makes a payment to Servicing, this is indicated by a negative amount. If there is a reversal of the payment, this is indicated by a positive amount. This record type is returned to you in the SP batch.

Disbursement Record Types

The six kinds of Disbursement Records are:

- Disbursement = record type D (#H)
- Adjusted Disbursement Amount = record type A (#H)
- Adjusted Disbursement Date = record type Q (#H)
- Booking Disbursement = record type L (#B)
- Booking Adjustment = record type M (#B)
- Servicer Refund = record type P (SP)

A Disbursement record contains data for the initial disbursement for a given disbursement number.

An Adjusted Disbursement Amount record is transmitted to the LOC when the amount of a disbursement needs to be increased or decreased. This includes disbursements being adjusted to zero. Refer to the DL School Guide and appropriate DL Bulletins for further information

An Adjusted Disbursement Date record is transmitted to the LOC when the date of an original disbursement needs to be changed.

A Booking Disbursement notification is transmitted to the school when the disbursement books at the LOC.

A Booking Adjustment notification is transmitted to the school when the adjustment amount books at the LOC.

A Servicer Refund Transaction is transmitted to the school when the LOC receives notification from Servicing that a refund has been sent to Servicing by the borrower.

Process Loan and Disbursement Adjustments to \$0 (Making a Loan Inactive)

To adjust an entire loan to \$0 (**making a loan inactive**) you must:

- Adjust any actual disbursements to \$0.
- Send a Loan Origination Change Record adjusting the anticipated disbursements and the Loan Amount Approved to \$0.

All activity can be generated and transmitted on the same day.

Adjustments to \$0 occur for a variety of reasons.

- If the student or parent no longer wants, or is entitled to, the entire loan or a specific loan disbursement.
- If the student is not attending school.
- If the student or parent decides not to borrow after a loan has been originated.
- If the money is returned within 120 days of actual disbursement date.
- If the school needs to change the Loan Origination Fee. (See the Implementation Guide for procedures.)

When an entire loan is adjusted to \$0 and actual disbursement(s) have already been made, all principal and fees are eliminated as if they were never committed. Likewise, when a disbursement is adjusted to \$0, the principal and fees for that disbursement are eliminated. If you adjust an individual disbursement to \$0, that change is sent as a disbursement record.

Adjusting a loan to \$0 to change the Loan Origination Fee (2 step process)

- Adjust any actual disbursement to \$0. Send a Loan Origination Change Record adjusting the anticipated disbursements and the Loan Amount Approved to \$0. (The fee can also be adjusted at this time. Sending the fee in this step is optional if you send it on the second step in the specified order). These records can be processed in the same cycle.
- Send the change record to adjust the fee. Adjust the entire loan back up. (The change for the origination fee must be the 1st change on the change record to process the fee correctly. If you have multiple change records being transmitted, the origination fee change must be the first change on the first change record.)

Timing

For Option 1 and 2 schools, disbursement records are sent after the school has received a signed valid promissory note from the borrower. For Standard schools, disbursement records are sent to the LOC after you have received an accepted promissory note acknowledgement for the borrower. Schools should take care to ensure that the disbursement record cycle is complete at a record level before transmitting change records for adjustments to \$0.

Sequence of Disbursement Records

The LOC sorts and processes disbursement records by Loan ID, Disbursement Number, and Disbursement Sequence Number. Remember, disbursement activity must be submitted to the LOC within 30 days of the transaction date.

Disbursement Confirmation (For Schools in the Confirmation Pilot)

Schools participating in the Confirmation Pilot receive authorization from the borrower for the disbursement of funds under a Direct Subsidized Loan or a Direct Unsubsidized Loan. An Affirmation Flag exists on the Disbursement/Disbursement Acknowledgment. This flag indicates that the borrower at the school has confirmed the disbursement.

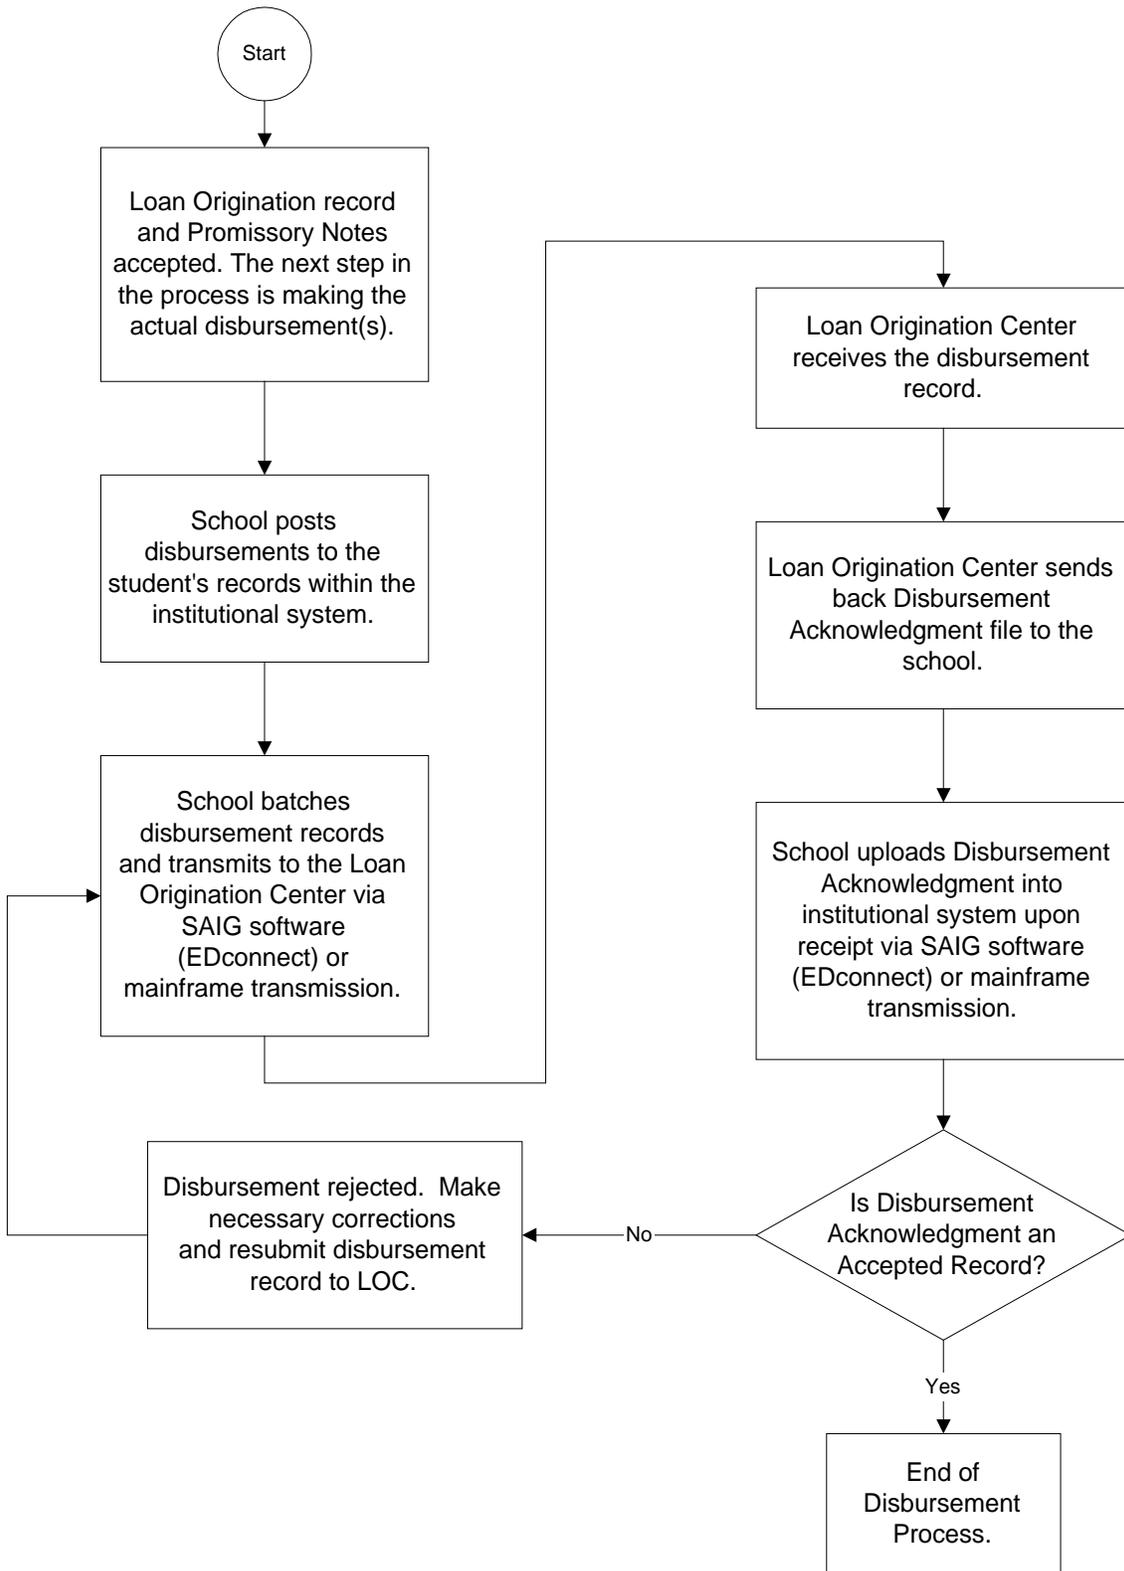

Disbursement Acknowledgments from the LOC

The LOC returns one acknowledgment record for each Disbursement Record submitted by the school. All records in the export file will be acknowledged in the import file. The import file header will contain the batch ID of the export file. The acknowledgment record is in the same format as the Disbursement Record. If the LOC calculates different amounts than reported by the school, these amounts will be returned in the acknowledgment. If there is no change to the amounts, these fields are returned blank, in the DIOD01OP file.

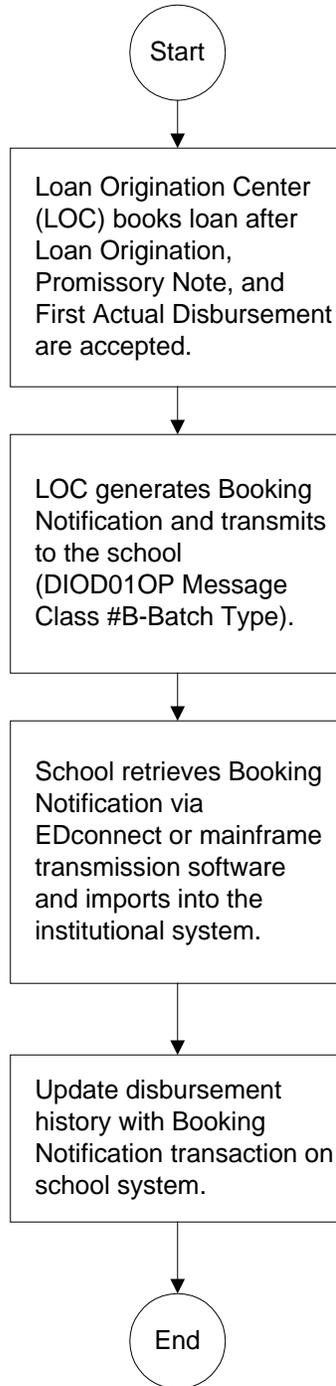

Note: The disbursement acknowledgment date will always be blank on the disbursement record (DESD01IN) going to the LOC. Please do not zero fill.

The disbursement acknowledgment date will be provided by the LOC in the disbursement acknowledgment (DIOD01OP) transmitted from the LOC.

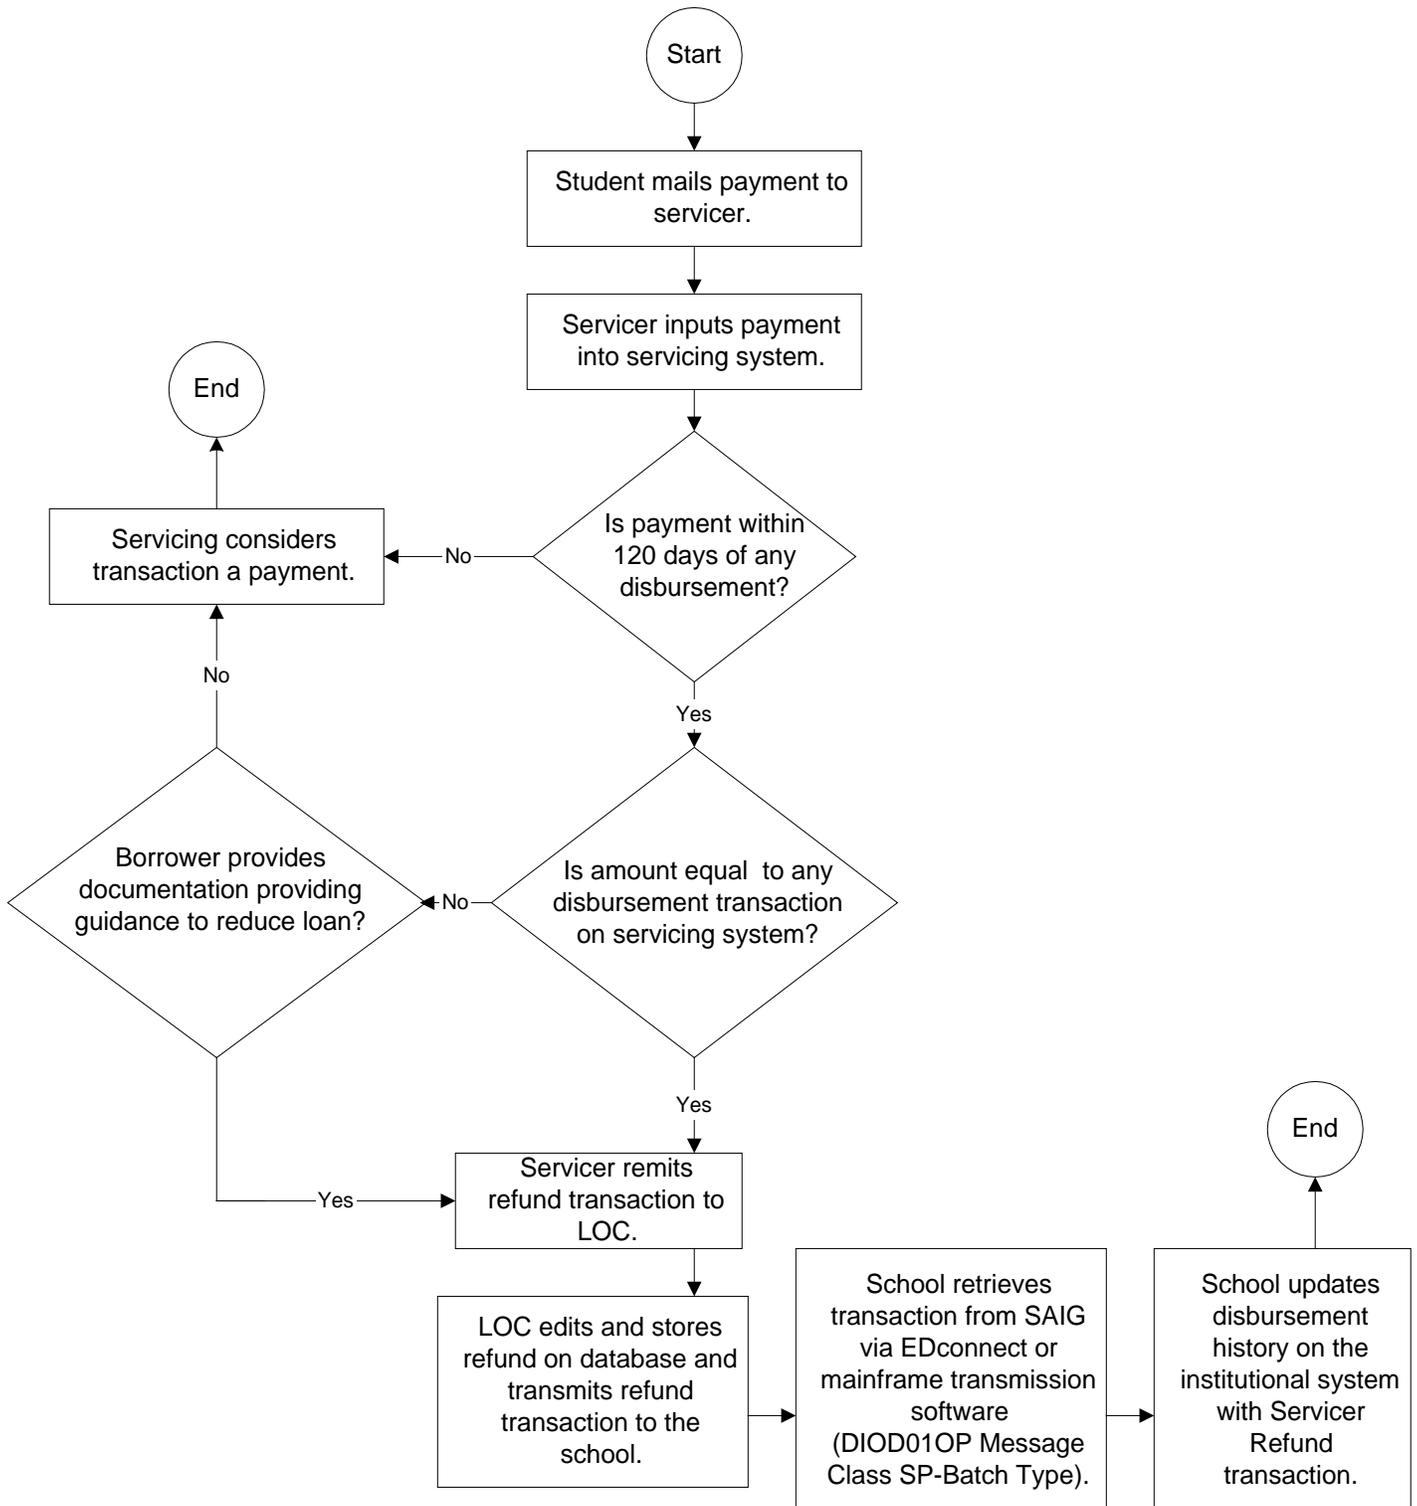

Disbursement Process

Booking Notification Process

Servicer Refund Process

School Reconciliation

Schools must reconcile the school's Direct Loan records on file at the LOC with the school's internal Direct Loan records. This process is School Reconciliation and should be performed by the school on a monthly basis. For more details see the Direct Loan School Guide.

School Reconciliation for 2000–2001 Direct Loan School Account Statement (DLSAS)

LOC initiates the reconciliation process. On a monthly basis, the LOC sends a Direct Loan School Account Statement (DLSAS) to each school (designated by DL school code) in the Direct Loan program. This electronic file may be imported and formatted for printing to look similar to a bank statement. The School Account Statement reports on the LOC data on cash balances, cash details, booked loans, and booked or unbooked disbursement transactions. Three types of reconciliation data are sent to the schools: Cash Summary, Cash Detail, and Loan Detail. Each school will be responsible for reviewing the monthly statement to ensure the accuracy of the data. This data must also be reconciled to the school's internal student account records and bank records.

School Options

A school may elect to receive only the Cash Summary and Cash Detail sections on the monthly School Account Statement, omitting the Loan Detail records. Schools initially receive the full file; contact the LOC if you want to receive the file without the Loan Detail records.

Additionally, a school may elect to send the LOC an electronic file, the Optional Loan Detail Exception File, with Year-to-Date (YTD) unbooked transactions *or* booked transactions for a particular month. The LOC compares the school's data sent in this file with that of the LOC. A preformatted Exception Report is returned to the school if there are discrepancies or exceptions to be resolved. This process assists the schools in resolving discrepancies found while reviewing the monthly DLSAS. A school initiates this process simply by sending the Loan Detail Export file to the LOC.

Resolving Discrepancies

These two processes, the DLSAS and the Optional Loan Detail Exception File, assist the schools with reconciling their data with the data at the LOC. When discrepancies are found, schools should go back and

- Ensure that all origination, promissory note, and disbursement processing has been completed.
- Export all pending data batches for origination records, promissory notes, and disbursements.
- Import all pending data batches to update the accepted status and booked status flags on your school's system.

Custom schools and software vendors may develop reports to resolve discrepancies on the DLSAS. Sample reports and descriptions are provided in Appendix.

Management Files from the LOC

The LOC will routinely return certain reports to your SAIG mailbox. These reports are preformatted in ASCII text and have their own message class names.

The 30-Day Warning Report

The 30-Day Warning Report is a file reporting unbooked loans (DIWR01OP) for which the LOC has not received the three required elements to “book” a loan within 30 days of the first activity. The report lists the Loan ID and the data that is required to book the loan. Loans where the Loan Amount Approved is adjusted to \$0 do not appear on the 30-Day Warning. This file is generated weekly by the LOC.

The Duplicate Student Borrower Report

The Duplicate Student Borrower Report is a file reporting student borrowers at multiple schools with loans for the same or overlapping academic years.

The Inactive Loan Report

The Inactive Loan report is a file reporting loans that have been adjusted to \$0.

The Anticipated Disbursement List

The Anticipated Disbursement List file (DIAA01OP) is transmitted to Option 1 and Standard Option schools only. This file lists all pending anticipated disbursements scheduled 30 to 45 days in the future. The LOC generates this file based on accepted full origination records and accepted promissory notes for your school. Schools should submit full origination records, changes, and promissory notes to the LOC for anticipated disbursements not included on the list but the school intends to make. The report contains at a minimum the following data elements:

- Direct Loan School Code for Borrowers on Report
- LOAN ID
- Borrower’s Name
- Loan Type
- Disbursement Number (01- 20)
- Anticipated Gross Disbursement Amount
- Anticipated Net Disbursement Amount
- Anticipated Loan Fee Amount
- Number of Borrowers on the Listing

The Actual Disbursement Roster

The Actual Disbursement Roster file (DIA001OP) is transmitted to Option 1 and Standard Option schools only. The Actual Disbursement Roster is transmitted to schools 5 business days prior to the anticipated disbursement date. This file lists all the Loan IDs and anticipated disbursement data on which the LOC has requested funds. Funds transferred to the school from GAPS must be disbursed to the borrowers based on the Actual Disbursement Roster. The LOC includes borrowers on this report based on anticipated disbursements on accepted Loan Origination Records submitted to the LOC at least 10 business days prior to the anticipated disbursement date. The report contains at a minimum the following data elements:

- Direct Loan School Code for Borrowers on Report
- LOAN ID
- Borrower's Name
- Loan Type
- Disbursement Number (1-20)
- Anticipated Gross Disbursement Amount
- Anticipated Net Disbursement Amount
- Anticipated Loan Fee Amount
- Number of Borrowers on the Roster
- Total Net Disbursement for the Roster
- Anticipated Disbursement Date

Batch Processing and Batch IDs

All data exchanged between schools and the LOC must be in the required record layout format. Data must be submitted to the LOC in groups of like types. Each data type has a specific record layout, i.e., full origination, disbursements, etc. Therefore each record set is considered a separate batch. Every batch must contain a header and trailer record (see Custom Layouts). The batch header contains a batch identifier that is unique to the export batch.

The Batch Integrity Rule

The LOC returns an acknowledgment record for every record the school submits. If a school submits a full origination batch of 1,000 records, the LOC will return an acknowledgment file responding to only those 1,000 records. The acknowledgment file always contains the Batch ID of the corresponding submission. This rule applies for full origination records, change records, and disbursement records initiated by the school. However, it does not apply to promissory note manifest records and acknowledgments. To expedite school processing, the LOC acknowledges promissory notes as they are accepted, rather than holding the entire batch until all notes are accepted.

Rounding Logic

In 2000-2001, you can have up to 20 anticipated and 20 actual disbursements.

The following fields need to be calculated when **STAFFORD disbursements** are entered or changed:

Field Name	Description
Loan Amount Approved	From loan record
1 st Gross Disbursement Amount	Per Gross Disbursement Calculations
1 st Fee Amount	1 st Gross Amount X Loan Fee Rate (3%)
1 st Net Disbursement Amount	1 st Gross Amount - 1 st Fee Amount
2 nd Gross Disbursement Amount	Per Gross Disbursement Calculations
2 nd Fee Amount	2 nd Gross Amount X Loan Fee Rate (3%)
2 nd Net Disbursement Amount	2 nd Gross Amount - 2nd Fee Amount
Optional:	
3 rd through 20 th Gross Disbursements:	Per Gross Disbursement Calculations
3 rd through 20 th Fee Amount	3 rd through 20 th Gross Amount X Loan Fee Rate (3%)
3 rd through 20 th Net Disbursements	3 rd through 20 th Gross Amount - 3 rd through 20 th Fee Amount
Total Gross Disbursements	Sum of all gross disbursements
Total Fee Amount	Sum of all fee amounts
Total Net Disbursements	Sum of all net disbursements

Rounding Logic (Continued)

The following fields need to be calculated when **PLUS disbursements** are entered or changed:

Field Name	Description
Loan Amount Approved	From loan record
1st Gross Disbursement Amount	Per Gross Disbursement Calculations
1 st Fee Amount	1 st Gross Amount X Loan Fee Rate (4%)
1 st Net Disbursement Amount	1 st Gross Amount - 1 st Fee Amount
2 nd Gross Disbursement Amount	Per Gross Disbursement Calculations
2 nd Fee Amount	2 nd Gross Amount X Loan Fee Rate (4%)
2 nd Net Disbursement Amount	2 nd Gross Amount - 2 nd Fee Amount
Optional:	
3 rd /4 th Gross Disbursements:	Per Gross Disbursement Calculations
3 rd /4 th Fee Amount	3 rd /4 th Gross Amount X Loan Fee Rate (4%)
3 rd /4 th Net Disbursements	3 rd /4 th Gross Amount - 3 rd /4 th Fee Amount
Total Gross Disbursements	Sum of all gross disbursements
Total Fee Amount	Sum of all fee amounts
Total Net Disbursements	Sum of all net disbursements

Gross Disbursement Calculations

With the implementation of the option to disburse up to 20 disbursements, disbursement percentages are removed.

When determining disbursement amounts for a loan, dollar figures are rounded to the nearest dollar and all disbursements are equal except, for in some cases, the last disbursement.

When computing gross disbursement amounts, use the following specifications:

Step 1: Divide the loan amount approved by the total number of disbursements to calculate an individual disbursement amount.

- If necessary, first truncate any positions that exist past two decimal places.

Step 2: Round the individual disbursement amount. Rounding occurs at the first and second decimal places to the nearest dollar.

- If the first and second decimal places are 50 or greater, increment the first digit to the left of the decimal sign by one.
- If the first and second decimal places are less than 50, do not change the first digit to the left of the decimal sign.
- **Note:** The individual disbursement amount equals the amount of all disbursements except for the amount of the last disbursement.

Step 3: To determine the amount of the last disbursement, multiply the individual disbursement amount by the number of disbursements.

- If the sum of the disbursements is greater than the loan amount approved, ~~there is a negative variance~~ **subtract the difference from the last disbursement.**
- If the sum of the disbursements is less than the loan amount approved, ~~there is a positive variance~~ **add the difference to the last disbursement.**
- The variance is applied to the **last** disbursement.
- ~~If there is a positive variance, subtract the variance from the individual disbursement amount to derive the last disbursement amount.~~
- ~~If there is a negative variance, add the variance to the individual disbursement amount to derive the last disbursement amount.~~

Example 1: A calculation for two disbursements

Loan Amount Approved: \$2625

Step 1: 2625 divided by 2 = 1312.5000

First truncate any positions that exist past two decimals as rounding occurs at the first and second decimal places.

Therefore 1312.5000 truncates to 1312.50

Step 2: Round at the first and second decimal places to determine the individual disbursement amount.

- If the first and second decimal places are .50 or greater, increment the first digit to the left of the decimal sign by one.
- If the first and second decimal places are less than .50 do not change the first digit to the left of the decimal sign.
- 1312.50 rounds to 1313. Therefore, all disbursement amounts are 1313 except the last disbursement.

Step 3: To determine the last disbursement amount, multiply the individual disbursement amount by the number of disbursements.

1313 multiplied by 2 = 2626

- ~~If the sum of the disbursements is greater than the loan amount approved, there is a negative variance. Add the variance to the individual disbursement amount to calculate the amount of the last disbursement.~~
- ~~If the sum of the disbursements is less than the loan amount approved, there is a positive variance. Subtract the variance from the individual disbursement amount to derive the amount of the last disbursement.~~

~~Therefore, s~~Since \$2626 is more than \$2625 ~~there is a positive variance of \$1 you~~ **subtract the difference of \$1.** The last disbursement is equal to \$1313 - \$1 or \$1312.

Final Results: 1st Gross Disbursement Amount = 1313

2nd Gross Disbursement Amount = 1312

Example 2: A calculation for three disbursements

Loan Amount Approved: \$1000

Step 1: 1000 divided by 3 = 333.3333

First truncate any positions that exist past two decimals as rounding occurs at the first and second decimal places.

Therefore 333.3333 truncates to 333.33

Step 2: Round at the first and second decimal places to determine the individual disbursement amount.

- If the first and second decimal places are .50 or greater, increment the first digit to the left of the decimal sign by one.
- If the first and second decimal places are less than .50 do not change the first digit to the left of the decimal sign.
- 333.33 rounds to 333. Therefore, all disbursement amounts are 333 except the last disbursement.

Step 3: To determine the last disbursement amount, multiply the individual disbursement amount by the number of disbursements.

333 multiplied by 3 = 999

- ~~▪ If the sum of the disbursements is less than the loan amount approved, there is a negative variance. Add the variance to the individual disbursement amount to calculate the amount of the last disbursement.~~
- ~~▪ If the sum of the disbursements is greater than the loan amount approved, there is a positive variance. Subtract the variance from the individual disbursement amount to derive the amount of the last disbursement.~~

~~Therefore, s~~Since \$999 is less than \$1000 ~~there is a negative variance of \$1.~~ ***you add the difference of \$1.*** The last disbursement is equal to \$333 + \$1 or \$334.

Final Results: 1st Gross Disbursement Amount = \$333
 2nd Gross Disbursement Amount = \$333
 3rd Gross Disbursement Amount = \$334
 Total Loan Amount = \$1000

Example 3: A calculation for six disbursements

Loan Amount Approved: \$22,167

Step 1: 22167 divided by 6 = 3694.5000

First truncate any positions that exist past two decimals as rounding occurs at the first and second decimal places.

Therefore 3694.5000 truncates to 3694.50

Step 2: Round at the first and second decimal places to determine the individual disbursement amount.

- If the first and second decimal places are .50 or greater, increment the first digit to the left of the decimal sign by one.
- If the first and second decimal places are less than .50, do not change the first digit to the left of the decimal sign.

3694.50 rounds to 3695. Therefore, all disbursement amounts are 3695 except the last disbursement.

Step 3: To determine the last disbursement amount, multiply the individual disbursement amount by the number of disbursements.

3695 multiplied by 6 = 22170

- ~~If the sum of the disbursements is less than the loan amount approved, there is a negative variance. Add the variance to the individual disbursement amount to calculate the amount of the last disbursement.~~
- ~~If the sum of the disbursements is greater than the loan amount approved, there is a positive variance. Subtract the variance from the individual disbursement amount to derive the amount of the last disbursement.~~

~~Therefore, sSince \$22170 is more than \$22167 there is a positive variance of \$3~~
you subtract the difference of \$3. The last disbursement is equal to \$3695 - \$3 or \$3692.

Final Results: 1st Gross Disbursement Amount = \$3695

2nd Gross Disbursement Amount = \$3695

3rd Gross Disbursement Amount = \$3695

4th Gross Disbursement Amount = \$3695

5th Gross Disbursement Amount = \$3695

6th Gross Disbursement Amount = \$3692

Total Loan Amount = \$22,167

Loan Fees and Net Disbursement Calculations

When calculating loan fee amounts and net disbursement amounts, use the following specifications for all numbers of disbursements:

- Loan Fees are truncated.
- Net disbursements are calculated by subtracting the loan fee from the gross disbursement.
- If the sum of the loan fee amounts is less than the calculated Total Loan Fee, do not adjust any loan fee amounts.
- If the sum of the net disbursement amounts is greater than the calculated Total Net Disbursement, do not adjust any net disbursement amounts.

Example : Loan Fee Calculation

Total Gross Disbursement Amount = \$3500

Loan Fee Rate = 3%

Three Gross Disbursement Amounts = \$1167, \$1167 and \$1166

Step 1: 1st Loan Fee Amount: $1167 \times .03 = \$35.01$, truncate to \$35

Step 2: 2nd Loan Fee Amount: $1167 \times .03 = \$35.01$, truncate to \$35

Step 3: 3rd Loan Fee Amount: $1166 \times .03 = \$34.98$, truncate to \$34

Step 4: Total Loan Fee Amount = $35 + 35 + 34 = 104$

Step 5: 1st Net Disbursement Amount = $1167 - 35 = 1132$

Step 6: 2nd Net Disbursement Amount = $1167 - 35 = 1132$

Step 7: 3rd Net Disbursement Amount = $1166 - 34 = 1132$

Step 8: Total Net Disbursement Amount = $1132 + 1132 + 1132 = 3396$

Final Results:

	Disbursement #1	Disbursement #2	Disbursement #3	Totals
Gross Disbursements	1167	1167	1166	3500
Loan Fees	35	35	34	104
Net Disbursements	1132	1132	1132	3396

Leap Year Logic

EDEXpress uses the following date format and leap year logic in the date fields on its databases:

- The date field format is CCYY/MM/DD.
- For (CC), the date field must contain only 19 or 20.
- For (YY), the date field must contain only 00–99.
- For month (MM), the date field must contain only 01–12.
- For day (DD), valid range depends on the month, as follows:

<u>Month</u>	<u>Valid Day Range</u>
01	01–31
02	01–28 (unless year is divisible by 4 when 01–29 is valid)
03	01–31
04	01–30
05	01–31
06	01–30
07	01–31
08	01–31
09	01–30
10	01–31
11	01–30
12	01–31

Implementation Guide

4.1 Overview

The purpose of this section is to assist Direct Loan Custom Schools, Third Party Servicers, and Software Vendors with implementing the system changes for the 2000-2001 Direct Loan Program. This section describes each 2000-2001 Direct Loan modification and is a companion to the record layouts and edits contained in Section 1 and Section 2. Questions pertaining to this section should be directed to the LOC at **800/848-0978**.

An overview of the 2000-2001 Direct Loan modifications is provided in “*2000-2001 Modifications at a Glance*.”

To help users understand the new guidelines, the modifications have been classified into seven specific functional areas:

- Loan Origination and Change Records
- Disclosure Statement
- Disbursement Records
- Promissory Notes
- Reports
- Servicing Interface
- Web Access

Within each functional area, individual modifications are described and discussed. This discussion includes the business rules for implementation and when applicable an example for the modification.

If you have questions regarding the material in this section, please call the Direct Loan Origination Center (LOC) between the hours of 8:00 a.m. and 8:00 p.m. (ET).

800/848-0978

4.2 2000-2001 Modifications at a Glance

A matrix of the 2000–2001 modifications begins on the next page. We hope this matrix serves as a quick reference for 2000-2001 changes.

~~1999-2000~~ 2000-2001 Modifications at a Glance

1999-2000 2000-2001 Modifications	New Process/ Procedure	New Edit	Redesign Record Layout	New or Redefined Field(s)	New Change Transmit Field(s)	New or Redefined Reject Codes	New Report/ New Format	Eliminate Fields, & Reject Codes
3.1 Allow Multiple Origination Fee	X	X		X	X			
3.2 LOC to calculate the Anticipated Completion Date	X		X					X
4.1 Redesign Disclosure Statement and Printing Process	X	X	X	X	X	X		
5.1 Allow up to 20 Anticipated Disbursements	X	X	X	X	X	X		
5.2 Send Booking Notification to Schools	X		X				X	X
5.3 Eliminate Requiring Actual Disbursements to be received in Chronological order.	X							X
6.1 Implement Multi-Year Functionality for MPN	X	X				X		
6.2 Eliminate Promissory Note Print Sequence fields.	X		X					X
7.1 Notify schools of Disbursement Activity not yet booked at Servicing	X						X	X
8.1 Process Refunds received by Servicing from a borrower and Transmit data to Schools	X			X				
9.1 Provide Online access to LOS to schools (view only)	X							
9.2 Provide Web Credit Check access to schools.	X	X		X		X		
9.3 Provide Online access to GAPS data for schools.	X							

4.3 Loan Origination

4.3.1 Allow Multiple Origination Fees

2000-2001 Modification: The loan origination fee has been 4% for all Direct Loans since the inception of the Direct Loan Program. In August 1999, Federal regulations passed by Congress permits a loan origination fee of 3% for Direct Subsidized and Unsubsidized loans. The PLUS loan origination fee remains at 4%. Direct Subsidized and Unsubsidized loans eligible for the 3% loan origination fee are those with the first anticipated disbursement on or after August 15, 1999.

Previously, the schools used a 4% percent origination fee for all loans. The fee amount is computed by multiplying the Gross Anticipated Disbursement amount by the origination fee of 4 percent. This origination fee is reflected on anticipated and actual disbursements. **For 2000-2001**, the LOC calculates the fee amount based on the type of loan the borrower receives. If a student receives a Direct Subsidized or Unsubsidized loan, the student is eligible for the loan origination fee of 3%. The standard 4% loan origination fee still applies to all PLUS loans.

Business Rules:

- All loans for years prior to 1999-2000 continue to have the 4% loan origination fee.
- Direct Subsidized and Unsubsidized loans for 2000-2001 have a loan origination fee of 3%.
- PLUS loans continue to have the 4% loan origination fee.
- A new field for the loan origination fee is added to the Loan Origination Record (Field #104).
- The loan origination fee can be changed through the change record for 2000-2001 loans and forward (Change field #S116).
- When a change to the loan origination fee is necessary, the school must make the loan inactive. (The process of making a loan inactive has been simplified. See Custom System Requirements, Section 3 for the process of making a loan inactive.)
- If the loan origination fee on the Loan Origination Record (LOR) is not a valid origination fee, the record rejects with error code 97 (Fee is Invalid).
- If the loan origination fee on the LOR is not equal to the calculated origination fee on the anticipated disbursement fee amount, the record rejects with error code 18 (Loan Fee Amount does not Reflect the Current Loan Fee Percentage).
- If a loan origination fee change is received and the loan is active, the record rejects with error code 96 (Loan not inactive for fee change).

Business Rules (Continued):

- If the calculated loan origination fee for the disbursement fee amount on the disbursement record is not equal to the loan origination fee stored at the LOC, the record rejects with error code 30 (Fee on Disbursement Amount does not match Fee on LOR).
- The loan origination fee is a numeric five-character field with an implied decimal in the second position from the left. Three percent is indicated as 03.000 and 4% is indicated as 04.000.

4.3.2 LOC to Calculate Anticipated Completion Date

2000-2001 Modification: The requirement for a school to submit the Anticipated Completion Date on the LOR has been eliminated. The LOC now calculates the Anticipated Completion Date based on a devised formula. Upon implementation, this modification affects all years.

Currently, the LOC receives the Anticipated Completion Date (ACD) field in the Loan Origination Record (LOR) from the schools. If the ACD is more than 6 years past the loan period start date, the LOC accepts the LOR, but stores the ACD as a date 6 years past the loan period start date. The LOC then sends the ACD to Servicing.

Starting in 2000-2001, instead of the schools sending the Anticipated Completion Date in the LOR, the LOC automatically calculates the ACD and transmits it to Loan Servicing. The ACD field has been removed from the Loan Origination Record (LOR). The LOC calculates the ACD based on the loan period, the student's grade level, and the schools program length. Changes or corrections can be made to the ACD through the Student Status Confirmation Report (SSCR) process only.

If an LOR is sent to the LOC for 1999-2000 loans and prior with the ACD in the record layout, the LOC ignores this field and calculates the ACD using the student's grade level, loan period, and program length.

Business Rules:

- The LOC calculates the ACD for all loan years submitted.
- For 2000-2001 the ACD has been removed from the LOR (field #16).
- The LOR error code 35 (ACD must be after the loan period start date) has been removed.
- The LOR error code 77 (ACD cannot be before loan period end date) has been removed.
- The LOC ignores the ACD field on the LOR submitted for all previous loan years.
- The LOC calculates the ACD based on the loan period, the student's grade level, and the school's program length for each new loan.
- The LOC passes the calculated ACD to Loan Servicing.
- Loan Servicing uses the date calculated by the LOC to place the borrower in repayment (unless the date is updated through the SSCR process).
- The ACD is distributed to NSLDS via Loan Servicing.

See table on the next page for ACD calculation guidelines.

The following guidelines are used to calculate the Anticipated Completion Date.

School's Program Length	Students Grade Level	ACD
Short Term (>300 Hours)	All Grade Levels	LPED
Graduate/Professional (<300 Hours)	All Grade Levels	LPSD + 2 Years
Non-Degree (> 600Hours)	All Grade Levels	LPED
Non-Degree (1 Yr/900 Hours)	All Grade Levels	LPSD + 1 Year
Non-Degree (2 Yr/1800 Hours)	First Year	LPSD + 2 Years
	Second Year and Up	LPSD + 1 Year
Associate's Degree	First Year	LPSD + 2 Years
	Second Year and Up	LPSD + 1 Year
Bachelor's Degree	First Year	LPSD + 4 years
	Second Year	LPSD + 3 Years
	Third Year	LPSD + 2 Years
	Fourth Year and Up	LPSD + 1 Year
First Professional Degree	First Year	LPSD + 5 Years
	Second Year	LPSD + 4 Years
	Third Year	LPSD + 3 Years
	Fourth Year	LPSD + 2 Years
	Fifth Year and Up	LPSD + 1 Year
Master's or Doctor's Degree	First Year	LPSD + 5 Years
	Second Year	LPSD + 4 Years
	Third Year	LPSD + 3 Years
	Fourth Year	LPSD + 2 Years
	Fifth Year and Up	LPSD + 1 Year
Professional Certification	All Grade Levels	LPSD + 2 Years
U/G Previous Degree Required	First Year	LPSD + 3 Years
	Second Year	LPSD + 2 Years
	Third Year and Up	LPSD + 1 Year
Three Plus Year	First Year	LPSD + 3 Years
	Second Year	LPSD + 2 Years
	Third Year and Up	LPSD + 1 Year
2 Year Transfer	First Year	LPSD + 2 Years
	Second Year and Up	LPSD + 1 Year

LPSD = Loan Period Start Date

LPED = Loan Period End Date

4.3.2.2 Examples

NOTE: For this modification schools do not have to make the calculations. The following examples are provided to assist schools in understanding the way the ACD is calculated.

Example 1: If a school sends in an LOR with the ACD included for a loan for a previous year (1999-2000), the LOC ignores and computes the ACD based on the students grade level, loan period, and program length supplied by the school on the LOR. (See the chart on the previous page for specific values).

A student at any grade level (1-7), with a short term program length of less than 300 hours, will have the loan period end date (LPED) as their ACD.

A student at grade level 3, working on a bachelor's degree (school's program is certified as a Bachelor's degree program), with a loan period start date of 08/01/2000, will have an anticipated completion date of 08/01/2002 (LPSD plus two years).

Example 2: If a school sends in an LOR for a 2000-2001 loan, there will not be a field on the LOR to send the ACD. The LOC automatically calculates the ACD based on the loan period, program length at the school, and the student's grade level supplied by the school on the LOR.

A student at any grade level (1-7), with a short-term program length of less than 300 hours, will have the loan period end date (LPED) as their ACD.

A student at grade level 3, working on a bachelor's degree (school's program is certified as a Bachelor's degree program), with a loan period start date of 08/01/2000, will have an anticipated completion date of 08/01/2002 (LPSD plus two years).

4.4 Disclosure Statement

4.4.1 Redesign of the Disclosure Statement and Printing Process

2000-2001 Modification: The Disclosure Statement and printing process has been modified to accommodate the increased number of anticipated disbursements allowed by Direct Loans for Direct Subsidized and Unsubsidized loans. The schools now have the option of printing their own Disclosure Statements for their borrowers or having the LOC print the Disclosure Statement for their borrowers.

The Disclosure Statement has been redesigned to accommodate up to 20 anticipated disbursements for 2000-2001 loans and forward.

Currently, the LOC prints the Disclosure Statements for all schools upon acceptance of the LOR. Since only four disbursements are allowed for Direct Subsidized and Unsubsidized loans, the print specifications will not allow more than four loans on the Disclosure Statement..

Starting in 2000-2001, the Disclosure Statement has been changed to allow up to 20 anticipated disbursements for Year 2000-2001 loans and forward. Although the 1999-2000 loans use the newly designed form after implementation of 2000-2001, they do not show 20 anticipated disbursements. As in the past, they continue to show four anticipated disbursements for 1999-2000 loans and prior.

Also, for 2000-2001 a Plain English Disclosure Stuffer listing the borrower's rights and responsibilities has been devised and must be mailed to the borrower with the Disclosure Statement. You may receive the Plain English Disclosure by contacting the LOC and requesting it through the regular fulfillment process at 800-848-0978. The LOC will include the Plain English Disclosures with the Disclosure Statements that are printed at the LOC.

A new field has been added to the LOR, Disclosure Statement Print Indicator, (field #149). When a school originates a loan, the school has the option to set a flag in the Loan Origination Record (LOR) using this field to indicate if the LOC should print the Disclosure Statement. If this flag is left blank, this indicates to the LOC that the school prints the Disclosure Statement. Schools have the ability to change the Disclosure Statement Print Indicator by sending a change record to the LOC (Change field #S115).

Business Rules

Printing Process:

- The Disclosure Statement is only printed for Direct Subsidized and Unsubsidized loans.
- Disclosure Statements are not printed for PLUS loans.

Business Rules: (Continued)

- The new Disclosure Statement applies to all 1999-2000 loans and forward after implementation of 2000-2001.
- Schools can only print Disclosure Statement for 2000-2001 loans.
- The LOC will continue to print Disclosure Statements for 1999-2000 loans.
- The LOC prints the Disclosure Statement for a particular loan 10 days prior to the first anticipated disbursement date.
- Schools have the option of printing Disclosure Statements anytime before the disbursement date.
- A new field has been added to the LOR, Disclosure Statement Print Indicator, to indicate whether the school or the LOC prints the Disclosure Statement. Y = LOC prints; Blank = School prints.
- The LOC is required to print the Disclosure Statement, regardless of the print indicator, for any loan that has more than 12 non-zero anticipated disbursements.
- If the LOC receives an LOR for which the LOC is supposed to print the Disclosure Statement and 10 days prior to the first anticipated disbursement has passed, the LOC prints the Disclosure Statement upon acceptance.
- If any value other than “Y” or Blank is received, the LOC rejects the LOR with an error code of 21 (Invalid Disclosure Statement Print Indicator).
- If the Disclosure Statement Print Indicator is changed from Y to Blank and the number of anticipated disbursements increase to more than 12, the record rejects with a reject code of “99.” (See Example on page 4-6-3.)
- The Disclosure Statement is reprinted for any changes to Loan Amount Approved if the loan is not booked.
- The LOC sends the Disclosure Statement to the borrower’s permanent address.
- Any anticipated Disbursement with a zero dollar amount (\$0) is not printed on the Disclosure Statement unless the loan is made inactive.
- If the anticipated disbursement date or amount changes, a new Disclosure Statement is printed.
- The maximum number of loans included on one Disclosure Statement is two. They must be different loan types (two subsidized or two unsubsidized loans are not allowed on the same Disclosure Statement). They must be the same SSN, loan year, school, loan sequence number, promissory note number, and at least one of the two loans must meet the 10 day printing criteria.
- There can only be one subsidized and one unsubsidized loan on each Disclosure Statement. There can only be one subsidized and one unsubsidized loan on each Disclosure Statement.

Disclosure Statement Redesign:

- The redesigned Disclosure Statement is used for 1999-2000 loans and forward as of the implementation of the 2000-2001 release.
- The majority of the legal text has been moved to the back of the form.
- The two boxes for the Subsidized and Unsubsidized loans have been enlarged to accommodate up to 12 anticipated disbursements.
- The Department provides schools that print their own Disclosure Statements preprinted stock.

When the LOC prints:

- The LOC prints the total for each loan type on the back when the number of non-zero anticipated disbursements for both loans is greater than 12.

4.4.1.1 Examples

Example 1: When LOC prints Disclosure Statement versus when School prints Disclosure Statement (See Tables Below).

Disclosure Statement Print Indicator on the LOR	Number of non-zero Anticipated Disbursements	Change Record Received	LOC's Action After Meeting 10-Day Printing Criteria
Blank	> 12		LOC will print Disclosure Statement.
Y	> 12		LOC will print Disclosure Statement.
Blank	> 12	Disclosure Statement Print Indicator = Y	LOC will reprint Disclosure Statement.
Y	> 12	Disclosure Statement Print Indicator = Blank (Change record will reject)	LOC will reprint Disclosure Statement.

Example 2: If the Disclosure Statement Print Indicator is set to “Y,” and there are 11 anticipated disbursements, the LOC will print the Disclosure Statement for the School. If the school sends in a change record for the Disclosure Statement Print Indicator and sets it to Blank (the school prints) and also adds 2 more anticipated disbursements for that loan, it will reject with a reject code of “99” (Anticipated Disbursements are more than 12. LOC is required to print the Disclosure Statement). This reject occurs because the number of anticipated disbursements have increased from 11 to 13, and the LOC is required to print the Disclosure Statement for any loans where there are more than 12 non-zero anticipated disbursements.

Disclosure Print Scenarios					
Disclosure Statement Print Indicator on the LOR	Number of Non-Zero Anticipated Disbursements	Special Condition	Change Record to Change Disclosure Statement Print Indicator	LOC's Action on Change Record	LOC's Action on Disclosure Statement After Meeting 10-Day Printing Criteria
Blank	> 12	LOC has not printed Disclosure Statement because 10-day criterion has not been met.	Y	LOC will accept change record.	LOC will print Disclosure Statement.
Y			Blank	LOC will reject change record with error code 99.	LOC will print Disclosure Statement.
Blank	> 12	LOC has printed Disclosure Statement because 10-day criterion has been met.	Y	LOC will accept change record	LOC will reprint Disclosure Statement.
Y			Blank	LOC will reject change record with error code 99 since there are more than 12 non-zero anticipated disbursements.	LOC will reprint Disclosure Statement.
Blank	< 12	LOC has not printed Disclosure Statement because it was not supposed to.	Y	LOC will accept change record.	LOC will print Disclosure Statement.

Disclosure Print Scenarios					
Disclosure Statement Print Indicator on the LOR	Number of Non-Zero Anticipated Disbursements	Special Condition	Change Record to Change Disclosure Statement Print Indicator	LOC's Action on Change Record	LOC's Action on Disclosure Statement After Meeting 10-Day Printing Criteria
Y	<12	LOC has printed Disclosure Statement because 10-day printing criterion has been met.	Y	LOC will accept change record.	LOC will reprint Disclosure Statement.
Y	<12	LOC has printed Disclosure Statement because a 10-day printing criterion has been met.	Blank	LOC will accept change record and update the Disclosure Print Indicator in the LOS database.	LOC will not print Disclosure Statement.
Y	<12	LOC has not printed Disclosure Statement because 10-day printing criteria have not been met.	Blank	LOC will accept change record.	LOC will not print Disclosure Statement.

Disclosure Print Scenarios				
Disclosure Statement Print Indicator on the LOR	Disclosure Statement Print Indicator on the Change Record	Special Condition	LAA, Anticipated Disbursement Dates, or Anticipated Amounts Change on Change Records	LOC's Action After Meeting 10-Day Printing Criteria
Blank	Y	LOC has not printed because it was not required to print.	Yes	LOC will print Disclosure Statement.
Y	Blank	LOC already printed.	Yes	LOC will not print any further Disclosure Statements.
Y	Blank	LOC has not printed because a 10-day criterion has not been met.	Yes	LOC will not print Disclosure Statement.

4.5 Disbursements

4.5.1 Allow up to 20 Anticipated and Actual Disbursements for Direct Subsidized and Unsubsidized Loans

2000-2001 Modification: The LOC now accepts up to 20 anticipated and actual disbursements for Direct Subsidized and Unsubsidized loans. Upon implementation, this modification affects Program Year 2000-2001 and forward.

Currently, the Loan Origination Center (LOC) allows up to four anticipated and actual disbursements for a loan. Loan records, promissory note acknowledgements, disbursement processing, reconciliation, and report programs accommodate only four anticipated and actual disbursements per loan.

Starting in 2000-2001, the LOC allows up to 20 anticipated and actual disbursements for Direct Subsidized and Unsubsidized loans. Loan records can have up to 20 anticipated disbursements, and the promissory note acknowledgement has been changed to accommodate up to 20 anticipated disbursements. Reports have been modified to accommodate this change as well.

Business Rules:

- Applicable to Year 2000-2001 and forward Direct Subsidized and Unsubsidized loans.
- The LOC continues to accept up to four anticipated and actual disbursements for PLUS loans.
 - If the LOC receives a PLUS loan origination record (LOR) with more than four anticipated disbursements, the LOR rejects with a reject code “95.” (Only four Anticipated Disbursements are allowed for a PLUS loan).
 - The LOC also rejects an actual disbursement with a disbursement number greater than four for a PLUS loan with reject code “29.” (PLUS loan disbursement number must be 01-04).
- The Loan Origination Record layout (#D and PF Batch Type) has been increased to 897 bytes to accommodate up to 20 anticipated disbursements. (See Custom Layout Section for record layout details.)
- New change field values have been added to allow up to 20 anticipated disbursements. (See Custom Layout Section for new Export Change Table Values.)
- Promissory note acknowledgement records (#D, #A batches with DIPA message class) have been modified to include up to 20 anticipated disbursements for Direct Subsidized and Unsubsidized loans. (See Custom Layout Section for layout details.)

- The Loan Origination Record (#D) has been modified to contain the disbursement percentage for disbursements 01-20. However, these fields may be blank. (See Custom Layouts Section for layout details.)
- The actual disbursement process has been modified to accommodate up to 20 actual disbursements.
- The length of the field, disbursement number, has increased from 1 to 2 bytes in the disbursement batch (#H) record (for example: 01, 02, 03 not 1, 2, 3).
- The Direct Loan School Account Statement (DLSAS), Option Loan Detail Exception reports, and the 732 Report accommodate disbursements 01-20.
- The Disclosure Statement has been redesigned to accommodate up to 20 anticipated disbursements and is discussed further in section 4-6.

4.5.2 LOC Sends a Booking Notification to the Schools

2000-2001 Modification: The LOC creates and sends a booking notification to the schools for every disbursement activity transaction the LOC books. Upon implementation, this modification affects Program Year 2000-2001 and forward.

Currently, the disbursement and the promissory note acknowledgements that the LOC sends to the school contains the Booked Status, Booking Reject Codes, and the Origination Center's Total Net Loan Amount. This informs the school when the loan is "bookable" at the LOC. Bookable means that there is an accepted Loan Origination Record (LOR), promissory note, and first actual disbursement, but the loan booking has not been executed and data passed on to Loan Servicing. Subsequent disbursements are booked by the LOC and passed on to Loan Servicing.

Starting in 2000-2001, when the LOC books a disbursement (Activity type "D") or an adjusted disbursement amount (Activity type "A"), a booking notification is generated and sent to the school for each transaction. In addition, the Booked Status, Booking Reject Codes, and the Origination Center's Total Net Loan Amount have been removed from the disbursement and promissory note acknowledgements. These fields are no longer necessary since the booking notification contains the Booked Date at the LOC and the LOC's Total Net Booked Loan Amount.

Business Rules:

- Applicable for Program Year 2000-2001 loans and forward.
- The booking notification transaction is sent to schools.
- The LOC generates the booking notification and sends it to schools once a disbursement or adjusted disbursement amount is booked at the LOC.
- The booking notification contains the disbursement booking date for each disbursement amount or adjustment amount. The booking date is the date the LOC passes the booked disbursement or adjustment to Loan Servicing.
- A loan is considered booked when there is an accepted loan origination record, promissory note, and first actual disbursement at the LOC. Each disbursement and each adjustment is also booked by the LOC.
- The following fields have been removed from the disbursement and promissory note acknowledgements:
 - Booked Status
 - Booking Reject Codes
 - Origination Center's Total Net Loan Amount
- The disbursement acknowledgement message class DIOD and batch type #B will contain the booking notification to schools from the LOC.

Business Rules (Continued):

- The record layout for the booking notification contains the following fields:
 - Loan ID
 - Disbursement Number (01-20)
 - Disbursement Activity Type:
 - L - Booking Disbursement
 - M- Booking Adjustment
 - Booked date at the LOC
 - Disbursement Sequence Number (01-99)
 - Disbursement Batch Number
 - Direct Loan School Code
 - Origination Center's Total Net Booked Loan Amount
 - Acknowledgement Date (date the LOC created the booking notification)
- The remaining fields on the disbursement record layout for booking notifications (#B) are blank.
- If a school sends multiple disbursement transactions within the same date for the same loan, the Origination Center's Total Net Booked Loan Amount, populated in the Booking Notification, is the total of all disbursement transactions received through that processing date (i.e., If two disbursement transactions are sent simultaneously, the Loan Origination Center's Total Net Booked Loan Amount is the same figure for both disbursements on their Booking Notification.)

4.5.2.1 Example

Scenario: On 9/9/2000, School A disburses and transmits to the LOC the 1st actual disbursement for Student X with gross amount of \$1000. Previously, the LOC accepted both the loan origination record and the promissory note for this loan. Subsequently, the LOC transmits to the school a disbursement acknowledgement on 9/10/2000 accepting the 1st actual disbursement. As well, on 9/9/2000 the LOC books the loan, transmits data to Servicing, and sends a booking notification to the school on 9/10/2000. The diagrams below illustrate the disbursement record sent to the LOC, and disbursement acknowledgement and booking notification sent to the school for this scenario.

(Note: In this example, we have added spaces between data fields for ease of reading and have included only some of the fields contained in the record layout. For actual record layouts, please refer to the Custom Layout Section I.)

Disbursement Export from school (DESD01IN/Batch Type #H) contains the following fields:

Loan Identifier	Disb. #	Disb Activity	Trans. Date
123456789S01G98765001	01	D	20000909
Disb Sequence #	Disb. Gross Amount	Disb. Batch #	
01	01000	#H1G9876520000909120000	

Disbursement Acknowledgement from LOC (DIOD01OP/Batch Type #H) contains the following fields:

Loan Identifier	Disb. #	Disb Activity	Trans. Date
123456789S01G98765001	01	D	20000909
Disb. Sequence #	Disb. Gross Amount	Disb. Batch #	
01	01000	#H1G9876520000909120000	
Disb. Activity Taken	Orig. Cntr. Total Net Booked Amt.	Acknowledg. Date	
Blank (Accepted)	Blank	20000909	

Booking Notification from LOC (DIOD01OP/Batch Type #B) contains the following fields:

Loan Identifier	Disb. #	Disb Activity	Trans. Date (Book Date)
123456789S01G98765001	01	L	20000909
Disb. Sequence #	Disb. Gross Amount	Disb. Batch #	
01	01000	#B1G9876520000909120000	
Orig. Cntr. Total Net Booked Amt.	Acknowledg. Date		
00970	20000909		

4.5.3 Eliminate the Requirement to Process Actual Disbursements in Disbursement Number/Chronological Date Order for a Loan

2000-2001 Modification: The LOC now allows actual disbursements numbered 02-20 to be submitted in any disbursement number/chronological date order. Upon implementation, this modification affects Program Year 2000-2001 and forward.

Currently, the LOC requires schools to send anticipated and actual disbursements in sequential order for a loan. For example, disbursement number 1 should be sent before disbursement numbers 2, 3, and 4; and disbursement number 2 should be sent before 3 and 4. In addition, the LOC requires the anticipated and actual disbursements to be submitted in chronological disbursement date order.

Starting in 2000-2001, the LOC allows schools to send in actual disbursements in any order once the LOC has accepted disbursement number one as the first actual disbursement and disbursement number one contains the earliest date. The disbursement numbers and disbursement dates of subsequent actual disbursements do not have to be in order but none of the subsequent disbursements can have a date earlier than the first actual disbursement. The LOC allows schools to send in anticipated disbursements in any order as long as the first anticipated disbursement is disbursement number one and has the earliest date *on change records only*. ~~All other anticipated disbursements can be in any disbursement number or date order as long as they do not have a date earlier than anticipated disbursement number one. Change records for anticipated disbursements can be out of order~~

Business Rules:

- Applicable to Year 2000-2001 loans and forward.
- Disbursement number one must be processed first by the LOC and must have the earliest date.
- Actual Disbursements numbered 02-20 no longer have to be sent in chronological or date order.
- The first anticipated disbursement must have the earliest date.
- If the first actual disbursement does not have the earliest date, the record rejects with a reject code of “28.” (1st actual disbursement date must be prior to all subsequent disbursements.)
- If the LOC does not have the actual disbursement number 1 for a loan and the school tries to submit other actual disbursement numbers, they are rejected with reject code “27.” (The LOC must receive the first actual disbursement first.)
- If the date of the 1st anticipated disbursement is not the earliest date, it is rejected with a reject code of “A2.” (Date of 1st anticipated disbursement must be the earliest.) This applies to the LOR.

“Q” transactions are not accepted for actual disbursements that result in the disbursement date for the first actual disbursement no longer being the earliest disbursement date.

4.5.3.1 Example

The following table illustrates the editing of disbursement sequencing:

Partial Loan ID	Disbursement #	Disbursement Date	1st Disbursement Accepted?	Date of 1st Disbursement & Date Prior?	Action Taken by LOC
123...	02	01/02/2000	Yes	Yes (09/09/1999)	Accept Transaction
456...	03	03/15/2000	Yes	No (03/16/2000)	Reject Transaction
789...	04	05/01/2000	No	No	Reject Transaction

The following table illustrates editing of disbursement's chronological order:

Partial Loan ID	Disbursement #	Disbursement Date	Prior Disbursement #'s Accepted?	Prior Disbursement Dates?	Action Taken by LOC
123456789...	01	09/01/1999	None	None	Accept Transaction
987654321...	02	11/25/1999	01	09/01/1999	Accept Transaction
555445555...	02	11/25/1999	None	N/A	Reject Transaction
777887777...	02	11/25/1999	01 03	09/01/1999 10/10/1999	Accept Transaction
000110000...	03	12/12/1999	01	09/01/1999	Accept Transaction
343434343...	04	03/01/1999	01 02	09/01/1999 03/15/199	Accept Transaction

4.6 Promissory Note Modifications

4.6.1 Implement Multi-Year Master Promissory Note Functionality Replace “S” or “U” in MPN ID with “M”

2000-2001 Modification: The LOC has implemented Multi-year Note (MYN) functionality. This change allows a student to sign one Master Promissory Note (MPN) for all Direct Subsidized and Unsubsidized loans. One MPN can be used for any Subsidized or Unsubsidized loan, for a specific borrower, across academic years, and across multiple schools eligible to participate in MYN functionality.

Currently, the Master Promissory Note (MPN) is the only approved promissory note for Direct Subsidized and Unsubsidized loans for a student borrower at a specific school. The MPN is not used for PLUS loans and does not support Direct Subsidized and Unsubsidized Loans at multiple schools or for multiple years.

Starting in 2000-2001, no changes are being made to the Master Promissory Note data elements. All existing 1999-2000 MPNs are treated as multi-year notes. Schools eligible for Multi-Year Note (MYN) functionality are able to use these MPNs for Year 2000-2001 loans for the same student. One MPN can be used for multiple Direct Subsidized and Direct Unsubsidized loans for the same student across multiple loan years and for multiple schools participating in MYN functionality.

A single loan ID prints on the MPN. This identification number is used by the LOC to link loans to the MPN. For newly printed MPNs for 2000-2001, the format of the MPN ID has changed to use “M” as the MPN indicator instead of “S” or “U” in the loan type code field. Since multiple loans are linked to an MPN, the promissory note print sequence number is no longer necessary.

The MPN is a legal document requiring the borrower to repay the funds borrowed under the Direct Loan Program. A MPN must be printed by the school or the LOC and signed by the student borrower prior to the disbursement of a Federal Direct Subsidized Loan or a Federal Direct Unsubsidized Loan.

As in the past, the school prints an MPN based on the completed loan origination record and only one note is used for both subsidized and unsubsidized loans. For 2000-2001, the MYN functionality has been implemented for the MPN, for schools that are eligible for the functionality based on Direct Loan Regulations. With this change, if a borrower is attending a school eligible for multi-year functionality, the borrower is required to have only one open MPN on file at the LOC for all subsidized and unsubsidized loans disbursed for academic year 2000-2001 and forward. A school may determine if there is an MPN on file at the LOC by using the NSLDS history page or through access on the WEB. If the borrower had a loan for 1999-2000, there is an MPN on file at the LOC. The open MPN at the LOC can be used for subsidized and unsubsidized loans disbursed for 2000-2001 and forward.

An open MPN on file at the LOC is assigned to the borrower and not limited for the use by a specific school. Therefore, any MPN accepted by the LOC can be used by a school eligible for MYN functionality. Thus, all loans for a student are linked to the same MPN across schools and academic years. ***The Social Security Number (SSN), date of birth, and the first name on the Loan Origination Record must match the SSN, date of birth, and first name on the MPN. If there are any differences, the LOC will not be able to link the MPN to the Loan Origination Record.***

If a school is NOT eligible for MYN functionality (single-year schools), a new MPN must be generated each academic year for each borrower. A single-year school must use an MPN generated at or for that institution only. A single-year school can link all subsidized and unsubsidized loans for the same academic year, for the same student to the same MPN.

An open MPN is valid for up to 10 years from the date of the first anticipated disbursement if an actual disbursement has been made. A student may close an open MPN by calling a Customer Service Representative at the LOC. Once an MPN has been closed, no new loans can be disbursed without a new MPN being generated. However, all disbursements and booking activity for the loans already attached to the closed MPN are processed.

Business Rules:

- Year 2000-2001 begins implementation of MYN functionality; with the ability to use existing 1999-2000 MPN's as Multi-Year Notes (MYN) for some schools.
- MYN functionality is applicable for academic year 2000-2001 and forward.
- MYN functionality does not apply to promissory note processing for PLUS loans.
- Once a loan is linked to a specific Master Promissory Note (MPN), it cannot be unlinked or relinked to any other MPN.
- Schools not eligible for multi-year functionality (Single-year schools) can only use the MPN from their school. They are able to link any subsidized and unsubsidized loans to their MPN for the same loan year, for the same student.
- A school eligible for multi-year functionality is able to use an MPN, for a specific borrower, from any school across multiple academic years.
- All MPNs, including 1999-2000 MPNs, are treated as multi-year notes.
- No new loans can be linked to an inactive MPN. An inactive MPN is defined as an MPN with no actual disbursement activity, for any loans associated with the MPN, for 18 months after the earliest first anticipated disbursement of all the loans linked to the MPN.

The LOC rejects disbursements for loans attached to an inactive MPN, if the disbursement activity date is after the date the MPN was made inactive.

- The LOC accepts disbursements for loans attached to an inactive MPN, if the activity date of the disbursement is before the date the MPN was made inactive.

Business Rules (Continued):

- If an actual disbursement has been made for any loan attached to a MPN, then that MPN can remain active up to 10 years from the earliest actual disbursement date.
- Only an “Open” MPN with an “Accepted” or “Pending” status or an “Inactive” MPN can be closed. A “Rejected” MPN cannot be closed.
- Loans, originated by schools that are not eligible for multi-year functionality, can only be linked to the latest MPN satisfying all of the following criteria:
 - The loan is either subsidized or unsubsidized.
 - The loan is for Program Year 2000-2001 forward.
 - The loan year and school code in 21-character loan ID of the LOR matches with loan year and school code in 21-character MPN ID of the MPN.
 - The student attached to a loan matches the student attached to the MPN.
 - MPN status must not be “Rejected,” “Closed,” or “Inactive.”
- Loans originated by schools eligible for multi-year functionality can be linked to the latest MPN if the loans satisfy all of the following criteria:
 - Loan is either subsidized or unsubsidized.
 - Loan is for Program Year 2000-2001 forward.
 - The student attached to a loan matches the student attached to the MPN. The loan year and school code in the 21-character loan ID of the LOR does not have to match the loan year and school code in 21-character of the MPN ID of the MPN (The MPN can have any school code and any loan year).
 - MPN status must not be “Rejected,” “Closed,” or “Inactive.”
- Students can call a CSR at the LOC to close all of their MPNs. The LOC sends the student a letter to notify them of the closure of their MPNs.
- ~~▪ A closed MPN can only be reopened by the LOC as an error correction process. A student cannot call the LOC to reopen an MPN. they requested to have closed. If a student’s MPNs are closed by the LOC in error, the LOC will send the student a letter to notify them of the reopening of their MPNs that were closed in error.~~
- With MYN functionality, an MPN can support multiple loans across multiple academic years for a specific borrower. This change has caused the current disbursement edit that checks the total disbursed amount against the MPN amount, to be removed (reject code 25).
- The field “Accepted Promissory Note Amount” in the promissory note and the LOR acknowledgment are always sent as spaces for subsidized and unsubsidized loans since these amounts do not have any significance now because of the multi-year functionality. This change is applicable for Program Year 2000-2001 and forward.

Business Rules (Continued):

- Values of the MPN status field in the LOR acknowledgment have been changed to the following:
 - A = Accepted ~~m~~Master ~~p~~Promissory ~~n~~Note at the LOC
 - ~~NP~~ = Master ~~p~~Promissory ~~n~~Note not on file at the LOC
 - I = Inactive
 - C = Closed
 - Q = Rejected
 - ***X = Pending Master Promissory Note at the LOC***
- If a school that is not eligible for Multi-Year Note functionality sends in an LOR, the LOR acknowledgement will contain the status of “N” if the MPN on file is not from their school.
- MPN ID field is populated in the LOR acknowledgement only if the MPN status is “A.” Otherwise MPN ID field is sent as blank in LOR acknowledgement.
- The LOC uses and prints “M” as a valid loan type code field (MPN Indicator) in MPN ID instead of “S” or “U.” This change is applicable to all Year 2000-2001 and forward MPNs. Year 2000-2001 MPNs are identified by “01” in the loan year field of the MPN identifier.
- Year 1999-2000 MPNs continues to use “S” or “U” as the loan type code field in the MPN identifier.
- The LOC manually rejects any 2000-2001 and forward MPNs if an MPN indicator field is not sent as “M.”

MPN Status:**Receipt Status of MPN:**

- Accepted MPN: An MPN, which is received, imaged, and validated successfully by the LOC, and the LOC already has at least one accepted LOR, which is linked to this MPN.
- Pending MPN: An MPN, which is received, imaged, and validated successfully by the LOC, but no accepted LOR is linked to this MPN.
- Rejected MPN: An MPN, which is received by the LOC, but failed validation by the LOC batch- edit process.
- “Not on File” MPN status: This MPN status is used only for LOR acknowledgment purposes when a LOR received by the LOC does not have an MPN for this LOR.

Business Rules (Continued):**Borrower Initiated MPN Status:**

- Open MPN: An “Open” MPN can be used for any new loans, if the school is eligible for Multi-Year Functionality. The LOC, by default, assigns an open status to any new MPN received. All the existing Year 1999-2000 MPNs are also assigned an open status at the time of Year 2000-2001 implementation, unless the student has requested to close any existing MPNs by calling a CSR at the LOC.
- Closed MPN: No new loans can be linked to a closed MPN. However, loans that are already attached to a closed MPN continue to use that MPN for any further processing like actual disbursements made prior to the closing date and loan booking.

System Initiated MPN Status:

Active MPN: By default, all MPNs are active unless the LOC makes them inactive.

- Inactive MPN: The LOC changes the MPN status to “Inactive” if there is no actual disbursement activity for any loans associated with the MPN for 18 months after the earliest first anticipated disbursement of all the loans linked to the MPN.

4.6.1.1

Scenarios to Demonstrate Multi-Year Note (MYN) Functionality

All the following scenarios use four schools: Schools G11111 and G22222 are not eligible for multi-year functionality (single year schools) MPN and schools G33333 and G44444 are eligible for multi-year note (MYN) functionality.

All the events happen in the order in which it appears in the grid.

Example Scenario #1:

Seq #	Loan ID	MPN ID	Event Description. (Here L → M means Loan L gets linked to MPN M)
1	111111111S00G11111001 (L1) 111111111U00G11111001 (L2) 111111111S00G11111201 (L3)		
2	111111111S01G11111001 (L4) 111111111S01G11111001 (L5) 111111111S01G11111301 (L6)		
3		111111111M01G11111001 (M1)	L4,L5,L6 -> M1
4		111111111S00G11111201 (M2)	L1,L2,L3 -> M2
5		111111111M01G11111301 (M3)	M3 is accepted with pending status
6	111111111U01G11111301 (L7)		L7 -> M3
7	111111111U01G33333001 (L8)		L8 -> M3
8	111111111U00G33333001 (L9)		L9 cannot be linked to M1 as L9 is year 99/00 loan.
9		111111111S00G33333001 (M4)	L9 -> M4

Example Scenario #2 :

Seq #	Loan ID	MPN ID	Event Description. (Here L → M means Loan L gets linked to MPN M)
1	111111111S00G33333001 (L1) 111111111U00G33333001 (L2) 111111111S00G33333201 (L3)		
2	111111111S01G33333001 (L4) 111111111S01G33333001 (L5) 111111111S01G33333301 (L6)		
3	111111111S01G44444001 (L7)		
4	111111111S01G22222001 (L8)		
5		111111111M01G33333001 (M1)	L4 ,L5 ,L6 ,L7 -> M1
6		111111111U00G33333001 (M2)	L1 ,L2 ,L3 -> M2
7		111111111S00G22222301 (M3)	M3 is accepted with pending status
8		111111111S01G22222001 (M4)	L8 -> M4

Example Scenario #3 :

Seq #	Loan ID	MPN ID	Event Description. (Here L → M means Loan L gets linked to MPN M)
1	111111111S00G33333001 (L1) 111111111U00G33333001 (L2) 111111111S00G33333201 (L3)		
2	111111111S01G33333001 (L4) 111111111S01G33333001 (L5) 111111111S01G33333301 (L6)		
3	111111111S01G44444001 (L7)		
4		111111111S00G33333001 (M1)	All loans (L1 thru L7) -> M1

Example Scenario #4 :

Seq #	Loans ID	MPN ID	Event Description. (Here L → M means Loan L gets linked to MPN M)
1	111111111S00G33333001 (L1) 111111111U00G33333001 (L2) 111111111S00G33333201 (L3)		
2	111111111S01G33333001 (L4) 111111111S01G33333001 (L5) 111111111S01G33333301 (L6)		
3	111111111S01G44444001 (L7)		
4		111111111M01G33333001 (M1)	L4 , L5 , L6 , L7 -> M1
5		111111111S00G33333001 (M2)	L1 , L2 , L3 -> M2

4.6.2 Eliminate Promissory Note Print Sequence Number Field

2000-2001 Modification: Eliminate promissory note print sequence number field. Because of changes to the Master Promissory Note process, the promissory note print sequence number field is no longer relevant to the promissory note process.

Currently, the promissory note print sequence number is accepted in the LOR and acknowledged in the promissory note acknowledgment. The promissory note print sequence number field represents the number of times the promissory note has been printed for a particular loan.

Starting in 2000-2001, the promissory note print sequence number is no longer relevant to the MPN process and is not printed on the Master Promissory Note. Consequently, the LOC does not use it. Therefore, this field has been removed from the Loan Origination Record and the Promissory Note Acknowledgment.

Business Rules

- This change is applicable for Year 2000-2001 and forward loans.
- Applicable for promissory notes for all loan types, including PLUS.
- The promissory note print sequence number field has been removed from the LOR (Field #64) and promissory note acknowledgement (Field #6).
- The Loan Origination Record (LOR) and the Loan Origination Change Record reject code “70” (invalid promissory note print sequence number) has been removed.
- All LOC processing involving the promissory note print sequence number field has been eliminated.

4.7 Report Modifications

4.7.1 Disbursement Activity Not Yet Booked at Servicing Report

2000-2001 Modification: A Disbursement Activity Not Yet Booked at Servicing Report is created for all Direct Loan schools indicating disbursement activities that have booked at the LOC and not at Servicing.

This change is applicable for all open years beginning with Implementation of 2000-2001 requirements.

Currently there is no process in place to report to the schools any discrepancies between what has booked at the LOC and what has been booked by Servicing.

Starting in 2000-2001, Servicing sends a file to the Loan Origination Center (LOC) for a particular month's activity. By comparing what is on the LOC database to what is in the file provided by Servicing, the LOC generates a Disbursement Activity Not Yet Booked at Servicing Report. This report is generated on a monthly basis. It indicates discrepancies involving disbursement activity that has booked at the LOC and has not booked at Servicing. This report is sent to the schools (Message Class ED0914##OP). This report enables the school to determine where a particular disbursement activity stands in the process for students who have loans originated through their institution and what activities are completely booked at Servicing.

Business Rules:

- The report applies to all active loan years.
- The report is processed by the LOC and sent to schools on a monthly basis.
- The message class for this report is ED0914##OP.
- The report is created by comparing what is on the LOC database to what is in the file received from Servicing.
- The report is sorted by Loan Year.
- Displayed fields are:
 - DLSS School ID
 - School Name
 - Line Number (Sequence number for this report for quick reference)
 - Loan Year
 - Borrower Name
 - SSN
 - 21-character Loan ID
 - Disbursement Sequence Number

Business Rules (Continued):

- Activity Sequence Number
- Transaction Date (Schools effective date from Original Transaction)
- Transaction Type
- Net Amount (Disbursement or the Adjusted amount for an Adjustment)
- Date Received at LOC
- Held Flag (Flag to indicate transaction not sent to Servicing because of previous errors on other transactions.)
- Days (total number of days since received in LOC and not booked at Servicing.)

4.8 Servicer Interface

4.8.1 Process Refunds received from Servicing and Transmit Data to Schools

2000-2001 Modification: The LOC now sends a modified disbursement record to the school containing information on refunds received at Servicing. Upon implementation, this modification affects only Program Year 2000-2001 and forward.

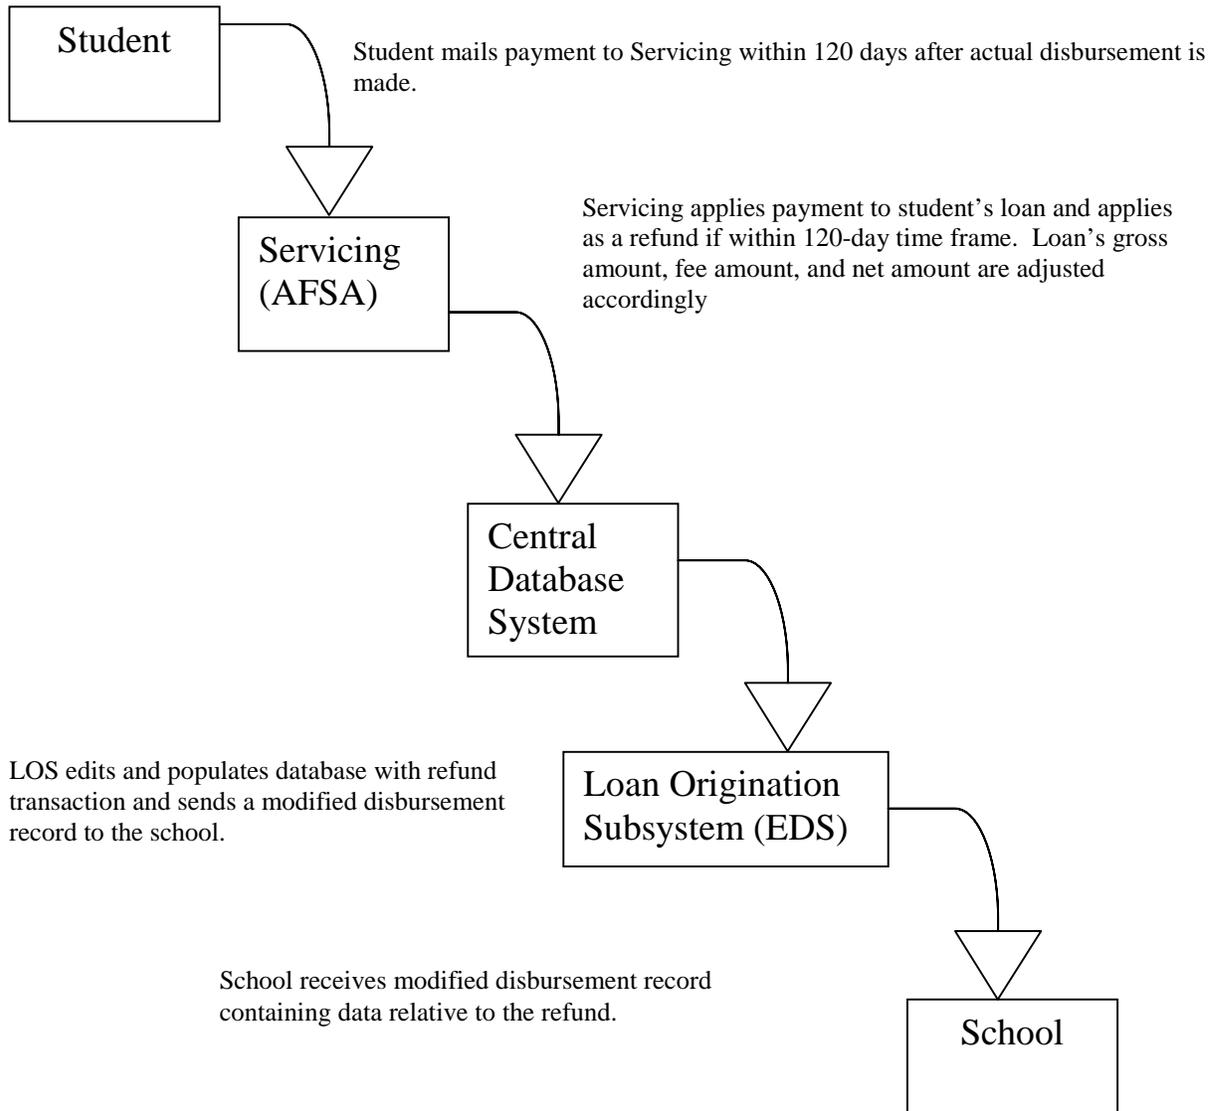

Currently, when a borrower returns all or part of his or her student loan proceeds to the Servicer within 120 days from the date of an actual disbursement, it is considered a refund. If the Servicing Center receives a refund, the information is passed along to the LOC where it is edited and stored on the database. The refund is considered in the calculation of loan limits for all future disbursements received on the loan. However, the information is not sent to the schools.

Starting in 2000-2001, Servicing transmits refund information to the LOC, Accordingly, the LOC sends the refund transaction to the school as a modified disbursement record whereby the school is able to maintain an accurate history of disbursement transactions on the student's loan. For the purpose of annual loan limits, these transactions do not *automatically* adjust the loan amount and schools should use this transaction and adjust the annual loan limit if the borrower requests additional funds.

Business Rules:

- When the LOC has edited and accepted a refund transaction, a modified disbursement record (Message Class DIOD##OP -batch type SP) is sent to the school that originated the loan.
- This modified disbursement record applies to Program Year 2000-2001 and forward.
- The following fields are populated on the modified disbursement record sent to the schools:
 - Loan Identifier
 - Disbursement Number
 - Disbursement Activity (P)
 - Transaction Date
 - Disbursement Batch Number (batch type SP)
 - School Code
 - Servicer Refund Amount
 - Acknowledgement Date
- The LOC uses the refund amount when calculating loan limits.

Refund Process Flow

The WEB Access for schools is still under development. Information regarding the content and functions will be included in the 2001-2002 Technical Reference.

4.9 Loan Origination Web Access for Schools

4.9.1 Provide Online Access to Loan Origination Data for Schools

2000-2001 Modification: Provide institutions with web access to data from the Loan Origination Center. Upon implementation, this modification affects Program Year 2000-2001.

Currently, schools obtain this information by telephone contact with the Loan Origination Center (LOC) and by various electronic transactions via the Title IV Wide Area Network (TIV WAN), including loan origination, promissory notes, drawdowns, and disbursements.

Starting in 2000-2001, schools have the capability to view LOC data via the World Wide Web (WWW). Access consists of a secure Internet connection, per Department requirements, with login user IDs and passwords. Access is restricted to data pertaining to the requesting school, with the exception of borrowers who have Master (or Multi-Year) Promissory Notes. In general, schools are given inquiry access to their borrower, loan, promissory note, disbursement, and batch information. In addition, schools are given access to borrower and promissory note information for individuals not affiliated with the institution who have Master (or Multi-Year) Promissory Notes.

Business Rules:

- Schools have access to borrower, loan, promissory note, disbursement, and batch data.
- Screen presentation and navigation replicates the LOC online system so schools can view the same information the Customer Service Representatives access.
- Navigation consists of a “drill down” approach, where requesters begin at a summary level with capabilities to access various levels of detail. The initial release contains the following screens:
 - **Origination Person Detail** - Shows basic demographic and summary loan data for a borrower. Access is by name, Social Security Number (SSN), or Loan ID.
 - **Loan Detail** - Shows detailed loan and summary promissory note information for a given Loan ID. Access is obtained by selecting a loan on the Origination Person Detail Screen.
 - **Promissory Note Detail** - Shows detailed promissory note information for a given loan. Access is obtained by selecting a promissory note on the Loan Detail screen.
 - **Disbursement Summary** - Shows summary disbursements for a given loan. Access is obtained by selecting “Disbursement Summary” on the Loan Detail Screen.
 - **Disbursement Detail** - Shows detailed disbursement information for a given loan. Access is obtained by selecting “Disbursement Detail” on the Disbursement Summary Screen.

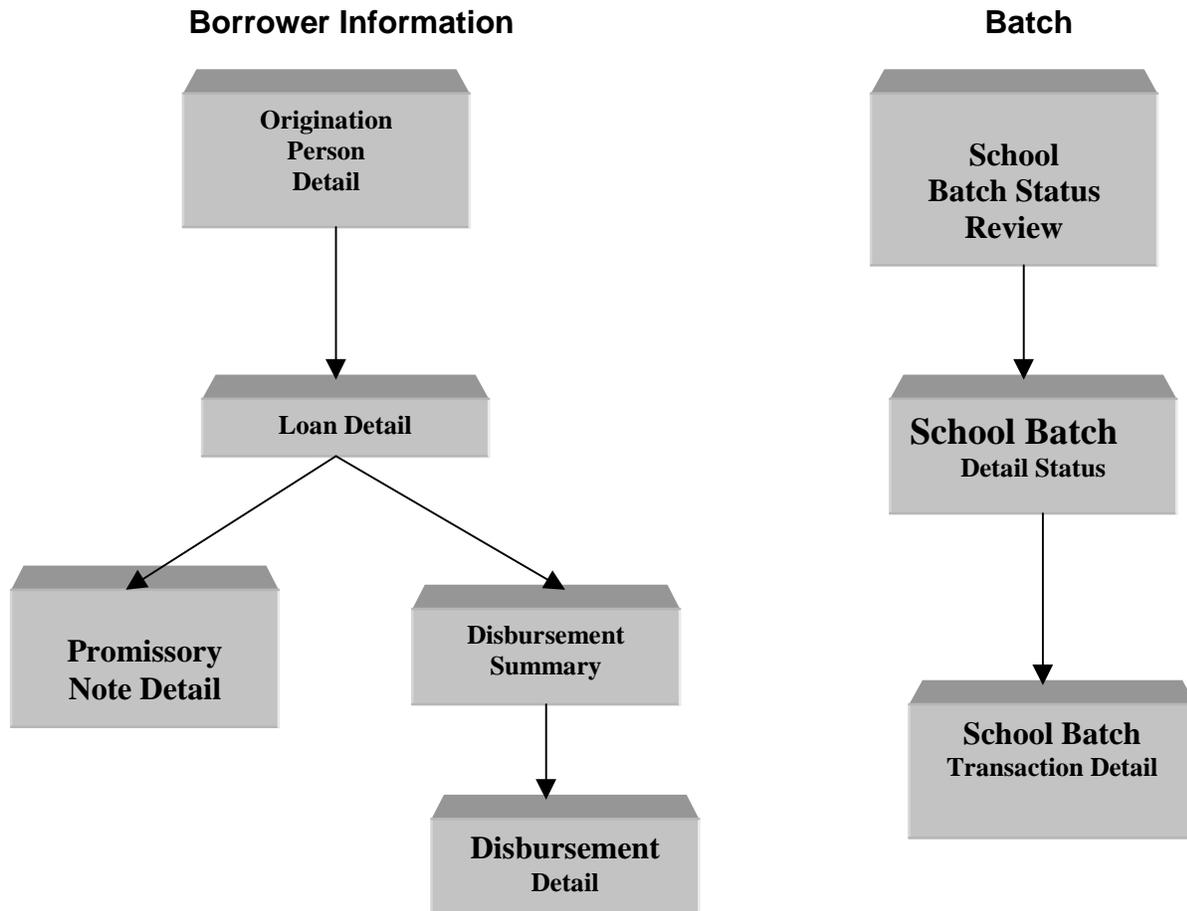

Business Rules (Continued):

- **School Batch Status Review** - Shows summary school batch information. Access is by school code, batch type, and date range. Schools are given access only to their own data or data from a related main or branch campus.
 - **School Batch Detail Status** - Shows detailed school batch information. Access is obtained by selecting “Batch Detail” on the School Batch Status Review screen. Schools are given access only to their own data or data from a related main or branch campus.
 - **School Batch Transaction Detail** - Shows detailed transactions that comprise a school batch. Access is obtained by selecting “Transaction Detail” on the School Batch Detail Status screen. Schools are only given access to their own data or data from a related main or branch campus.
-
- The initial web page provides links to other school-related web sites.
 - Access is inquiry only to LOC production data. No update access is permitted.
 - Third Party Servicers are given access to data for all schools they service.

See the following illustration for information flow:

Loan Origination Web Access

Information Flow:

4.9.2 Enhance the Credit Check Process to Support Optional Real-Time Credit Decisions

2000-2001 Modification: Provide institutions a mechanism to get real-time credit decisions for PLUS loan borrowers to dramatically reduce the approval process time. Upon implementation, this modification affects only Program Year 2000-2001 and forward.

Currently, schools submit a PLUS loan origination record to the Loan Center (LOC) that is either accepted or rejected based on the results of a credit decision submitted by the LOC to the credit bureaus on behalf of the borrower. The borrower's credit report is evaluated against specifications mandated by the Department of Education. In the event of a credit failure, a rejection letter and an endorser form are sent to the borrower, and the borrower is given the option to appeal the credit decision or find an endorser for the loan.

There is no limit to the number of endorsers that can be submitted for a loan. PLUS loan requirements state that if a borrower cannot pass a credit check, the borrower must obtain an eligible endorser who can pass a credit check in order to receive a PLUS loan.

The Direct Loan contract requires that credit checks be processed and results returned to the schools within 3 business days. In addition, failed credit checks must have a credit denial letter returned to the borrower that includes the reasons for failure, a telephone number for the bureau that provided the credit history, and the LOC adjudication process for appeals. Denial letters relating to endorsers are also returned to the borrower with a new endorser form that enables a borrower to submit another endorser, if desired.

Starting in 2000-2001, schools have the capability to evaluate credit histories through a web-based application. The web page accesses an approved credit bureau that meets Department of Education guidelines and returns a real-time pass or failure status to the school for the borrower. If the borrower fails the credit check, an endorser form is sent out only if the school sends the LOR to the LOC.

Business Rules:

- The web-based, online credit checks are available to schools, not to borrowers.
- Real-time credit check requests initiated from the web are Processed by an approved credit bureau.
- The borrower's credit history is retrieved from the bureau, and the web returns a pass or failure result to the schools.
- Credit check evaluations are real-time with credit results being returned to the school via the web.
- Schools are not charged for conducting online credit checks.
- Security for this system is fully capable of protecting sensitive credit information on the web and in accordance with Department of Education requirements.

Business Rules (Continued):

- Borrower's demographic information is captured through the web and sent for credit approval after initial edits have been performed.
- The credit check result is sent to the school over the web with one of the following results:
 - "Accepted" if the credit is approved.
 - "Denied" if the credit is rejected.
 - "Contact LOC" for any other reason.
- The Web Server sends a transaction containing the borrower's demographic information entered through the web, credit check results, credit bureau ID, credit check date, and reason code to the LOC.
- If a credit check request fails, the failure reasons isn't returned to the requesting school. The LOC sends a reject letter to the borrower.
- Information message(s) are displayed on the web page describing what data needs to be reviewed and/or changed to enable the credit bureaus to retrieve the credit histories, if the applicant data submitted by the school is not complete or accurate according to the credit bureaus.
- The web page does not provide an option for printing credit reports.
- The borrower signs a certification form giving the school permission to perform the credit check. However, if the borrower wants a copy of their credit report, the borrower must request credit reports directly from the credit bureau. The telephone number of the credit bureau returning the credit results is displayed on the web page.
- All credit checks and credit decisions are retained for 90 days, regardless of the source of the request (web or batch).
- The LOC can reference all credit data with existing processes and continues to have responsibility for credit overrides and credit appeal processing
- If a borrower credit check record is found that is less than 90 days old, the results of the previous credit check are returned. A new inquiry is not submitted to the credit bureaus.
- Sending endorser addenda to borrowers (if the LOR has been sent) and processing the returned forms continues to be the responsibility of the LOC.
- LOC receives a transaction from the credit bureau, containing credit result and credit reasons for those credit checks initiated through the web.

See illustration 4.9-6 for process flow of credit checks via the web.

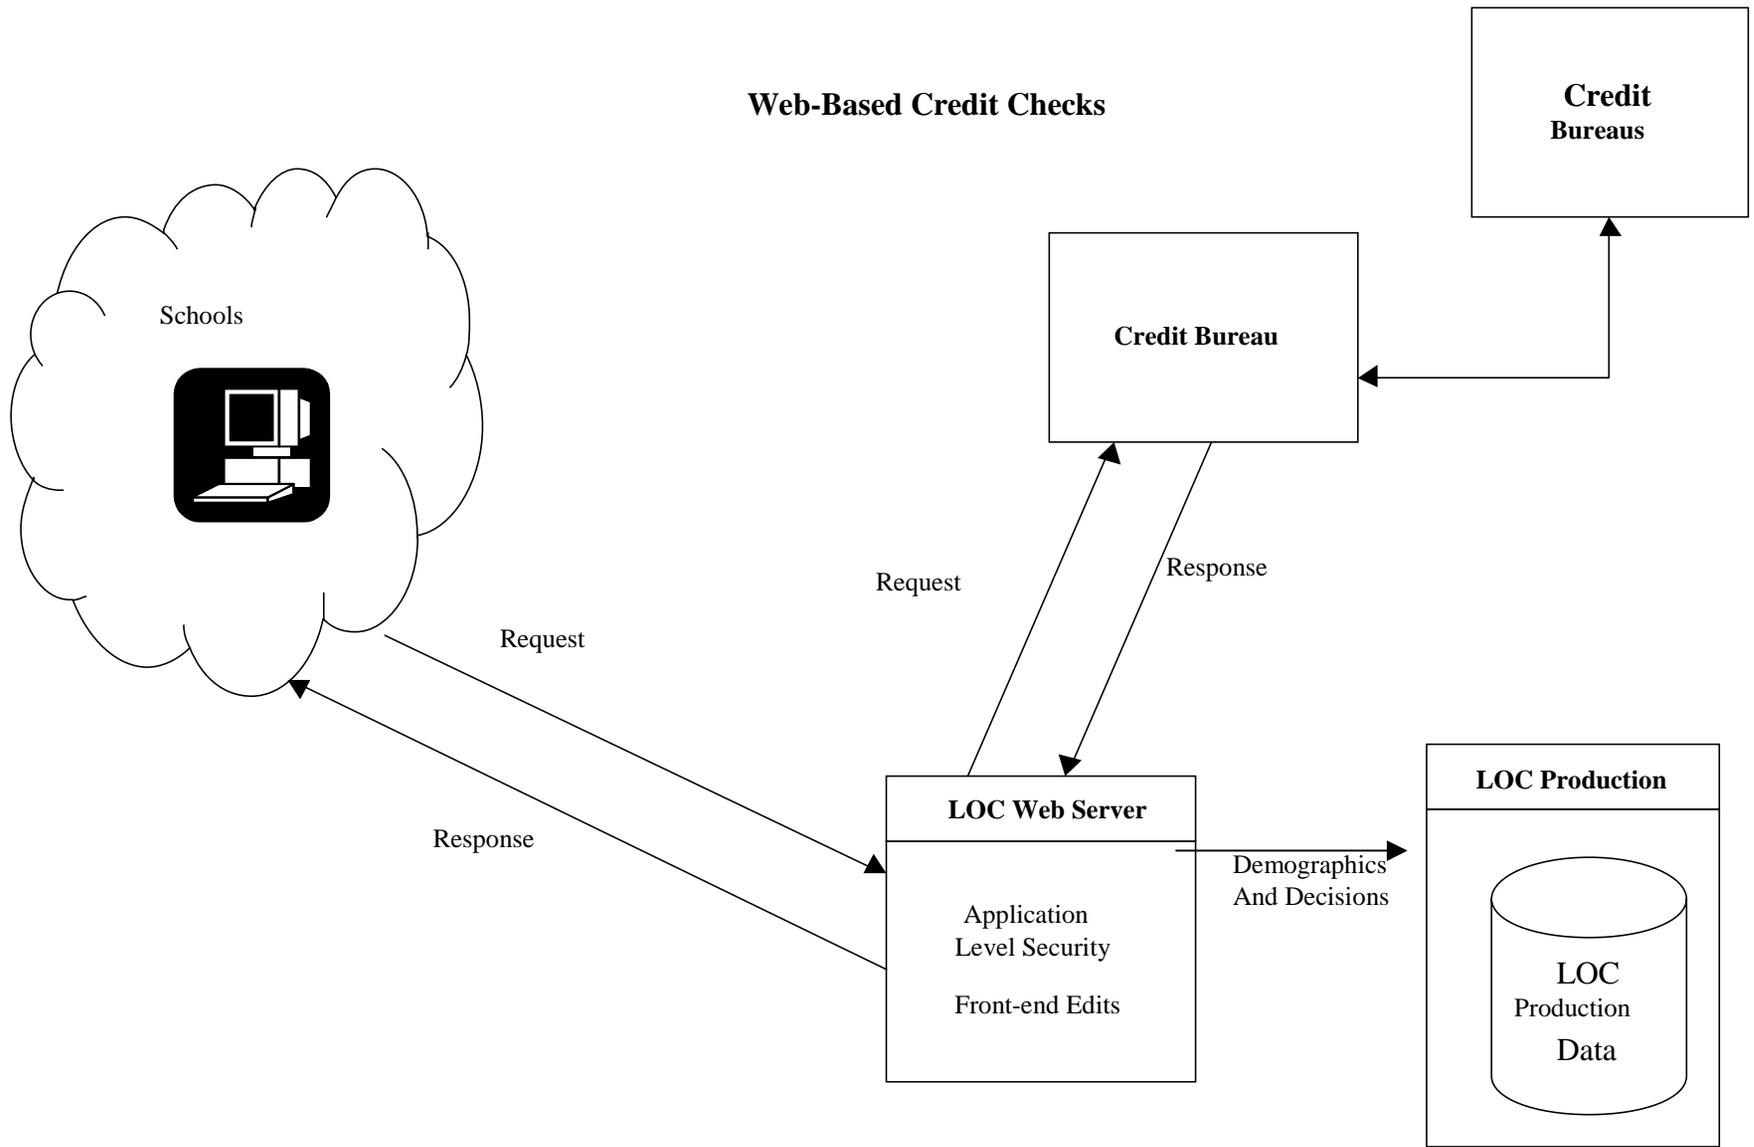

Figure 4-9-2

4.9.3 Provide Online Access to Grant Administration and Payment System(GAPS) Data to Schools

2000-2001 Modification: Provides schools with web access to Direct Loan School Account Statement (DLSAS) and Grant Administration and Payment System (GAPS) data from the Loan Origination (LOS) system. Upon implementation, this modification affects Program Years 1998-1999 and forward.

Currently, schools obtain GAPS information via telephone contact with the LOC and by various electronic transactions like DLSAS via the SAIG (Student Aid Internet Gateway).

Starting in 2000-2001, schools have the capability to access data used to reconcile direct loan data via the World Wide Web (WWW). The LOC provides web pages similar to the online system used by LOC Customer Service Representatives for institutions to view DLSAS information as well as GAPS information relative to drawdowns and excess cash.

Business Rules:

- Applicable to program years 1998-1999 and forward.
- Schools have access to their reconciliation DLSAS, excess cash and drawdown information stored by the LOC. Schools can view only their own data or data from a related main or branch campus. The following web pages are provided:
 - **DLSAS Summary** shows the cash summary of a school as of that month's end. It has the ending balance, plus all of the elements that are used to compute the ending balance.
 - **DLSAS Detail shows** all loan detail (disbursements) and cash detail (drawdowns, excess cash) included in that month's DLSAS processing.
 - **School Drawdowns** shows the cash receipts stored by the LOC from GAPS.*
 - **Excess Cash** shows the return of excess cash stored by the LOC.*
- Schools only have inquiry access to the LOC data.
- Third Party Servicers are given access to data for all schools they service.

* Note: The LOC does not store rejected GAPS transactions; therefore, schools are not able to view them.

Combination Layouts

The file layouts in this section are to be used by a Combination EDEExpress/Institution System to:

1. Import data from another institutional system into the EDEExpress database to create loan origination records (DIEA01OP) or make changes to loan origination records (DIEC01OP); or
2. Export useful data from the EDEExpress system to be used by other institutional systems such as disbursement and loan origination data. The user may use file formats and user-defined queries from within EDEExpress to select the desired fields and specific records for exporting. See the online Help in EDEExpress for details on how to create queries and file formats.

Because each institutional system has unique requirements for importing data files, the export files created by EDEExpress for use by external systems are created without header or trailer records attached. If needed, the appropriate header or trailer records must be created by your institutional system upon import. Also, these export files are created in ASCII format and the end of each record is delineated or marked with carriage return/line feed characters (ASCII 10 and 13). There is no end of file marker (EOF), only the final carriage return/line feed marker after the last record.

Similarly, EDEExpress receives data from external systems without a header and trailer record but does require an ASCII format with the end of each record marked with carriage return/line feed characters (ASCII 10 and 13). Again, there is no end of file marker (EOF); only the final carriage return/line feed marker after the last record.

Note: If the file is incorrectly formatted without the carriage return/line feed, the import fails and the following error message displays: *invalid record length*. (You are given the record size of the import file.)

Loan Origination Import Change Field Numbers Sorted by Field Name Alphabetically

This table provides the change number fields to use for the External Import Change Record for loan origination. This table is sorted alphabetically, and is the same table that appears at the end of this section (which is sorted by DL Change Number).

DL Change Number	Field Length	Field Name/Description	Valid Field Content
S038	8	1 st Disbursement Anticipated Date Anticipated disbursement date for the 1 st disbursement	Format is CCYYMMDD 19990623 – 20020629
S039	5	1 st Disbursement Anticipated Gross Amount Anticipated gross amount for the 1 st disbursement	Numeric > = 0
S044	1	1 st Disbursement Refund Code Indicates if the 1 st disbursement was refunded	Y = Indicates the 1 st disbursement was refunded
S045	8	1 st Disbursement Refund Date Date the 1 st disbursement was refunded	Format is CCYYMMDD 19990623 – 20020629
S048	8	2 nd Disbursement Anticipated Date Anticipated disbursement date for the 2 nd disbursement	Format is CCYYMMDD 19990623 – 20020629
S049	5	2 nd Disbursement Anticipated Gross Amount Anticipated gross amount for the 2 nd disbursement	Numeric > = 0
S054	1	2 nd Disbursement Refund Code Indicates if the 2 nd disbursement was refunded	Y = Indicates the 2 nd disbursement was refunded
S055	8	2 nd Disbursement Refund Date Date the 2 nd disbursement was refunded	Format is CCYYMMDD 19990623 – 20020629
S058	8	3 rd Disbursement Anticipated Date Anticipated disbursement date for the 3 rd disbursement	Format is CCYYMMDD 19980623 – 20010629
S059	5	3 rd Disbursement Anticipated Gross Amount Anticipated gross amount for the 3 rd disbursement	Numeric > = 0
S064	1	3 rd Disbursement Refund Code Indicates if the 3 rd disbursement was refunded	Y = Indicates the 3 rd disbursement has been refunded
S065	8	3 rd Disbursement Refund Date Date the 3 rd disbursement was refunded	Format is CCYYMMDD 19980623 – 20010629
S068	8	4 th Disbursement Anticipated Date Anticipated disbursement date for the 4 th disbursement	Format is CCYYMMDD 19990623 – 20020629
S069	5	4 th Disbursement Anticipated Gross Amount Anticipated gross amount for the 4 th disbursement	Numeric > = 0
S074	1	4 th Disbursement Refund Code Indicates if the 4 th disbursement was refunded	Y = Indicates the 4 th disbursement was refunded

Loan Origination Import Change Field Numbers (Continued)

Sorted by Field Name Alphabetically

DL Change Number	Field Length	Field Name/Description	Valid Field Content
S075	8	4 th Disbursement Refund Date Date the 4 th disbursement was refunded	Format is CCYYMMDD 19990623 – 20020629
S130	8	5 th Disbursement Anticipated Date Anticipated disbursement date for the 5 th disbursement	Format is CCYYMMDD 19990623 – 20020629
S131	5	5 th Disbursement Anticipated Gross Amount Anticipated gross amount for the 5 th disbursement	Numeric > = 0
S132	1	5 th Disbursement Refund Code Indicates if the 5 th disbursement was refunded	Y = Indicates the 5 th disbursement was refunded
S133	8	5 th Disbursement Refund Date Date the 5 th disbursement was refunded	Format is CCYYMMDD 19990623 – 20020629
S134	8	6 th Disbursement Anticipated Date Anticipated disbursement date for the 6 th disbursement	Format is CCYYMMDD 19990623 – 20020629
S135	5	6 th Disbursement Anticipated Gross Amount Anticipated gross amount for the 6 th disbursement	Numeric > = 0
S136	1	6 th Disbursement Refund Code Indicates if the 6 th disbursement was refunded	Y = Indicates the 6 th disbursement was refunded
S137	8	6 th Disbursement Refund Date Date the 6 th disbursement was refunded	Format is CCYYMMDD 19990623 – 20020629
S138	8	7 th Disbursement Anticipated Date Anticipated disbursement date for the 7 th disbursement	Format is CCYYMMDD 19990623 – 20020629
S139	5	7 th Disbursement Anticipated Gross Amount Anticipated gross amount for the 7 th disbursement	Numeric > = 0
S140	1	7 th Disbursement Refund Code Indicates if the 7 th disbursement was refunded	Y = Indicates the 7 th disbursement was refunded
S141	8	7 th Disbursement Refund Date Date the 7 th disbursement was refunded	Format is CCYYMMDD 19990623 – 20020629
S142	8	8 th Disbursement Anticipated Date Anticipated disbursement date for the 8 th disbursement	Format is CCYYMMDD 19990623 – 20020629
S143	5	8 th Disbursement Anticipated Gross Amount Anticipated gross amount for the 8 th disbursement	Numeric > = 0

External Loan Data

You may define your own file layouts and queries from within EDEExpress to select the desired fields and specific records for exporting.

Files exported out of EDEExpress using File Formats can be exported either as standard fixed-length files or each field can be separated by a delimiter. When exporting a file, if you choose fixed-length, the system exports the file in a standard layout, with each field exported into a specific field position within the layout. If you choose comma, tab, or custom delimiter, the software exports the file with each field separated by the chosen delimiter. Some systems may find it easier to import the file with a selected delimiter, rather than using a fixed-length layout for all exports.

The following layout is a sample if “All Fields” are selected when creating a file format (layout). The file layouts are applied by selecting a file format code when you select an Export type of “Disbursement External,” “Origination External,” or “Origination External” (PLUS only). In these cases the file names are the same (DEER01IN). To narrow or select a specific set of records, you may also use a query in combination with the user defined file layout.

The export process pulls the records from the associated database and resets the Export to External flag to “N” to indicate these records have been exported for use in an external system.

Combination Edits

The following edits are EDEXpress edits that you may encounter when importing from your institutional system into the EDEXpress database.

Combination Edits

Edit	Field Name	Table	Condition	Message
1010	Parent's Date of Birth	LOAN DEMO	Plus only. If student's date of birth=parent's date of birth	Parent's date of birth may not be the same as the student's date of birth.
1025	Borrower Default on Education Loans	LOAN	If changed to Y and actual disbursements exist	All current and future disbursements must be adjusted to \$0 prior to changing default status to (Y)es.
1035	Dependency Status	LOAN	If dependency status = D and yr in college = 7	Graduate students cannot be dependent.
1045	Loan Amount Approved	LOAN	If entered and dependency status or college grade level are blank	Loan amount approved cannot be entered unless dependency status and college grade level are present.
1055	Loan Amount Approved	LOAN	For Records where Loan Type = S or U HEAL Flag = Blank Add'l Unsub Flag = Blank Dep Status = D Grade level = 1,2 Loan Amt approved > 2625 OR For Records where Loan Type = S or U HEAL Flag = Blank Add'l Unsub Flag = Blank Dep Status = D Grade level = 3 Loan Amt approved > 3500 OR For Records where Loan Type = S or U HEAL Flag = Blank Add'l Unsub Flag = Blank Dep Status = D Grade level = 4, 5, 6 Loan Amt approved > 5500 OR	The Loan Amount Approved for this Loan Exceeds Annual Loan Limits for this Student. Maximum Loan Amount [99999].

1056	Student Signed Note	LOAN	During Import Change process, loan type is S or U (Stafford) and Student Signed Flag is Y	Student signature only accepted on PLUS loans.
1060	Loan Amount Approved	LOAN	If Loan Amount Approved is greater than Loan Amount Requested (PLUS ONLY)	Loan Amount Approved may not be greater than the Loan Amount Requested.
1065	Borrower Signed Note	LOAN	If Signed Flag entered as Y and Pnote status is N or R and Pnote indicator is not = F	Promissory note may not be signed prior to printing note.

Combination Edits (Continued)

Edit	Field Name	Table	Condition	Message
1075	Loan Amount Requested	LOAN	If Loan Amount Approved is less than Loan Amount Requested (PLUS ONLY)	Loan Amount Requested may not be greater than the Loan Amount Approved.
1076	Disbursement-Anticipated Gross Amount	ANTICIPATED	If the amount is changed and the sum of the disbursements is not equal to or less than the loan amount approved (Stafford only)	Anticipated Gross Loan Total must be less than or equal to Loan Amount Approved.
1077	Disbursement-Anticipated Gross Amount	ANTICIPATED	If the amount is changed and the sum of the disbursements exceeds the loan amount approved	Anticipated Gross Loan Total may not exceed the Loan Amount Approved.
1080	Borrower Signed Note	LOAN	If Borrower Signed Note Date is changed to blank	Date Signed Note Received cannot be changed to blank.
1085	Borrower Signed Note	LOAN	If Borrower Signed Flag is N and signed note received date is non-blank If Borrower Signed Flag is Y and signed note received date is blank	Borrower Signed Flag required on received notes. Date note received required on signed notes.
1086	Borrower Signed Note Date	LOAN	If borrower signed note date is in the future	Borrower Signed Note Date may not be in the future.
1090	Borrower's Citizenship	LOAN	If changed to blank for (PLUS only)	Citizenship may not be changed to blank.
1106	Borrower's Alien Registration Number	LOAN	If Alien Registration Number is non-blank and citizenship status is 1	Alien Registration Number must be blank for citizens.
1100	Borrower's Citizenship	LOAN	If changed to 3 (PLUS only)	All anticipated and actual disbursements must be cancelled adjusted to zero prior to entering citizenship of Not Eligible.
1125	Loan Period End Date	LOAN	If Loan Period End Date is less than or equal to loan period start date	Loan Period Start Date must be prior to Loan Period End Date.
1126	Loan Period End Date	LOAN	If Loan Period End Date is more than 12 calendar months past the loan period start date	WARNING – LOC may reject this record as Loan Period may not be greater than 12 calendar months.
1135	Academic Year End Date	LOAN	If Academic Year End Date is more than 12 calendar months past the Academic Year Start Date	WARNING – LOC may reject this record as Academic Year may not be greater than 12 calendar months.
1136	Academic Year End Date	LOAN	If Loan Period Start Date is less than Academic Year Start Date OR If Loan Period End Date is greater than Academic Year End Date	Loan Period must be within Academic Year. Review Loan Period Start and End dates and Academic Year Start and End dates.
1170	School Code	LOAN	During Import Change process, if changed and saved to database different than what is previously on the database and the origination status is not N	School Code may not be changed after origination.

Combination Edits (Continued)

Edit	Field Name	Table	Condition	Message
1180	Disbursement-Anticipated Date	ANTICIPATED	If dates are out of order	Anticipated disbursement must be in ascending date order.
1195	Action Date	ACTUAL	If the transaction date entered is prior to the transaction date of the 1 st actual disbursement on the database, use the transaction with Type G or N, unless a Type Q transaction exists. If a Type Q transaction exists, use the date of the Type Q transaction with the highest sequence number.	Actual Disbursement Date entered may not be prior to the 1 st Actual Disbursement Date.
1215	Action Type	ACTUAL	If Inactive Flag is Y and actual disbursements added	This Loan is currently Inactive. You must remove the Inactive Flag before making any disbursements.
1220	Action Type	ACTUAL	If action type U is entered and a disbursement record already exists for this disbursement (For Import External Change and Multiple Entry only)	Actual Disbursement record already exists for this disbursement.
2000	Disbursement-Anticipated Date	ANTICIPATED	If date entered is more than 10 days before Loan Period Start Date	Anticipated Disbursement date #N may not be more than 10 days prior to Loan Period Start Date.
2001	Action Date	ACTUAL	If date entered is more than 10 days before Loan Period Start Date	WARNING – The LOC may reject this record since Actual Disbursement date #N may not be more than 10 days prior to Loan Period Start Date.
2005	Disbursement-Anticipated Date	ANTICIPATED	If disbursement date is after loan period end date	WARNING – The LOC may reject this record since Anticipated Disbursement date must be prior to loan period end date.
2010	Anticipated Detail fields	ANTICIPATED	If anticipated date is not present and any other anticipated detail is present	Anticipated Disbursement #N detail fields may not be completed without an anticipated disbursement date.
3000	Action Type	ACTUAL	If the PLUS Credit check indicator is blank, N, X, F, or D and any action type is entered (PLUS only)	Actual Disbursement #N may not be made with a blank, Pending, Failed or Credit Denied Credit Decision status on PLUS loan.
3020	Disbursement Refund Date	ANTICIPATED	If disbursement refund date left blank and code non-blank	Refund date required on refunded loan.
3030	Disbursement Refund Code	ANTICIPATED	If refund code left blank and date non-blank	Refund code required on refunded loan.
3040	Action Date	ACTUAL	If date empty and at least one detail field non-blank (For Import External Change Only)	Disbursement date required to disburse loan.

Combination Edits (Continued)

Edit	Field Name	Table	Condition	Message
3042	Action Type	ACTUAL	If Disbursement Type Q and current disbursement # is not Accepted or Batched	Disbursement must be Accepted or Batched.
3044	Action Date	ACTUAL	If Disbursement Type Q date is after subsequent Disbursement Type G or N Date. If any subsequent disbursement contains a Type Q transaction, edit against the date of the Type Q transaction with the highest sequence number. Example: Disb #1 original date 7/15/2000 Q for Disb #1 date 7/20/2000 Disb #2 date 7/18/2000	Adjusted Disbursement Date of the first disbursement cannot be after a subsequent disbursement date.
3050	Action Amount	ACTUAL	If action type of G or N is entered and amount is equal to zero	Actual Disbursement Amount #N may not be equal to zero.
3051	Action Amount	ACTUAL	If action amount gross is same as previous gross amount for this disbursement number	You may not enter an action amount where the Gross Amount is the same as the previous transaction for this disbursement number.
3080	Action Date	ACTUAL	If date entered is after current date	Actual disbursement #N may not be in the future.
3090	Actual Gross Amount	ACTUAL	If the prom note status is equal to N, R or P and the origination status is N or R and the entered amount is changed and saved as non-zero	Promissory Note must be signed unless MPN Exists Flag is set and Loan record batched to be sent prior to entering Actual Disbursement #N.
3100	Action Type	ACTUAL	If action type entered is A or J and date entered is before date on actual disbursement (type G or N)	Adjustment may not be prior to actual disbursement.
3105	Action Date	ACTUAL	If the action date is 91 days or more greater than the loan period end date	WARNING – This Disbursement Date is 90 days past the Loan Period End Date and will be rejected by the LOC unless your institution has prior approval from the Department of Education.
3112	Action Type	ACTUAL	If action type entered is N or J and Alternate Originator Flag in database is (Y)	Net disbursements may not be entered by institutions where the servicer performs their drawdown request for funds.
3900	Disbursement-Anticipated Gross Amount	ANTICIPATED	During Import Change process, if the loan origination status is equal to N and a disbursement is non-blank	Anticipated Disbursements may not be changed prior to originating a loan.

Combination Edits (Continued)

Edit	Field Name	Table	Condition	Message
3910	Actual Gross Amount	ACTUAL	If the sum of all disbursements exceeds the loan amount approved (Stafford only)	Actual Gross Loan Total may not exceed the Loan Amount Approved
3911	Actual Gross Amount	ACTUAL	If the sum of all disbursements exceeds the loan amount approved (PLUS only)	Actual Gross Loan Total may not exceed the Loan Amount Approved.
3914	Actual Gross Amount	ACTUAL	CANCODE is set to Y (through multiple entry/import change) and sum of actuals	You must first adjust all Actual Disbursements to \$0 before you can mark this loan inactive.
3915	Actual Gross Amount	ACTUAL	If change to all Actual Disbursements = sum of \$0 and Loan Inactive Flag = blank If user selects OK, then set Loan Inactive Flag to Y If user selects Cancel, do not set Loan Inactive Flag to Y	You have adjusted all Actual Disbursements to \$0. Do you wish to mark this Loan as Inactive?
3920	Loan Amount Approved Anticipated Gross Amount	ANTICIPATED LOAN	If change to Loan Amount Approved = \$0, the current sum of all Actual Disbursements = \$0 and the Loan Inactive Flag = blank If user selects OK, set the Inactive Flag to Y If user selects Cancel, do not set Loan Inactive Flag to Y	You have adjusted the Loan Amount Approved to \$0. Do you wish to mark this Loan as Inactive?
3995	Actual Gross Amount	ACTUAL	If Required Entrance Interview Flag is checked in system setup, and College Grade Level on Demo record = 1 or 2, and Entrance Interview Flag on demo is not checked	Actual disbursements may not be saved without an Entrance Interview for Grade Level 1 or 2.
4000	Anticipated Disbursement Number	ANTICIPATED	If Anticipated Disbursement Numbers greater than or equal to 5 exist on a PLUS loan	PLUS loans can only contain 4 anticipated disbursements.

Combination Systems Requirements

Rounding Logic

In 2000-2001, you can have up to 20 anticipated and 20 actual disbursements.

The following fields need to be calculated when **STAFFORD disbursements** are entered or changed:

Field Name	Description
Loan Amount Approved	From loan record
1 st Gross Disbursement Amount	Per Gross Disbursement Calculations
1 st Fee Amount	1 st Gross Amount X Loan Fee Rate (3%)
1 st Net Disbursement Amount	1 st Gross Amount - 1 st Fee Amount
2 nd Gross Disbursement Amount	Per Gross Disbursement Calculations
2 nd Fee Amount	2 nd Gross Amount X Loan Fee Rate (3%)
2 nd Net Disbursement Amount	2 nd Gross Amount - 2 nd Fee Amount
Optional:	
3 rd through 20 th Gross Disbursements	Per Gross Disbursement Calculations
3 rd through 20 th Fee Amount	3 rd through 20 th Gross Amount X Loan Fee Rate (3%)
3 rd through 20 th Net Disbursements	3 rd through 20 th Gross Amount - 3 rd through 20 th Fee Amount
Total Gross Disbursements	Sum of all gross disbursements
Total Fee Amount	Sum of all fee amounts
Total Net Disbursements	Sum of all net disbursements

The following fields need to be calculated when **PLUS disbursements** are entered or changed:

Field Name	Description
Loan Amount Approved	From loan record
1st Gross Disbursement Amount	Per Gross Disbursement Calculations
1 st Fee Amount	1 st Gross Amount X Loan Fee Rate (4%)
1 st Net Disbursement Amount	1 st Gross Amount - 1 st Fee Amount
2 nd Gross Disbursement Amount	Per Gross Disbursement Calculations
2 nd Fee Amount	2 nd Gross Amount X Loan Fee Rate (4%)
2 nd Net Disbursement Amount	2 nd Gross Amount - 2 nd Fee Amount
Optional:	
3 rd /4 th Gross Disbursements:	Per Gross Disbursement Calculations
3 rd /4 th Fee Amount	3 rd /4 th Gross Amount X Loan Fee Rate (4%)
3 rd /4 th Net Disbursements	3 rd /4 th Gross Amount - 3 rd /4 th Fee Amount
Total Gross Disbursements	Sum of all gross disbursements
Total Fee Amount	Sum of all fee amounts
Total Net Disbursements	Sum of all net disbursements

Gross Disbursement Calculations

With the implementation of the option to disburse up to 20 disbursements, disbursement percentages are no longer required to be sent to the LOC on the Loan Origination Record.

When determining disbursement amounts for a loan, dollar figures are rounded to the nearest dollar and all disbursements are equal except, for in some cases, the last disbursement.

When computing gross disbursement amounts, use the following specification:

Step 1: Divide the loan amount approved by the total number of disbursements to calculate an individual disbursement amount.

- If necessary, first truncate any positions that exist past two decimal places.

Step 2: Round the individual disbursement amount. Rounding occurs at the first and second decimal places to the nearest dollar.

- If the first and second decimal places are 50 or greater, increment the first digit to the left of the decimal sign by one.
- If the first and second decimal places are less than 50, do not change the first digit to the left of the decimal sign.

Note: The individual disbursement amount equals the amount of all disbursements except for the amount of the last disbursement.

Step 3: To determine the amount of the last disbursement, multiply the individual disbursement amount by the number of disbursements.

- If the sum of the disbursements is greater than the loan amount approved, ~~there is a negative variance~~ **subtract the difference from the last disbursement.**
- If the sum of the disbursements is less than the loan amount approved, ~~there is a positive variance~~ **add the difference to the last disbursement.**

The variance is applied to the **last** disbursement.

- ~~If there is a positive variance, subtract the variance from the individual disbursement amount to derive the last disbursement amount.~~
- ~~If there is a negative variance, add the variance to the individual disbursement amount to derive the last disbursement amount.~~

Example 1: A calculation for two disbursements

Loan Amount Approved: \$2625

Step 1: 2625 divided by 2 = 1312.5000

First truncate any positions that exist past two decimals as rounding occurs at the first and second decimal places.

Therefore 1312.5000 truncates to 1312.50

Step 2: Round at the first and second decimal places to determine the individual disbursement amount.

- If the first and second decimal places are .50 or greater, increment the first digit to the left of the decimal sign by one.
- If the first and second decimal places are less than .50 do not change the first digit to the left of the decimal sign.

1312.50 rounds to 1313. Therefore, all disbursement amounts are 1313 except the last disbursement.

Step 3: To determine the last disbursement amount, multiply the individual disbursement amount by the number of disbursements.

1313 multiplied by 2 = 2626

- ~~• If the sum of the disbursements is greater than the loan amount approved, there is a negative variance. Add the variance to the individual disbursement amount to calculate the amount of the last disbursement.~~
- ~~• If the sum of the disbursements is less than the loan amount approved, there is a positive variance. Subtract the variance from the individual disbursement amount to derive the amount of the last disbursement.~~

Since ~~Therefore, because~~ \$2626 is more than \$2625 ~~there is a positive variance of \$1 you~~ **subtract the difference of \$1**. The last disbursement is equal to \$1313 - \$1 or \$1312.

Final Results: 1st Gross Disbursement Amount = 1313
 2nd Gross Disbursement Amount = 1312

Example 2: A calculation for three disbursements

Loan Amount Approved: \$1000

Step 1: 1000 divided by 3 = 333.3333

First truncate any positions that exist past two decimals as rounding occurs at the first and second decimal places.

Therefore 333.3333 truncates to 333.33

Step 2: Round at the first and second decimal places to determine the individual disbursement amount.

- If the first and second decimal places are .50 or greater, increment the first digit to the left of the decimal sign by one.
- If the first and second decimal places are less than .50 do not change the first digit to the left of the decimal sign.

333.33 rounds to 333. Therefore, all disbursement amounts are 333 except the last disbursement.

Step 3: To determine the last disbursement amount, multiply the individual disbursement amount by the number of disbursements.

333 multiplied by 3 = 999

- ~~• If the sum of the disbursements is less than the loan amount approved, there is a negative variance. Add the variance to the individual disbursement amount to calculate the amount of the last disbursement.~~
- ~~• If the sum of the disbursements is greater than the loan amount approved, there is a positive variance. Subtract the variance from the individual disbursement amount to derive the amount of the last disbursement.~~

Since ~~Therefore, because~~ \$999 is less than \$1000 ~~there is a negative variance of \$1 you~~ **add the difference of \$1.** The last disbursement is equal to \$333 + \$1 or \$334.

Final Results: 1st Gross Disbursement Amount = \$333
 2nd Gross Disbursement Amount = \$333
 3rd Gross Disbursement Amount = \$334
 Total Loan Amount = \$1000

Example 3: A calculation for six disbursements

Loan Amount Approved: \$22,167

Step 1: 22167 divided by 6 = 3694.5000

First truncate any positions that exist past two decimals as rounding occurs at the first and second decimal places.

Therefore 3694.5000 truncates to 3694.50

Step 2: Round at the first and second decimal places to determine the individual disbursement amount.

- If the first and second decimal places are .50 or greater, increment the first digit to the left of the decimal sign by one.
- If the first and second decimal places are less than .50 do not change the first digit to the left of the decimal sign.

3694.50 rounds to 3695. Therefore, all disbursement amounts are 3695 except the last disbursement.

Step 3: To determine the last disbursement amount, multiply the individual disbursement amount by the number of disbursements.

3695 multiplied by 6 = 22170

- ~~• If the sum of the disbursements is less than the loan amount approved, there is a negative variance. Add the variance to the individual disbursement amount to calculate the amount of the last disbursement.~~
- ~~• If the sum of the disbursements is greater than the loan amount approved, there is a positive variance. Subtract the variance from the individual disbursement amount to derive the amount of the last disbursement.~~

~~Since~~ Therefore, because \$22170 is more than \$22167 there is a positive variance of \$3. ~~you subtract the difference of \$3.~~ The last disbursement is equal to \$3695 - \$3 or \$3692.

Final Results:

- 1st Gross Disbursement Amount = \$3695
- 2nd Gross Disbursement Amount = \$3695
- 3rd Gross Disbursement Amount = \$3695
- 4th Gross Disbursement Amount = \$3695
- 5th Gross Disbursement Amount = \$3695
- 6th Gross Disbursement Amount = \$3692
- Total Loan Amount = \$22,167

Loan Fees and Net Disbursement Calculations

When calculating loan fee amounts and net disbursement amounts, use the following specifications for all numbers of disbursements:

- Loan Fees are truncated.
- Net disbursements are calculated by subtracting the loan fee from the gross disbursement.
- If the sum of the loan fee amounts is less than the calculated Total Loan Fee, do not adjust any loan fee amounts.
- If the sum of the net disbursement amounts is greater than the calculated Total Net Disbursement, do not adjust any net disbursement amounts.

Example : Loan Fee Calculation

Total Gross Disbursement Amount = \$3500

Loan Fee Rate = 3%

Three Gross Disbursement Amounts = \$1167, \$1167 and \$1166

Step 1: 1st Loan Fee Amount: $1167 \times .03 = \$35.01$, truncate to \$35

Step 2: 2nd Loan Fee Amount: $1167 \times .03 = \$35.01$, truncate to \$35

Step 3: 3rd Loan Fee Amount: $1166 \times .03 = \$34.98$, truncate to \$34

Step 4: Total Loan Fee Amount = $35 + 35 + 34 = 104$

Step 5: 1st Net Disbursement Amount = $1167 - 35 = 1132$

Step 6: 2nd Net Disbursement Amount = $1167 - 35 = 1132$

Step 7: 3rd Net Disbursement Amount = $1166 - 34 = 1132$

Step 8: Total Net Disbursement Amount = $1132 + 1132 + 1132 = 3396$

Final Results:

	Disbursement #1	Disbursement #2	Disbursement #3	Totals
Gross Disbursements	1167	1167	1166	3500
Loan Fees	35	35	34	104
Net Disbursements	1132	1132	1132	3396

Leap Year Logic

EDEExpress uses the following date format and leap year logic in the date fields on its databases:

- The date field format is **CCYYMMDD**.
- For **(CC)**, the date field must contain only: 19 or 20
- For **(YY)**, the date field must contain only: 00 - 99
- For month **(MM)**, the date field must contain only: 01 - 12
- For day **(DD)**, valid range depends upon month as follows:

<u>Month</u>	<u>Valid Day Range</u>
01	01 - 31
02	01 - 28 (unless year is divisible by 4 when 01 - 29 is valid)
03	01 - 31
04	01 - 30
05	01 - 31
06	01 - 30
07	01 - 31
08	01 - 31
09	01 - 30
10	01 - 31
11	01 - 30
12	01 - 31

Importing Data into the EExpress Direct Loan Software

Interfacing your institution's system with EExpress allows you to take advantage of the built-in edits and PC communication software. It reduces the data preparation effort by importing student data from your existing systems into EExpress. After processing Direct Loan records with EExpress, you can create a customized export file to share the data with your other institutional systems.

Certain borrower information is required before you can originate a loan. This information includes data about the borrower such as the name, address, date of birth, citizenship, and year in college. Also, it includes information specific to the loan such as the loan amount approved and loan period start and end dates. When creating the import file, please refer to the column marked 'required field' in the DIEA file.

As an EExpress user, you have the following three options when entering data required to originate a Direct Loan:

1. Key enter data from the SAR and other hardcopy documents
2. Import data from EExpress' ISIR and/or packaging system databases
3. Import data from an institutional system (External System)

The following specifications address the third option - importing data from an institutional system. For information regarding the first and second options, please refer to the online Help in the Direct Loan software.

Note: EExpress automatically performs origination for all records containing all of the required origination fields. This step is performed during the import process for all records with a loan origination status of N.

Note: If your institution chooses to fill field #1 with a preassigned Loan ID, you may assign any loan sequence number (001-999).

If you have developed systems to capture information required to originate a loan, two general import capabilities are available:

Importing New Records

This import option allows you to add records to the EExpress Direct Loan database. You must create a file of borrower records according to a standard file layout. See the Combination Layout Section for layout and file creation specifications. If the record passes reject editing and a Loan ID is not specified in the import file, the loan record is added to the EExpress database and a 21-digit Loan ID is assigned. The Loan ID is important to systems interfacing with EExpress because it is needed when making changes to existing records.

Importing New Records (Continued)

When a loan record is imported, EDEExpress searches for records with an identical student's SSN, Loan Type, Loan Year, and Direct Loan School Code. If there is no match, EDEExpress assigns 001 as the Loan Sequence Number.

If EDEExpress discovers a match on a student's SSN, Loan Type, Loan Year, and Direct Loan School Code, it proceeds using your selected add options. You request to be prompted for duplicates by selecting "Y."

- You can request EDEExpress to create a new loan record when a duplicate record is found by selecting "C" (**Create All**). When a duplicate is found, EDEExpress assigns the next highest Loan Sequence Number.
- You can request EDEExpress to skip the duplicate by selecting "N" (**Skip Duplicate Record**). The record is skipped and counted on the Import Add Report as a skipped record.

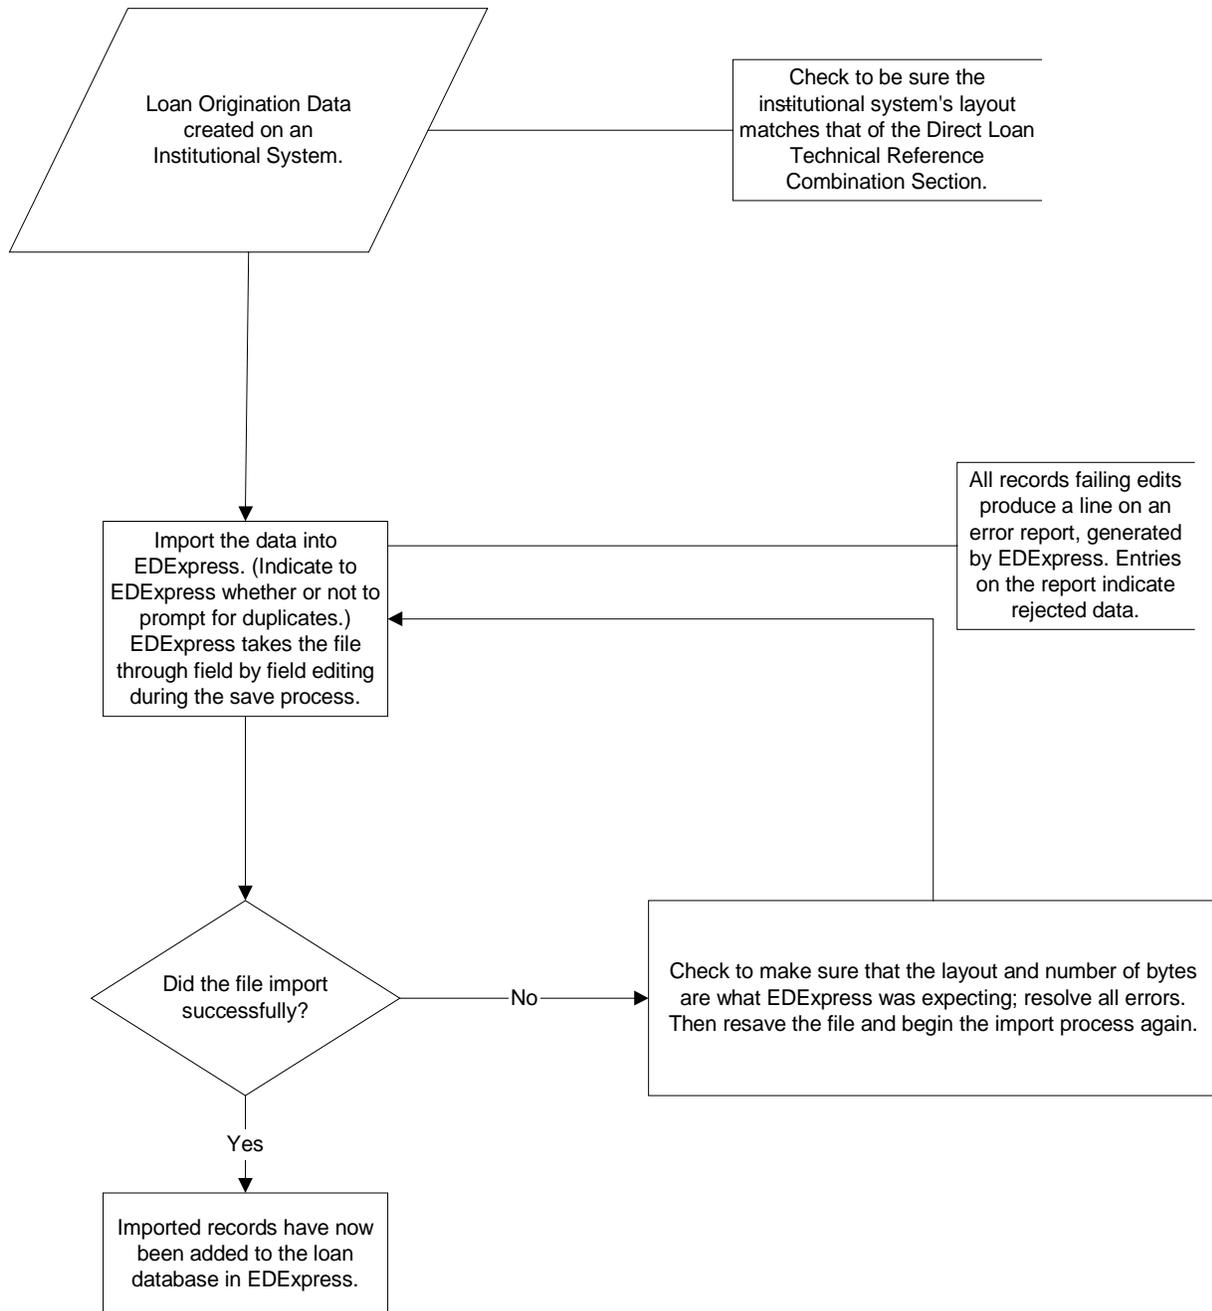

Imported records must adhere to the External Import Add Record layout. EDEExpress prompts you for a filename. Once a filename is provided, EDEExpress performs a series of edits and calculations on each record of the imported file.

An Add Edit Report is created for each file of imported records. This report identifies rejected records and provides statistics on the number of records added to the database. The format of the Loan Origination Add Edit Report is provided in the Appendix.

Note: EDEExpress maintains separate records for each borrower loan type. For example, if a student borrower is approved for a subsidized loan, unsubsidized loan, and PLUS loan, three records are imported to EDEExpress, one for each loan type. For each imported record, a record is established in the Loan Origination database.

For all loan types, the Loan Origination database maintains demographic information about the borrower. In addition, student demographic information is maintained for PLUS loans.

External Import Loan Origination Add

Exchanging Loan Origination Records with the LOC

You transmit a loan origination record to the LOC for each originated loan. If you request the LOC to print promissory notes, your request is part of the loan origination record. If you print your borrower's promissory notes, the loan origination record can be transmitted before or after the student signs the note. However, the LOC must receive the loan origination record before it can book the loan.

Two types of loan origination records can be exported to the LOC:

- Full Loan Origination Record
- Loan Origination Change Record

Full Loan Origination Record

For each new loan, subsidized, unsubsidized and PLUS, you must send a Full Loan Origination Record to the LOC. The Full record contains all of the demographic information about the borrower, as well as anticipated loan disbursement data, required to originate the loan. Data on each record must be edited to adhere to the field length, field type, and valid field content specifications. Full Loan Origination Records are transmitted in two types of files. All of the subsidized and unsubsidized records are transmitted in a file with a message class of DESF01IN. All PLUS records are transmitted in a file with a message class of DEPF01IN. There are two message classes because of the difference in turnaround time. Subsidized and unsubsidized loan origination acknowledgements are returned within three days of the LOC receiving the records. Because PLUS loans require a credit decision, PLUS acknowledgements are returned within five days of the LOC receiving the records.

Receiving Full Loan Origination Acknowledgements from the LOC

The LOC returns one acknowledgement record for each Full Loan Origination Record it receives. Batch integrity is maintained; the school receives acknowledgement records for all transmitted records in the batch.

These records are received in message class DISF01OP for subsidized and unsubsidized records and DIPF01OP for PLUS records. These records indicate whether the origination record is rejected or accepted. For PLUS records, the Full Loan Origination Acknowledgement also indicates whether the credit check is accepted, denied or pending. If a credit decision is overridden (modified) for a PLUS record, a separate PLUS Credit Decision Acknowledgement is received from the LOC (message class DIPC01OP). The PLUS Credit Decision Acknowledgement is transmitted to you at any time after the initial decision has been received on the Full Loan Origination Acknowledgement.

Once the Full Loan Origination record is accepted by the LOC, it should not be sent to the LOC again. If changes need to be sent to update information on the record, a change record described below must be sent to the LOC. When a Full Loan Origination record is rejected by the LOC, it is not kept on file in the LOC System. The record errors need to be corrected and the Full Loan Origination record transmitted to the LOC with the message class DESF01IN.

PLUS Credit Decision Acknowledgement

For any previously accepted PLUS Full Origination records, the LOC may return a Credit Decision Acknowledgement with one of the following status: C = (Credit overridden, new credit information provided), D = (Credit denied, endorser not okay), N = (Credit denied; after pending), E = (Credit overridden, endorser OK). The Credit Decision indicates the results of PLUS Loan credit checks on the parent borrower or endorser. For approved applicants, you can proceed to the disbursement of funds. The LOC sends further information and instructions directly to those applicants not approved for a PLUS loan on the basis of credit checks. The LOC has the option to override the credit decision after an initial denial. The PLUS Credit Checks can be updated at any time on the basis of the borrower submitting supporting documentation to the LOC or credit reporting agency. If you process PLUS loans, you may receive updated credit decisions in this acknowledgement file with message class DIPC01OP at any time from the LOC.

Loan Origination Change Record

Once the Full Loan Origination Record is accepted by the LOC, changes to the borrower's demographic or loan information requires a change record be sent to the LOC. Loan Origination Change Records are transmitted in a separate message class DESC01IN.

Each change record contains the borrower's loan identification (necessary to identify the record on the LOC's databases), the number associated with the field being corrected, and the corrected value.

Importing Changes to Existing Records

This import option allows you to submit changes from your institutional systems to the EDEXpress Direct Loan database. To perform this option, you must create a file of borrower records according to a standard file layout. Each record must contain the borrower's loan identification number, field number associated with the field to be updated, and the updated value.

Use the External Import Change record layout and the table of Loan Origination Import Change Field Numbers to create your change record. These can be found in the Combination Layouts section of this technical reference.

To import most efficiently, you should import the records in Social Security Number order, and the fields to be updated within each change record should appear in numerical order. For example, if you are changing fields S013 (Borrower's Telephone Number) and S101 (Borrower's Local Address City), field S013 should appear first in the change record followed by field S101.

The change field number consists of three positions for the field number and a prefix to indicate whether the field is on the Loan Origination Database (prefix is S), the PLUS Loan Database (prefix is P), or the Disbursement Database (prefix is D). For example, "P004" indicates a change to the student's last name on the PLUS Loan Database; "S007" indicates a change to the borrower's last name on the Loan Origination Database.

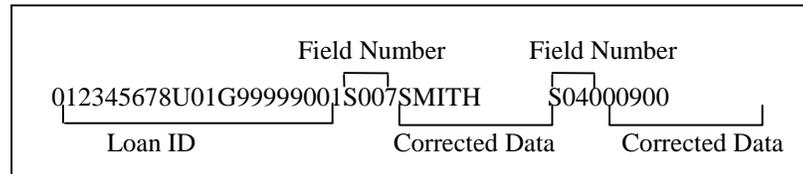

Each change record contains space for up to 10 data element changes. Multiple change records can be exported for a Loan ID if more than 10 changes are required.

Corrected values must be left justified within the 28-byte change value field. Numeric fields are left justified and blank filled up to the maximum number of positions for that

field. For example, when correcting a 4-byte numeric field to a value of '48,' the correction record would display 0048 with 24 blank spaces.

Example:

Two changes are submitted to a loan record whose ID is 012345678U01G999999001: a change in the borrower's last name to SMITH, and a change in the 1st disbursement anticipated gross amount to \$900. The following would be the contents of the change record excluding the create time, batch number, and User ID fields at the end of the record:

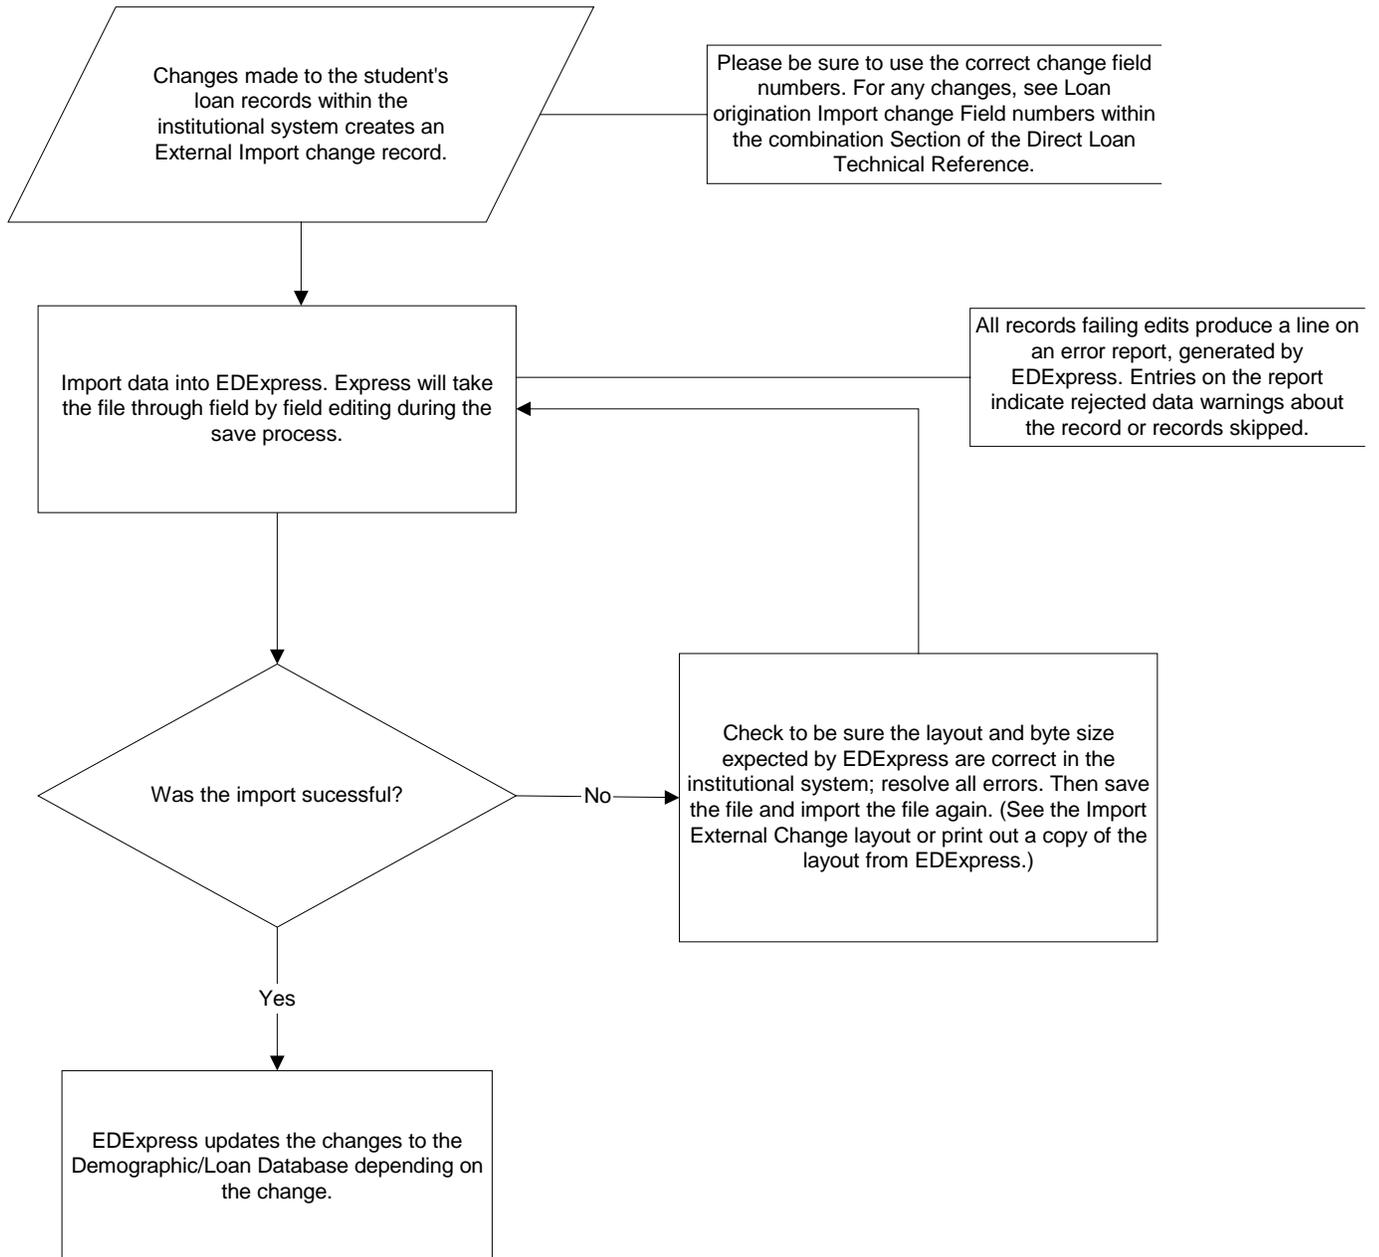

Receiving Loan Origination Change Acknowledgements from the LOC

The Loan Origination Acknowledgement has the same record layout as the record layout used to transmit the change record to the LOC. The acknowledgement record indicates whether the change is accepted or rejected. Rejection codes are associated with each rejected field.

If the change is accepted, then there are no reject codes associated with that field. If a change is rejected, then it must be corrected and only the fields that were in error need to be resent to the LOC as change records.

External Import Change Record

Processing Promissory Notes

All promissory notes must be mailed to the LOC before the loan is "booked." The hardcopy promissory notes must be accompanied by a paper manifest that identifies the borrower's name and Loan ID for each promissory note in the shipment. Also, the paper manifest provides a certification to be signed by an official at the institution.

Master Promissory Notes for subsidized and unsubsidized loans and PLUS Promissory Notes must be batched separately and a separate manifest created for each. Each batch may contain up to 100 notes. Additionally, separate manifest batches must be created for each school code. The Promissory Note Manifest option is available through the EDEXpress Print process. The format for the Master Promissory Note manifest and the PLUS manifest are provided in the Appendix.

Receiving Promissory Note Acknowledgements

The LOC returns an electronic file (DIPA01OP) containing the acknowledgement of any promissory notes processed by the LOC. This acknowledgement contains a batch ID generated by the LOC. Batch integrity does not exist between the paper Promissory Note Manifest and the Promissory Note Acknowledgement. If the LOC accepts a promissory note and an accepted loan origination record is not on file at the LOC, the promissory note is accepted, pending a loan origination record.

Promissory Note Reject

The DIPA01OP file contains a code in field #4 (Promissory Note Status) that returns one of three values: A (Accepted), R (Rejected), or X (Pending). If Field #4 contains "R," then Field #5 contains the reject reason code (see Custom Edit Section for Promissory Note Reject Reasons).

Master Promissory Note Multi-Year Functionality

The Master Promissory Note (MPN) is the only approved promissory note for Direct Subsidized and Unsubsidized Loans for all schools. No change is being made to the MPN data elements. At this time, the MPN concept will not be adopted for use in the PLUS program.

The MPN ID prints on the MPN. This identification number is used by the LOC to link loans to the MPN. For newly printed MPNs for 2000-2001, the format of the MPN ID has changed to use "M" as the MPN indicator instead of "S" or "U" in the loan type code field.

As in the past, the school prints the MPN based on the completed loan origination record. However, no dollar amount is printed on the MPN by the school or the LOC and only one note is used for both subsidized and unsubsidized loans.

The MPN must be printed by the school or the LOC and signed by the student borrower before disbursement of a Federal Direct Subsidized Loan or Federal Direct Unsubsidized Loan. The MPN is a legal document requiring the borrower to repay the funds borrowed under the Direct Loan Program.

For 2000-2001, Multi-Year Note (MYN) functionality will be implemented for the MPN for 4-year undergraduate schools and graduate schools per Direct Loan Regulations. Any schools requesting an exception to this regulation may contact the Direct Loan Operations Staff.

With this change, if a borrower is attending a school eligible for multi-year functionality, the borrower is required to have only one open MPN on file at the LOC for all subsidized and unsubsidized loans disbursed for academic year 2000-2001 and forward. For example, the open MPN at the LOC can be an MPN processed for year 1999-2000. This open MPN can be linked to a 1999-2000 and forward Stafford Loan. Because multiple loans are linked to an MPN, the promissory note print sequence number is no longer necessary.

An open MPN on file at the LOC is assigned to the borrower and is not limited for use at a specific school. Therefore, any MPN accepted by the LOC can be used by a school eligible for MYN functionality. Thus, all loans for a student are linked to the same MPN across schools and academic years.

If a school is NOT eligible for MYN functionality (single-year schools), a new MPN must be generated each academic year for each borrower. A single-year school must use an MPN generated at or for that institution only. A single-year school can link all subsidized and unsubsidized loans for the same academic year, for the same student to the same MPN.

An open MPN is valid for up to 10 years from the date of the first anticipated disbursement if an actual disbursement has been made. By calling an LOC Customer Service Representative, a student may close an MPN. Once an MPN has been closed, no new loans can be disbursed without a new MPN being generated. However, all disbursements and booking activity for the loans already attached to the closed MPN will be processed.

Reporting Disbursements

Note: The Actual Disbursement Record cannot be accepted by the LOC until they have accepted the Loan Origination Record.

Before the LOC can "book" a loan, the LOC needs three essential components:

1. An accepted Loan Origination Record
 - a) Approved Credit Decision (PLUS ONLY)
2. An accepted Promissory Note
3. An accepted Actual Disbursement Record

Once the school has verified a completed and signed promissory note is on file as well as other eligibility verification required by regulations (e.g., student enrolled at least half-time), it can make a loan disbursement to the student or parent (either by check or by crediting the student's account).

Disbursement Record Types

There are six kinds of Disbursement Records:

1. Actual Disbursement = record type D (Batch Type #H)
2. Adjusted Actual Disbursement = record type A (Batch Type #H)
3. Adjusted Disbursement Date = record type Q (Batch Type #H)
4. Booked Disbursement = record type L (Batch Type #B)
5. Booked Adjusted Disbursement = record type M (Batch Type #B)
6. Servicing Refund = record type P (Batch Type SP)

An Actual Disbursement Record contains data for the initial disbursement for a given disbursement number.

An Adjusted Actual Disbursement Record is sent to the LOC when the amount of a disbursement needs to be increased or decreased. For more information, see the *DL School Guide* and the appropriate DL Bulletins.

An Adjusted Disbursement Date record is sent to the LOC when an actual disbursement date is posted incorrectly. This record type is transmitted after an actual disbursement is sent to and accepted by the LOC.

New for 2000-2001

A Booked Disbursement record (record type L) or Booked Adjusted Disbursement record (record type M) is sent from the LOC providing the booked date for an actual disbursement or an actual adjusted disbursement. The record updates the EDEExpress database with the disbursement or adjustment booked date.

New for 2000-2001

A Servicing Refund record (record type P) is sent from the LOC when a borrower refunds monies on current loan to Servicing. This transaction does not update the disbursement amounts recorded on the EDEExpress database. This record is to inform you that the student has additional loan eligibility for the current year. EDEExpress allows the Loan Amount Approved for this loan to include this additional refunded amount in the annual loan limit for this loan if the borrower decides to borrow the additional funds. Note: This transaction should not be returned to the LOC.

Disbursement Record Type “Q”

Disbursement type “Q” (Adjusted Disbursement Date) has been added for making adjustments to the actual disbursement date. In order to change the disbursement date, the school should use disbursement record type “Q” to show the correct actual disbursement date. The “Q” transaction can only be used after the school has sent an actual disbursement and received the disbursement acknowledgement. The following rules apply to transaction type “Q”:

Disbursement type “Q” (Adjusted Disbursement Date) allows adjustments to the actual disbursement date. In order to change the disbursement date, you should use disbursement record type “Q” to show the correct actual disbursement date. The “Q” transaction can only be used after an actual disbursement is sent and you have received the disbursement acknowledgement. The following rules apply to transaction type “Q”:

1. An actual disbursement must exist (see example #1).

2. Disbursement type “Q” is only for date changes not changes to the actual disbursement amount. This is a separate disbursement transaction and must be transmitted to the LOC (see example #2).
3. Disbursement type “Q” adjusted disbursement date can be a date after a prior transaction date for that disbursement number (see example #3).
4. Disbursement type “Q” adjusted disbursement date cannot be a date later than subsequent disbursement numbers (see example #4).
5. Disbursement type “Q” can be entered with a date before any adjustments to that same disbursement (see example #5).
6. Multiple transactions may cause a delay in processing.
7. Disbursement type “Q” follows the same delete rules as any other disbursement transaction (cannot be deleted unless in a “R=Ready Status” or “E=Rejected Status”).

The following are examples that apply to the rules outlined above:

Example #1

Disb. #	Disb Type	Disb. Seq #	Disb Date	Disb. Amt	Disb. Status	Allowed?	Comments
1	Q	01	05/01/2000	\$1000	READY	NO	See rule #1

Example #2

Disb. #	Disb. Type	Disb. Seq #	Disb. Date	Disb. Amt	Disb. Status	Allowed?	Comments
1	G	01	05/01/2000	\$1000	ACCEPTED	YES	Initial Disbursement Entered
1	Q	02	05/02/2000		ACCEPTED	YES	See Rule #2
2	G	01	06/01/2000	\$1000	ACCEPTED	YES	Second Disbursement Entered

Example #3

Disb. #	Disb. Type	Disb. Seq #	Disb. Date	Disb. Amt	Disb. Status	Allowed?	Comments
1	G	01	05/01/2000	\$1000	ACCEPTED	YES	Initial Disbursement Entered
1	Q	02	04/01/2000		READY	YES	See Rule #3
2	G	01	06/01/2000	\$1000	ACCEPTED	YES	Second Disbursement Entered
2	Q	01	04/02/2000		READY	YES	See Rule #3

Example #4

Disb. #	Disb. Type	Disb. Seq #	Disb. Date	Disb. Amt	Disb. Status	Allowed?	Comments
1	G	01	05/01/2000	\$1000	ACCEPTED	YES	Initial Disbursement Entered
2	G	01	06/01/2000	\$1000	READY	YES	Second Disbursement Entered
1	Q	02	06/02/2000		READY	NO	See Rule #4

Example #5

Disb. #	Disb. Type	Disb. Seq #	Disb. Date	Disb. Amt	Disb. Status	Allowed?	Comments
1	G	01	05/01/2000	\$1000	ACCEPTED	YES	Initial Disbursement Entered
1	A	02	05/15/2000	\$500	READY	YES	Adjusted amount downward 15 days later
1	Q	03	05/15/2000		READY	YES	See Rule #5. This would change the date of the initial disbursement to 5/15 which is the same date as the adjustment and is allowed
2	G	01	06/01/2000	\$1000	READY	YES	Second Disbursement Entered

Importing Disbursement Data into EDEExpress

You can create a change record to import actual disbursement data from an external institutional system into EDEExpress. To do this, use the External Change Record format (DIEC01OP) in the Combination Layouts section. The change record should include the following data elements:

Field	Change Field Number
Loan ID	N/A
Sequence Number	N/A
Disbursement Number	D003
Transaction Date	D004
Action Type (Disbursement)	D006
Action Amount (Disbursement)	D007

Sequence of Disbursement Records

Disbursement records should occur in the file grouped by Loan ID. The records must be sorted within Loan ID by Disbursement Number and Sequence Number. For example, a loan has one actual disbursement and two adjustments. Record type D should precede record type A, and the two adjustments should be in ascending date order.

To make the import work most efficiently, you should create the file so that the records are imported in transaction date order. If you have more than one record for a single transaction date, they should be sorted in Social Security Number order.

Remember, disbursement activity must be submitted to the LOC **within 30 days** of the transaction date.

Timing

For Option 1 and 2 schools, disbursement records are sent after you have received a signed valid promissory note from the borrower. For Standard schools, disbursement records are sent to the LOC after you have received an accepted Promissory Note Acknowledgement for the borrower. Take care to ensure that the disbursement record cycle is complete at a record level before transmitting change records for adjustments to \$0.

Export Record of Disbursement Information

You use the Direct Loan software to create a record of disbursement information for transmission to the LOC. The LOC edits the information against the loan origination record data stored in its system. The LOC returns an acknowledgement to the school indicating whether or not each disbursement record has been accepted (DIOD01OP).

Submit Correction Disbursement

You may receive a record from the LOC indicating the disbursement information record is rejected. In this case, you need to determine why the record was rejected, then correct the record and retransmit it to the LOC.

Process Disbursement Adjustments

Adjustments occur when the amount on a disbursement is increased or decreased. This new adjusted disbursement amount needs to be sent to the LOC.

Inactive Loan Process (Adjustments to Zero)

A process of adjusting individual disbursements and/or Loan Amount Approved to zero replaced the cancellation process. Now you have more flexibility by simply recording and sending the LOC an upward adjustment if the loan or disbursement is to be reactivated after being adjusted to zero.

The following scenarios demonstrate this process:

Scenario A

School needs to cancel an entire loan and NO Actual Disbursements have been made:

1. Reduce the Loan Amount Approved to \$0 and save the record.
2. Save process within EDEExpress automatically reduces each Anticipated Disbursement to \$0. You can mark the loan as Inactive if you want. This marker is used to filter out these records in reports.
3. Forward a Loan Origination Change Record to the LOC, which contains the change to the Loan Amount Approved and all Anticipated Disbursements.
4. Increase the Loan Amount Approved to the appropriate amount, which automatically resets the Inactive Flag, if you need to reactivate this loan.

EDEExpress automatically recalculates the Anticipated Disbursements.

5. Forward a Loan Origination Change Record to the LOC, which contains the change to the Loan Amount Approved and all Anticipated Disbursements.

Scenario B

School wants to cancel an entire loan but Actual Disbursements have been made:

1. Adjust all Actual Disbursements to \$0 and send in a Disbursement Record to the LOC, which contains adjusted disbursement record.
2. At the same time, reduce the Loan Amount Approved to \$0 and save the record.
3. The Save process in EDEExpress automatically reduces each Anticipated Disbursement. You have the option to mark the Loan as Inactive. This marker is used to filter out these records in reports.
4. Forward a Loan Origination Change Record to the LOC, which contains the change to the Loan Amount Approved and all Anticipated Disbursements.

Note: This change record (Step 4) can be forwarded to the LOC at the same time the Disbursement Record in Step 1 is forward to the LOC.

5. (As in Step 4 for Scenario A above) Increase the Loan Amount Approved to the appropriate amount if you need to reactivate this loan.

EDEExpress automatically recalculates the Anticipated Disbursements. A Loan Origination Change record is sent to the LOC to report the new amounts.

6. Adjust the appropriate Disbursement number back up to the disbursement amount if an Actual Disbursement is to be recorded. A Disbursement Record is sent to the LOC to report the new Actual Disbursement amounts.

Scenario C

School wants to only cancel individual Actual Disbursement(s):

1. Adjust the individual Actual Disbursement(s) to \$0.
2. Send a Disbursement Record to the LOC, which contains this adjusted disbursement.
3. Reactivate this disbursement by entering an upward adjustment to that same disbursement, then send a Disbursement Record to the LOC with the new amount(s).

Note: If you only adjust the disbursement down to zero without adjusting the Loan Amount Approved appropriately, the student's loan data at NSLDS may not be reported correctly.

Note: If the sum of Actual Disbursements is changed to \$0, a message displays suggesting that you may also want to change the Loan Amount Approved to \$0.

Disbursement Confirmation (For Schools in the Confirmation Pilot)

Schools participating in the Confirmation Pilot receive authorization from the borrower for the disbursement of funds under a Direct Subsidized Loan or a Direct Unsubsidized Loan. To accommodate this procedure, an Affirmation Flag indicates that the borrower at the school has been confirmed.

Receiving Disbursement Acknowledgement Records from the LOC

The LOC returns an acknowledgement record for each Disbursement Record you submit. In addition, some disbursement transactions are generated by the LOC and sent to you on the Disbursement Acknowledgement. The acknowledgement record is in the same format as the Disbursement Record. They are returned in a message class DIOD01OP.

When processing disbursements or adjusted disbursements, if the LOC calculates different amounts than reported by the school, these amounts are returned in the acknowledgement. If there is no change to the amounts, these fields are returned blank.

School Reconciliation

You must reconcile your school's Direct Loan records on file at the LOC with the school's internal Direct Loan records. This process is School Reconciliation and you should perform this process on a monthly basis.

School Account Statement

The LOC initiates the reconciliation process. You receive on a monthly basis a Direct Loan School Account Statement (DLSAS) from the LOC designated by school code. The DLSAS is imported and formatted to look similar to a monthly bank statement. This statement reports the cash records and the booked and unbooked disbursement transactions on file at the LOC. The DLSAS has three parts: Cash Summary, Cash Detail, and Loan Detail. You are responsible for reviewing and comparing the monthly statement to ensure the accuracy of the data on both your school's system and the LOC database. This data must also be reconciled to your school's internal student account records and bank records.

School Options

You may elect to receive only the Cash Summary and Cash Detail sections on the monthly School Account Statement - omitting the Loan Detail records. This may be a desirable option if you have a large volume of loan detail records. If you wish to omit the Loan Detail records from your DLSAS, contact the LOC.

Additionally, you may elect to send the LOC an electronic file, the Optional Loan Detail Exception File, with Year-to-Date (YTD) unbooked transactions or booked transactions for a particular month. The LOC compares your school's data sent in this file with that of the LOC. A preformatted exception report is returned if there are discrepancies or exceptions to be resolved. This process may assist you in resolving discrepancies found

while reviewing the monthly DLSAS. You initiate this process by sending the Optional Loan Detail Export file to the LOC (DERC01IN).

Resolving Discrepancies

These two processes, the DLSAS and the Optional Loan Detail Exception Report, assist you in reconciling your school data with the data at the LOC. When discrepancies are found, you should go back and ensure that all origination, promissory note, and disbursement processing is completed. Remember:

- The LOC's cash balances only report on "Booked" data for the month reported in the DLSAS. Booked status on your school system can only be updated by the booked disbursement (L) or booked adjustment (M) transaction.
- Export all pending data batches for origination records, promissory notes, and disbursements.
- Import all pending acknowledgement batches to update the accepted status and booked status flags on your school's system.
- EDEExpress and Combination schools find it helpful to use the Booked Status Measurement Report to resolve discrepancies on the DLSAS.

Technical Tips

On the following pages, some technical tips are provided in the sections listed below:

- Batch IDs
- Ad hoc reports

Batch IDs

All Batch IDs through the Direct Loan System have the same format. Each batch ID is 23 characters long. The first two characters are the batch identifiers, which represent the type of batch. The next character represents the cycle year. The next six characters are the school code. The next eight characters are the date the batch was created. The next six characters are the time the batch was created. All of the batch identifiers are listed below.

Batch Identifier	Type of Batch
#F	Export: Origination External
PF	Export: Origination LOC Full PLUS
#A	Export: Manifest Stafford/PLUS
#L	Export: Optional Loan Detail Exception
#E	Export: Origination LOC Change
#H	Export: Origination LOC Disbursement
#D	Export: Origination LOC Full Stafford
#R	Import: Anticipated Listing
#Q	Import: Actual Roster
#O	Import: External Add
#P	Import: External Change
#E	Import: Acknowledgements – Change Origination
#H	Import: Acknowledgements – Disbursement Origination
#B	Import: Booking Notification
SP	Import: Servicer Refund Amount
#A	Import: Acknowledgements - Prom Note
#C	Import: PLUS Credit Decision
PF	Import: Full Summary PLUS Origination
#D	Import: Acknowledgements - Full Summary Stafford
#W	Import: 30-Day Warning Report
AS	Import: Direct Loan School Account Statement
SV	Import: Loan Servicer

Ad Hoc Reports

Receiving the 30-Day Warning Report File

The 30-Day Warning Report is a preformatted print file reporting unbooked loans (DIWR01OP) for which the LOC has not received the three required components to book a loan within 30 days of the first activity. The report lists the Loan ID and the data that is required to book the loan. Loans where the Loan Amount Approved is adjusted to zero do not appear on the 30-Day Warning Report. This file is generated weekly by the LOC. At a minimum this report contains:

- Loan ID
- Borrower's Name
- Data Received by LOC
- Date Data Received by LOC
- Missing Data Needed to Book Loan: Prom Note; Loan Origination Record; or Actual Disbursement Information
- Total Number of Records on Report

Note: Loans that have been adjusted to \$0 do not appear on the 30-day Warning Report. The LOC provides a separate report listing all loans that are adjusted to \$0 and are Inactive. Once the loans become active again and are missing any of the items necessary to book, the loan again appears on the 30-Day Warning Report File.

Receiving the Duplicate Student Borrower Report

The Duplicate Student Borrower Report is a file reporting student borrowers at multiple schools with loans for the same or overlapping academic years.

Receiving the Inactive Loan Report

The Inactive Loan Report is a file reporting loans that are adjusted to zero.

Receiving the SSN, Name, and Birth Date Change Report

The SSN, Name, and Date of Birth Change Report is a file reporting SSN, name, and date of birth changes that the LOC is suggesting you review and possibly update EDEExpress by creating a change record to be sent to the LOC.

Receiving the Pending SSN Change Report

The Pending SSN Change Report is a file reporting SSN changes that are pending for more than 45 days.

Disbursement Activity Not Yet Booked at Servicing

The Disbursement Activity Not Yet Booked at Servicing is an ASCII file that allows the school to print a report displaying disbursements that are booked by the LOC but not yet booked at Servicing. For this reason, a borrower has not yet received information from Servicing regarding the loan.

Note: This file does not update your EDExpress database.

Receiving the Anticipated Disbursement Listing

The Anticipated Disbursement List file (DIAA01OP) is transmitted to Option 1 or Standard Origination schools only. This file lists all pending anticipated disbursements scheduled 30 to 45 days in the future. The LOC generates this file based on accepted origination records and accepted promissory notes for your school. Schools should submit origination records, changes, and promissory notes to the LOC for anticipated disbursements that the school intends to make. The preformatted print file, received in message class DIAA01OP contains at a minimum the following data elements:

- Direct Loan School Code for Borrowers on Report
- Loan ID
- Borrower's Name
- Loan Type
- Disbursement Number (1 through 20)
- Anticipated Gross Disbursement Amount
- Anticipated Net Disbursement Amount
- Anticipated Loan Fee Amount
- Number of Borrowers on the Listing
- Total Net Disbursements
- Anticipated Disbursement Date

Receiving the Actual Disbursement Roster

Actual Disbursement Roster

The Actual Disbursement Roster file (DIAO01OP) is transmitted to Option 1 or Standard Origination schools only. The Actual Disbursement Roster is transmitted to schools five business days prior to the anticipated disbursement date. This file lists all the Loan IDs and anticipated disbursements on which the LOC requested funds. Funds transferred to the school from GAPS must be disbursed to the borrowers based on the Actual Disbursement Roster. The LOC includes borrowers on this report based on anticipated disbursements on accepted loan origination records submitted to the LOC at least 10 business days prior to the anticipated

disbursement date. This report also lists disbursements on which the LOC was unable to drawdown funds from GAPS and provides a reason code. This preformatted print file, received in message class DIAO01OP, contains at a minimum the following data elements:

- Direct Loan School Code for Borrowers on Report
- Loan ID
- Borrower's Name
- Loan Type

The Duplicate Student Borrower Report lists student borrowers for which the LOC has accepted multiple Direct Subsidized and/or Unsubsidized Loan Origination records. The list indicates other schools that have submitted a loan origination record for the same borrower who may be attending your school. This report assists in identifying subsequent loan origination records that may reject due to exceeding the annual loan limits. This report does NOT relieve the school of its responsibility to monitor all loan activity (including FFEL) for a student through the Financial Aid Transcript and NSLDS processes.

Receiving the Delinquent Borrower Report

Message Class: ED0401OP

You may request the Delinquent Borrower Report in either report or data format (See Direct Loan Bulletin 98-25). The report indicates delinquent borrowers who are at least 31 days delinquent in making their loan payments. The preformatted print file is received in message class ED0401OP. The report is printed in portrait and lists four borrowers on a page. The following data elements are listed:

School Number
School Date
Borrower Name
Account Number
Residence Phone
Business Phone
Address Line 1
Address Line 2
Address Line 3
Address Code
Birth Date
Loan Amount
Repayment Plan
Monthly Pmt
Days Delinquent
Delinquent Date
Separation Date
Grace End Date
Current Status
Past Due Amount
Location Code
Location Name
Location Phone

A summary report is also provided. The summary is divided into three sections: Stafford Borrowers, In-School Consolidation Borrowers, and All Borrowers. Within each section the borrowers are categorized by their days past due. These categories are summarized by number of accounts, amount past due, and the original loan amount. Finally, each section has a total number of borrowers who defaulted during the current month and the number of borrowers who defaulted year to date.

This report lists SSN/Name/Date of Birth changes for a student with loans from schools. The list also indicates SSN changes rejected by CDS. This report assists schools in identifying when demographic data changes for a student.

** Servicer has notified the LOC of a different Social Security Number for this borrower. The LOC recommends that the school sends a Change record to the LOC to update the borrower's Social Security Number.

This report lists Pending SSN changes for a person with loans from schools. This report assists schools in identifying pending data changes for a person. The pending status will not be changed until an "approved" or "rejected" confirmation is received from CDS/Servicing.

SECTION B

Measurement Tools Reports

The following pages describe reports to assist you in managing the Direct Loan process at your institution. You may want to develop similar reports to gather data from your custom system. The data tables show the field labels and valid field contents from EDEExpress. You can create similar reports using your own field labels and field contents, using the provided tables as a guide.

Booked Status Measurement Report

Description

This report provides a review of booked and unbooked records on the database up to a given end date in separate sections. The report compares Direct Loan data to LOC data received in the Direct Loan School Account Statement.

Analysis Tips

This report is a valuable tool for identifying and resolving booking problems. For example, this report lists all loans with all three status flags not equal to A (Accepted). This may indicate the export batches were created, but not sent to the LOC, or acknowledgment batches were not imported when received back from LOC. On another level, this report helps you analyze the bottlenecks in processing. For example, the report indicates a high percentage of status codes of B (Batched) or E (Rejected). A promissory note with an E (Rejected) status can indicate the Borrower changed the promissory note without initialing the change, some information was missing, or the promissory note was not signed.

Booked Status Measurement Report (Continued)

Report Headings and Data Descriptions

Heading	Description
Borrower's Name	The loans are identified and can be sorted by the borrower's name.
Student's Name	The loans are identified and can be sorted by the student's name If the loan is a Stafford Subsidized or Unsubsidized this will be blank.
Loan ID	Identifies the loan record. The report can be sorted by Loan ID.
Current SSN	Identifies the borrower's Social Security Number.
Origination Status	The status of the loan origination record. Valid values are: B Batched or grouped and ready to transmit to the LOC E Error, previously rejected by the LOC A Accepted previously by the LOC Note: The values of N (Note Ready to Originate) and R (Ready to Originate) are valid status values, but do not appear on this report.
Promissory Note Status	The status of the promissory note. Valid values are: S Signed and received by the institution S* Included on a shipping manifest to be mailed to LOC E Error, previously rejected by the LOC X Pending at the LOC A Accepted previously by the LOC Note: The values of N (Not Ready), R (Ready), and P (Printed) are valid promissory notes status values, but those records would not appear on this report.
Disbursement Status	The status of the first through twentieth disbursement records. Valid values are: R Ready to be batched B Batched and ready to be sent to the LOC E Error, previously rejected by the LOC A Accepted previously by the LOC The value of N(Not Ready) is a valid disbursement status value, but those records would not appear on this report.
Disbursement Type	Identifies the type of actual disbursement. The valid values are: G Gross disbursement N Net disbursement A Adjusted gross disbursement J Adjusted net disbursement Q Adjusted disbursement date
Disbursement Amount	Disbursement amount corresponding with each actual disbursement. If Disbursement type = Q then the disbursement amount will be blank.
Disbursement Date	The actual disbursement date corresponding with each actual disbursement record.
<Status Code> Total Number	The total number of disbursements with the listed status code for origination, promissory note, or disbursement
<Status Code> Percentage	The percentage of the total number of records at this status for origination, promissory note, or disbursement.
Total records	The grand total of all loan disbursements listed on the report.

Origination Change Measurement Report

Description

This report provides information on the number of times loan origination records are changed and which fields have changed. The report prints the student's Loan ID, loan transmit number, the fields that changed, and the field transmit number. The loan transmit number indicates the number of times the loan record has changed and was sent to the LOC. The field transmit number does not necessarily indicate the number of times the field has changed -- only the number of times the contents of the field was reported to the LOC in a loan origination change record.

When you select this report from EDEExpress, you have the option to limit the number of times the loan record has changed or the transmission number associated with a field, plus the standard sort and selection criteria available on all measurement tool reports.

Analysis Tips

The report can be used to review and hopefully reduce the number of changes or costly transmission of changes to the LOC. For example, if several students have a large amount of change records:

- Are you sending origination records to the LOC before the data is available or before the data is collected accurately?
- If there are specific fields that are changed frequently, is there a problem collecting accurate data?
- How time sensitive is the data or can change records be held and sent less often?

Origination Change Measurement Report (Continued)

Report Headings and Data Descriptions

Heading	Description
Borrower's Name, Student's Name, Loan ID, and College Grade Level	The loans are identified and can be sorted by either the Borrower's Name/Student's Name and Loan ID in the left most column. The College Grade Level prints on the third line.
Number of Times Record Changed	This number represents the loan transmission number. This number increments by 1 for every time the loan records are sent to the LOC. The loan origination record is always 1, and then each additional change record increments this transmission number. Therefore, loan transmit numbers are one greater than the number of change records sent to the LOC. The value of 3 in this field represents sending the initial origination record and two change records.
Field Name Changed	Prints a list of all field names for which changes were made. Every field included in a change record sent to the LOC is listed.
Field Transmit No	This number represents which change record this field was last changed on. For example, a value of 02 prints next to all fields last changed on the first change record (record with loan transmit number).

Promissory Note Measurement Report

Description

This report monitors the process of receiving signed promissory notes from borrowers, updating EDEExpress with the date signed, then sending the signed notes with a manifest to the LOC. An acceptable date range is determined by the institution and entered as the tolerance or institution guideline. The process time is calculated and averaged over the number of records processed for the reporting period then compared to your institutional tolerance. It is important to monitor this process carefully since LOC acceptance of the promissory note is a part of booking the loan.

This report contains detailed records of all active originated loan records on the database with a promissory note received date. Originated records are identified as having a loan origination status equal to R (Ready to be Batched), B (Batched for Export), or A (Accepted by the Loan Origination Center). Loan records with loan origination status equal to N (Not Ready) or E (Error) or a loan inactive flag equal to Y (Yes inactive) are not included. Promissory notes must have been printed, signed by the borrower, and returned to the school. Completed Promissory Note Received Date indicates all of these steps have been completed.

At the time you select this report from EDEExpress you have the option to print just the exceptions (those outside the tolerance range) on the report, select a date range for the reporting period, print totals only, plus the standard sort and selection criteria.

Analysis Tips

If the Promissory Note report shows your process is performing outside of the institutional tolerance, consider the following:

Note Volume

- How does the volume of notes affect your processing?
- What is the most efficient number of notes included on a manifest?

Manifest Creation

- Do your procedures call for creation of a manifest based on the number of notes ready to be sent or based on time elapsed since last manifest?
- Which procedures best meet your needs?

Promissory Note Measurement Report (Continued)

Report Headings and Data Descriptions

Heading	Description
Borrower's Name	The loans are identified and can be sorted by the borrower's name.
Student's Name	The loans are identified and can be sorted by the student's name. If the loan is subsidized or unsubsidized this will be blank.
Loan ID	Identifies the promissory notes. The report can be sorted by Loan ID.
Received Date	Prints the date received from the loan record.
Manifest Date	Prints the date the promissory note was included on a manifest.
Days Elapsed	The number of days which have elapsed between the date the note was received and the date the note was included on the manifest. An asterisk (*) prints if the current system date is used for the manifest date to calculate days elapsed.
Total Number of Loan Records	The total number of loan records with signed promissory notes in the loan database for each loan type: Stafford Subsidized, Stafford Unsubsidized, or PLUS.
Average Days Elapsed	The average number of days elapsed between the date the notes were received and the date the note was included on a manifest.
Recommended Tolerance	The tolerance established by the institution for the number of days to elapse between received date and manifest date.

The * is used to show that the report is printed on the current day. This date is provided to show how many days have elapsed since action on the loan record was taken to the day the report was run. EDEExpress calculates the number of days against the number of days setup in the system.

Batch Regeneration Measurement Report

Description

This report provides the counts of batches regenerated by batch type. There are no other sort or selection options.

Analysis Tips

If one batch type is regenerated significantly more than others, this may indicate problems with:

- Your hardware/software communications setup
- Procedure problems with creating and sending batches
- Improper use of the regeneration function

Batch Regeneration Measurement Report (Continued)

Report Headings and Data Descriptions

Heading	Description
Batch Type	Identifies the batch created for transmission to the Loan Origination Center. The first two characters identifies the type of records included in the batch: #D - Full Stafford Origination PF - Full PLUS Origination #E - Origination Change #A - Promissory Note Manifest #H - Disbursement #B - Booked Disbursements and Adjustment Dates SP - Servicer Refund The other portions of the Batch ID are school code, batch date, and batch type sequence number.
Number of Times Regenerated	The number of times this batch has been regenerated.

Loan Origination Measurement Report

Description

This report monitors the process of loan origination from entering loan records through batching loan records for transmission to the LOC. Institution recommended tolerances (or guidelines) are set for the number of days each activity should be completed: a tolerance for the period from entering the loan record until the record is originated, and a tolerance for the period from origination to batching the record for export to the LOC. The actual process time for each activity is calculated and averaged for every loan record processed in the reporting period. The average days elapsed is compared to the institutional tolerances.

The report prints detail records of all the originated loan records on the database and calculates totals. The detail records are divided by loan type into three sections: PLUS, Stafford Subsidized, and Stafford Unsubsidized loans. Each section ends with subtotals and averages. When requesting the report within EDEExpress, you provide beginning and ending dates, the option to print totals only, exceptions only, and the standard sort and selection criteria.

Analysis Tips

When you review this report, pay attention to the tolerance exceptions. These exceptions indicate records that have taken longer than expected to process.

If the period from record creation to loan origination is exceeded, you might consider:

- Was the volume for the reporting period high or low?
- How does increased/decreased volume affect entry of origination records?
- Is data being received in a timely manner?
- What procedures are there to collect missing data?
- Is staff sufficient to keep up with data entry needs for reporting period?

If the period from origination to batched is exceeded, you might consider:

- Are origination batches being prepared frequently enough?
- Is there sufficient staff assigned to the batching process?

Loan Origination Measurement Report (Continued)

Report Headings and Data Descriptions

Heading	Description
Borrower's Name, Student's Name, and Loan ID	The loans are identified and are sorted by the borrower's name, student's name, or Loan ID. Originated records are identified with a Loan Origination Status of R, (Ready) to be Batched, B, (Batched) for Export, or A for (Accepted) by the LOC.
ADD Date	The ADD date is the original date the loan was first entered into the EDEXpress software.
Origination Date	The loan origination date is the date the loan went through the origination process and anticipated disbursements were calculated.
Days Elapsed (ADD to Originated)	A calculated field indicating the days elapsed between the day the loan record was first entered and when it was originated.
Batched Date	The date the loan record was included in a batch to be sent to the Loan Origination Center.
Days Elapsed (Origination to Batched)	A calculated field indicating the days elapsed between when the loan was originated and when it was included in an export batch. An asterisk (*) prints if the current system date is used for the Batched date to calculate days elapsed.
Total Number of Loan Records	The total number of selected originated loan records in the loan database by loan type: PLUS, Stafford Subsidized, or Stafford Unsubsidized.
Average Days Elapsed: (ADD to Originated)	The average number of days elapsed between the date the loans were first entered and the date the loans were originated.
Average Days Elapsed: (Origination to Batched)	The average number of days elapsed between the date the loans were originated and the date the loans were batched.
Recommended Tolerance: (ADD to Originated)	The tolerance established by the institution for the number of days to elapse between entry and origination.
Recommended Tolerance: (Origination to Batched)	The tolerance established by the institution for the number of days to elapse between origination and inclusion in an export batch.

Direct Loan Volume Measurement Report

Description

This report provides the volume of booked loans on your database by loan type. A loan is booked when the LOC has accepted the loan origination record, promissory note, and first disbursement. These loans are identified with an “A” status (Accepted) in the status field for origination, promissory note, and first disbursement. The detail section of the report lists the gross and net loan amounts.

When requesting this report from EDEExpress, you enter the reporting period date range and select a totals only option, plus the standard sort and selection options. Before running this report, make sure all acknowledgments from the LOC have been imported and processed by your system.

Analysis Tips

This report can be utilized as a Direct Loan status report for end of period accounting and financial aid projections. Information from this report can be used for:

- Comparison with the 30 Day Warning Report from the LOC
- Comparison of volume between Direct Loan types
- Comparison of Direct Loan against other loan programs
- Loan and budget projections for the next fiscal year

Direct Loan Volume Measurement Report (Continued)

Report Headings and Data Descriptions

Heading	Description
Borrower's Name and Student's Name	The loans are identified and can be sorted by the borrower's name and student's name.
Loan ID	Identifies the loan records. The report can be sorted by Loan ID. Loan records must have a status of A (Accepted) for the following status fields to be included on this report: origination, promissory note, and first disbursement.
Gross Amount	Prints the gross loan amount.
Net Amount	Prints the net loan amount.
Dependency Status	Prints the student's dependency status.
Total Number of <Loan Type> Loan Records	The total number of loans for each loan type: Stafford Subsidized, Stafford Unsubsidized, or PLUS.
Total Number of Loan Records	The total number of booked loan records for all loan types.
Direct <Loan Type> Loan Volume	The total dollar value for each loan type: Stafford Subsidized, Stafford Unsubsidized, or PLUS.
Loan Volume Grand Total	The total dollar value for all booked Direct Loans.
Direct <Loan Type> Loan Volume % of Grand Total	The percentage each loan type represents of the Loan Volume Grand Total.

Batch Activity Measurement Report

Description

This report monitors the process of creating, transmitting, and importing batches. Institution tolerances (or guidelines) are set for the number of days each type of batch should take to complete. When setting these tolerances, keep in mind the LOC's processing time, institutional procedures for exports and imports, and other specifics associated with your institution's communication software/hardware configuration.

When selecting this report from EDEExpress, you are prompted to provide the institution code, a reporting date range, batch type to be included, the option to print only exceptions to the tolerances, and the option to print totals only.

Analysis Tips

Analysis of the report results provides assistance with identifying possible bottlenecks or inefficiencies in your current procedures. This report can be utilized as part of a Continuous Improvement evaluation performed at regular reporting intervals.

- There are many variables that can affect transmitting batches to the LOC. If the Batch Activity report shows your process is performing outside of your institutional tolerances, you may want to consider:
- Creating procedures for sending and receiving data from the network
- Putting procedures in place to ensure timely transmission of data
- Including steps in your procedures for export and import into your system
- Critical time batch processing
- Processing batches efficiently during periods of high volume. You may want to set the report period to evaluate your batch control during these critical processing periods

Batch Activity Measurement Report (Continued)

Report Headings and Data Descriptions

Heading	Description
Batch ID	<p>Identifies the batch created for transmission to the Loan Origination Center. The first two characters identify the type of records included in the batch:</p> <p>#D - Full Stafford Origination PF - Full PLUS Origination #E - Origination Change #A - Promissory Note Manifest #H - Disbursement #B - Booked disbursement and adjustment date SP - Servicer Refund #L - Allocation/Reallocation</p> <p>The other portions of the Batch ID are school code, batch date, and batch type sequence number.</p>
Batch Type	<p>The following are the batch types which are displayed on this report:</p> <p>Full Stafford Origination Full PLUS Origination Origination Change Promissory Note Manifest Disbursement Allocation/Reallocation</p>
Date Batched	The date the batch was created through the export process within your system. The report period is based on this date.
Import Date	The date the batch acknowledgment was imported into your system.
Days Elapsed (Batched to Import)	A calculated field indicating the days elapsed between when the batch was created and when the batch acknowledgment was imported. An asterisk (*) prints if the current system date is used for the Import date to calculate days elapsed.
Average Days Elapsed	The average number of days elapsed between the date the batch was created and the date the batch acknowledgment was imported.
Recommended Tolerance	The tolerance established by the institution for the number of days to elapse between batch and import.

Promissory Note Volume Measurement Report

Description

This report provides the volume of all promissory notes printed by your institution during a specified period. Loans that have a promissory note status of P(Printed), S(Signed and Returned), M(Manifested), A(Accepted by the LOC), or E(Rejected by LOC) are included on this report. Promissory note listings can be printed for each received promissory note, separated by loan type: subsidized Stafford, unsubsidized Stafford, and PLUS. The detail listings include the borrower's name, Loan ID, and promissory note sequence number. Total number of received promissory notes are calculated for each loan type and grand total. In addition to the totals, loan type percentages of the total promissory notes are calculated by this report. The user provides the reporting period date range and may select a totals only option.

Analysis Tips

Before running this report, make sure all promissory notes received and signed dates have been entered and acknowledgment batches have been processed. Also, take note of the following after running the report:

- Promissory notes with large print sequence numbers
- Is this a special case or is there a procedural problem that requires multiple reprints?
- Percent of grand total by loan type
- Are the percentages what you expected for each loan type? If not, is there a problem processing promissory notes for a certain loan type?
- Promissory note volume comparison to loan origination volume
- Is your promissory note volume behind your loan origination volume? If yes, is the cause due to collection of signed notes or entry of the received date into your system?

Promissory Note Volume Measurement Report (Continued)

Report Headings and Data Descriptions

Heading	Description
Borrower's Name and Student's Name	The loans are identified and can be sorted by the borrower's name and student's name.
Loan ID <Loan Type>	Identifies the loan record for the promissory note. The report can be sorted by Loan ID.
Print Sequence No.	Prints the print sequence number indicating the number of times the promissory note has been printed.
Total Number of <Loan Type> Promissory Notes	The total number of received signed promissory notes in the loan database for each loan type: Stafford Subsidized, Stafford Unsubsidized, or PLUS.
Total Number of Promissory Notes	The grand total number of received promissory notes.
Direct <Loan Type> Prom Note Volume % of Grand Total	The percentage each loan type represents of the grand total of received promissory notes.

Disbursement Measurement Report

Description

This report monitors the disbursement process by calculating and averaging the actual process time from acceptance of the promissory note to sending the actual disbursements in a batch to the LOC. The report compares the average number of days elapsed to your institutional tolerances (or guidelines). Analysis of these results provides assistance with identifying possible bottlenecks or inefficiencies in your current process.

At the time you select this report from EDEExpress, you may enter the beginning and ending dates for the reporting period, select an option to print only those records that exceed the tolerances, or totals only, and the standard sort and selection criteria.

Analysis Tips

If the Disbursement report shows your process is performing outside of the set tolerances, you may want to consider the following:

Disbursement date prior to promissory notes received date

- Is this due to making disbursements before sending promissory notes to the LOC? The pound sign (#) prints next to the days elapsed for this situation.
- Have you imported all promissory note acknowledgments? The promissory note acceptance date is sent to your institution in this file. Therefore, if the acknowledgment has not been imported, the report data may not reflect the actual situation.

Disbursement batch date prior to promissory note acceptance date

- Have you imported all promissory note acknowledgments?
- Ensure the promissory notes are sent to the LOC prior to sending the disbursement batch. The LOC needs to have the loan origination records, signed promissory notes, and first disbursements to book the loan.

Exceptions to tolerance from acceptance to disbursement

- For first disbursements, what has caused the delay in disbursements? Administrative process or student problems?
- If the majority of the disbursements reported are not the first disbursement, the tolerance value may need to be adjusted. Several months may have passed between when the promissory note is accepted and subsequent disbursements are made. Set the tolerance to what is most appropriate and re-run the report.

Exceptions to tolerance from disbursement to batched

- Exceptions to this tolerance value indicate the LOC is not promptly notified of disbursements.
- For first disbursements, remember delays in posting first disbursements delay the initial contact the LOC makes with your students.
- For all disbursements, the booked status with the LOC may be affected since disbursements on your system would not be reflected on the LOC's system.

Disbursement Measurement Report (Continued)

Report Headings and Data Descriptions

Heading	Description
Borrower's Name, Student's Name, and Loan ID	The loans are identified and can be sorted by the borrower's name, student's name, and Loan ID.
Prom Note Acc Date	The date the signed promissory note was accepted by the Loan Origination Center.
Disb Date	The date funds were disbursed to the borrower.
#	Identifies which disbursement was made: first through the twentieth.
Type	Identifies the type of disbursement reported. The valid values are: G Gross disbursement N Net disbursement A Adjusted gross disbursement J Adjusted net disbursement Q Adjusted disbursement date
Days Elapsed	Calculated field indicating the days elapsed between the date the signed promissory note was accepted and when the funds were disbursed. An asterisk (*) prints next to this value if the current system date is used for the Promissory Note received date. A pound sign (#) prints next to this value if disbursement occurred prior to accepting the signed promissory note.
Disb Batched Date	The date the disbursement was included in a batch to be sent to the LOC.
Days Elapsed	Calculated field indicating the days elapsed between when the disbursement was made and when it was included in an export batch. An asterisk (*) prints next to this value if the current system date is used for the Promissory Note received date.
Total Number of (Loan Type) Loan Records	The total number of records in the loan database with actual disbursements by the loan type: Stafford Subsidized, Stafford Unsubsidized, or PLUS.
Average Days Elapsed (Acceptance to Disbursement)	The average number of days elapsed between the date the promissory note was accepted and the date the disbursement was made.
Average Days Elapsed (Disbursement to Batched)	The average number of days elapsed between the date the disbursement was made and the date the disbursement was batched.
Recommended Tolerance (Acceptance to Disbursement)	The tolerance established by the institution for the number of days elapsed between promissory note acceptance and disbursement.
Recommended Tolerance (Disbursement to Batched)	The tolerance established by the institution for the number of days elapsed between disbursement and inclusion in a batch.

Predefined Queries

EDEExpress Software is shipped with Predefined Queries built into the system. The Direct Loan Module has a total of 31 Queries available in the software that can be used to define reports that are specific to your schools' needs. Listed below are the queries that are available within EDEExpress 32-bit software.

Title:

xAdd Date Range

(Loan Add Date >= '(Parameter)') And

(Loan Add Date <= '(Parameter)')

xParent Borrowers Last Name Range

(Borrower's Last Name >= '(Parameter)') And

(Borrower's Last Name <= '(Parameter)')

xParent Borrowers Mailing State

(State = '(Parameter)')

xParent Borrowers SSN

(Borrower's Current SSN = '(Parameter)')

xParent Borrowers SSN Range

(Borrower's Current SSN >= '(Parameter)') And

(Borrower's Current SSN <= '(Parameter)')

xParent Borrowers Zip Code Range

(Borrower's Perm. Zip Code >= '(Parameter)') And

(Borrower's Perm. Zip Code <= '(Parameter)')

xCollege Grade Level

(STD'S College Grade Level = '(Parameter)')

xDependency Status

(Dependency Status = '(Parameter)')

xActual Disb. Range

(Actual Disbursement # >= '(Parameter)') And

(Actual Disbursement # <= '(Parameter)')

xInactive Loans

(Loan Cancellation Code = 'Y')

xInstitution Range

(School Code >= '(Parameter)') And

(School Code <= '(Parameter)')

xLoan Amount Approved = Zero

(Loan Amount Approved = 00000)

Predefined Queries (Continued)

xLoan Origination Date Range
(Loan Origination Date >='(Parameter)') And
(Loan Origination Date <='(Parameter)')

xLoan Origination Status
(Loan Status = '(Parameter)')

xOriginal SSN
(Original SSN ='(Parameter)')

xOrigination Batch Number
(Loan Origination Batch ID ='(Parameter)')

xPLUS Loans
(Loan Type = 'P')

xProm Note Batch Number
(Prom Note Manifest Batch ID = '(Parameter)')

xPromissory Note Status
(Prom Note Status ='(Parameter)')

xReady For Manifest
(Prom Note Status = 'S')

xStafford Loans
(Loan Type <>'P')

xStudents Current SSN
(Current SSN ='(Parameter)')

xStudents Last Name Range
(Last Name >='(Parameter)') And
(Last Name <='(Parameter)')

xStudents Permanent Mailing State
(Permanent State ='(Parameter)')

xStudents SSN Range
(Current SSN >='(Parameter)')
(Current SSN <='(Parameter)')

xStudents Permanent Zip Code Range
(Permanent Zip Code >='(Parameter)') And
(Permanent Zip Code <='(Parameter)')

New Predefined Queries

Loan Origination Status and Promissory Note Status
(Origination Status = '(Parameter)') And
(Prom Note Status = '(Parameter)')

Loan Type
(Loan Type = '(Parameter)')

Disbursement Batch Number
(Disbursement Batch Number = '(Parameter)')

Booked Date Range
(Actual Disbursement Booked Date >= '(Parameter)' And
(Actual Disbursement Booked Date <= '(Parameter)')

Anticipated Disb. Range
(Anticipated Disbursement Number >= '(Parameter)' And
(Anticipated Disbursement Number <= '(Parameter)')

NUMBER OF NOTES FOR SHIPPING _____

I hereby certify that each student named on the enclosed applications/promissory notes is accepted for enrollment on at least a half-time basis and is making satisfactory progress in a program that is eligible for the loan type certified. I certify that each borrower is an eligible borrower in accordance with the Act and has been determined eligible for a loan in the amount certified. I further certify that the disbursement schedules comply with the requirements of the Act and hereby authorize the Department of Education to adjust disbursement dates if necessary to ensure compliance with the Act. I further certify that, based on records available and due inquiry, each student has met the requirements of the Selective Service Act, that each student is not liable for an overpayment of any Federal grant made under the Act, and that the information provided in the Borrower, Student and School sections of the applications/promissory notes (including information supplied in electronic format) is true, complete and accurate to the best of my knowledge and belief.

FAA NAME: XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX

Disclosure Statement (continued)

THIS DISCLOSURE STATEMENT REPLACES ANY PREVIOUS DISCLOSURES YOU RECEIVED FOR YOUR LOAN(S). IF YOU HAVE ANY QUESTIONS ABOUT THIS STATEMENT OR YOUR PROMISSORY NOTE, CONTACT YOUR SCHOOL.

The total of the **Loan Amount** for both Direct Subsidized Loans and Direct Unsubsidized Loans is the total principal amount certified by your school on the loan(s) as of the date of this Disclosure Statement. The **Net Disbursement Amount** reflects the amount you will actually receive after loan fees are deducted.

For terms applicable to the loan(s), please refer to the Master Promissory Note and the Borrower's Rights and Responsibilities Statement. **YOU WILL BE NOTIFIED BY YOUR SCHOOL AND BY THE DIRECT LOAN SERVICING CENTER WHEN DISBURSEMENTS ARE MADE. BEFORE DISBURSEMENTS ARE MADE YOU MUST HAVE SIGNED A PROMISSORY NOTE.**

IF YOU DO NOT WANT ALL OR A PORTION OF ANY DISBURSEMENTS REFLECTED ON THIS DISCLOSURE, YOU MAY DECLINE THE LOAN(S) OR REDUCE THE AMOUNT OF THE LOAN(S) BY NOTIFYING YOUR SCHOOL IN WRITING OR BY RETURNING THE FUNDS WITHIN THE FOLLOWING TIMEFRAMES:

IF YOUR SCHOOL CREDITS YOUR LOAN(S) TO YOUR STUDENT ACCOUNT, YOU MAY CANCEL ALL OR A PORTION OF THE LOAN(S) BY INFORMING YOUR SCHOOL WITHIN 14 DAYS AFTER THE DATE YOUR SCHOOL SENDS YOU A DISBURSEMENT NOTICE, OR BY THE FIRST DAY OF THE PAYMENT PERIOD, WHICHEVER IS LATER. (YOUR SCHOOL CAN TELL YOU THE FIRST DAY OF YOUR PAYMENT PERIOD.)

YOU MUST RETURN ANY FUNDS RECEIVED WITHIN 120 DAYS OF DISBURSEMENT TO AVOID INCURRING INTEREST CHARGES AND LOAN FEES. (THE LOAN FEE WILL BE REDUCED OR ELIMINATED IN PROPORTION TO THE AMOUNT OF THE DISBURSEMENT RETURNED.)

NOTE: THE INTEREST RATE ON YOUR DIRECT SUBSIDIZED AND DIRECT UNSUBSIDIZED LOAN IS VARIABLE.

KEEP THIS DOCUMENT FOR YOUR RECORDS.

Sample Master Promissory Note

(The Sample MPN will be provided as soon as available.)

Sample PLUS Promissory Note/Application

(The PLUS Prom Note/Application will be provided as soon as available.)

Direct Loans

William D. Ford Federal Direct Loan Program

05/22/2000

Dear School/Borrower:

While processing the enclosed promissory note(s) batch, we identified the following missing or incorrect information:

- _____ Alterations to preprinted text without authorized initials
- _____ Invalid/Missing loan identification number
- _____ No original signature (Xerox or faxed copy)
- _____ Driver license incomplete
- _____ Document in pencil
- _____ Section/Block ___ not completed
- _____ No signature on document
- _____ Manifest errors
- _____ Missing legal text
- _____ Student or Parent is in default
- _____ This is a duplicate; we already have a copy
- _____ This document was torn or damaged at **LOC/DLSC**
- _____ Year five loans must be on year five-promissory note
- _____ Section block numbers 20 and 21 on Plus note needs signature and date
- _____ Invalid signature. Please provide official state or federal document to verify/validate signature provided on Promissory Note
- _____ ***Immediately, return promissory notes as they are generated and signed***
- _____ Other _____

Because we are not permitted by law to alter the original promissory note, we are enclosing it for correction(s) as noted above. Please assist the borrower in completing the promissory note, assuring that the correct information has been incorporated where needed. When the promissory note(s) has been completed and corrected, please return it to the Loan Origination Center so that processing of the loan may continue.

If you have any questions, the Loan Origination Center is available to assist you from 8:00 AM to 8:00 PM, Eastern Standard Time, Monday through Friday. We can be reached, toll-free, at 1-800-848-0978. Our toll-free TDD number for the hearing impaired is 1-800-557-7395.

Please return the corrected promissory note(s) to:
